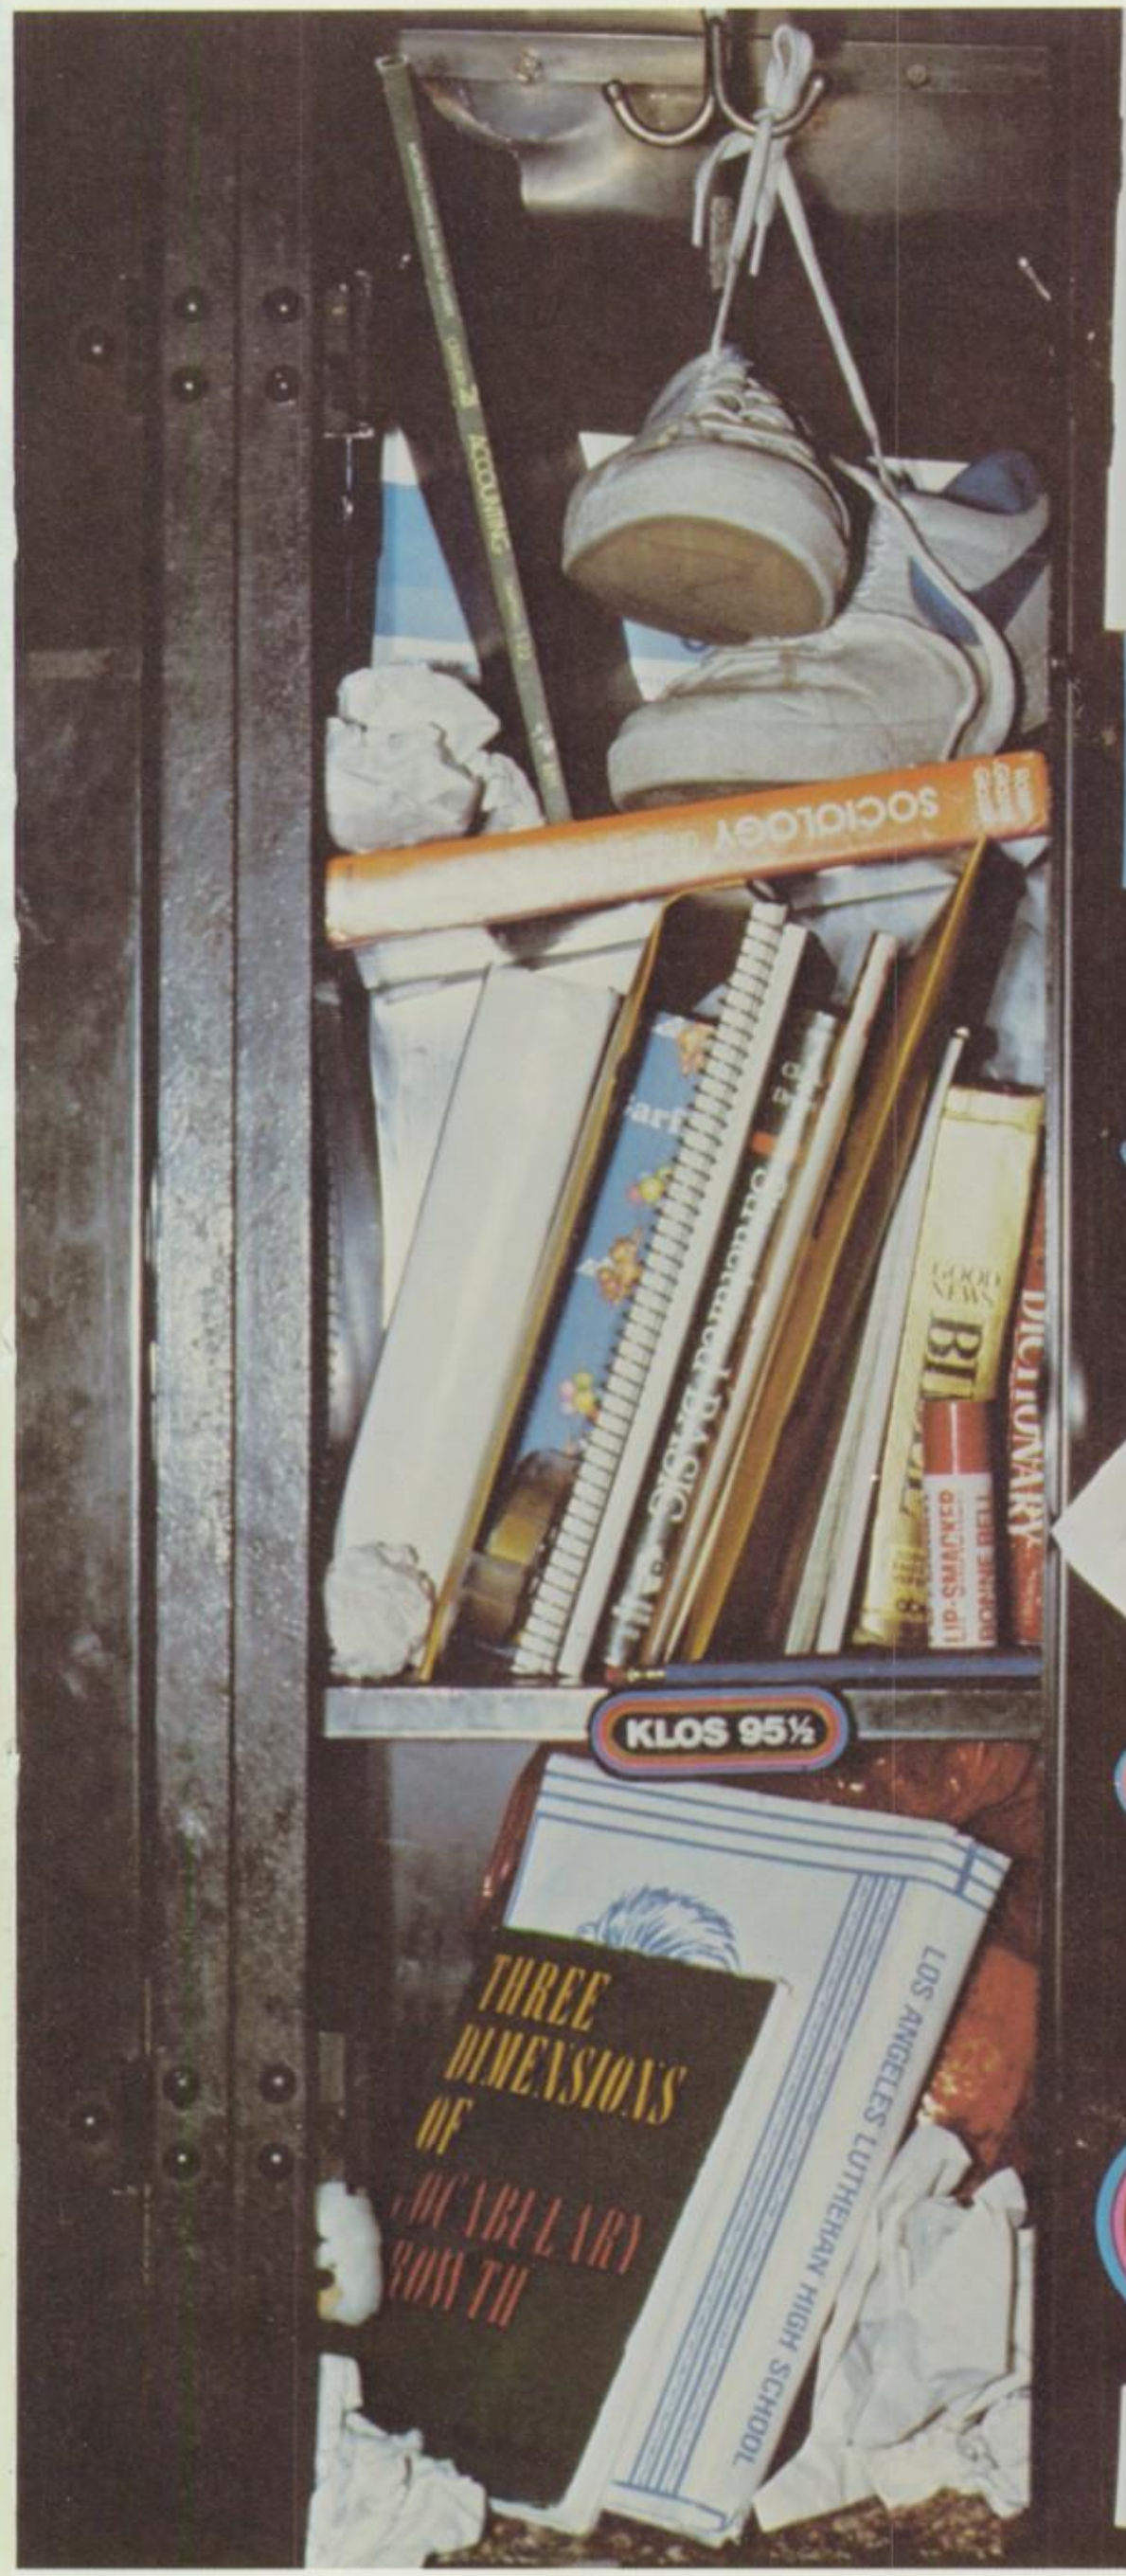
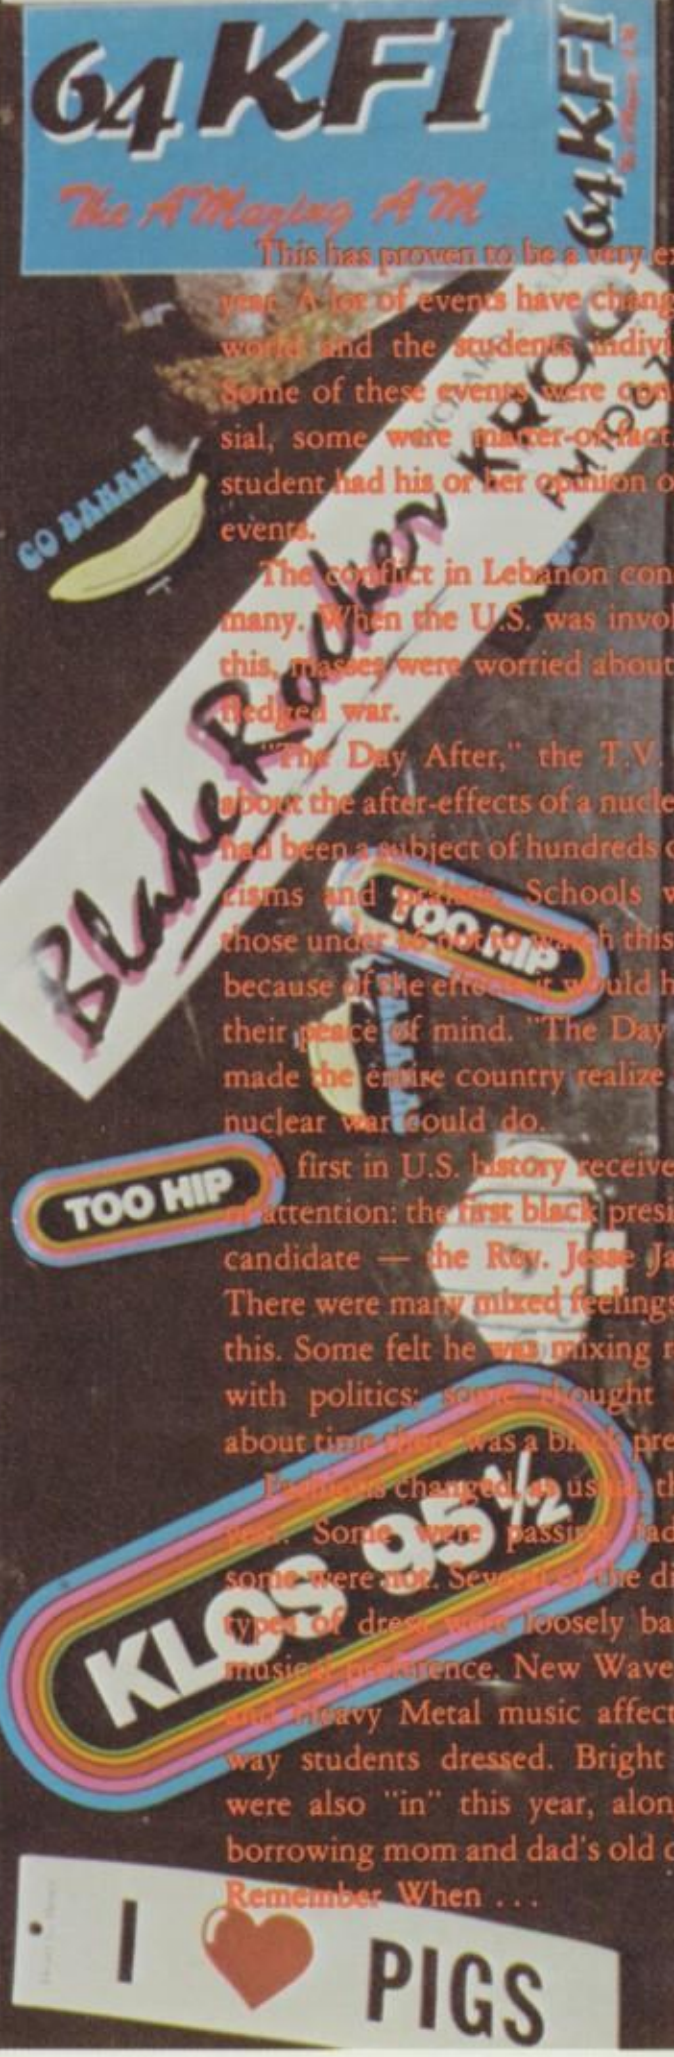
Faculty 86-95

Underclass 96-127

Senior 128-141



64KFI
The A'Mazing A'M



This has proven to be a very exciting year. A lot of events have changed the world and the students individually. Some of these events were controversial, some were matter-of-fact. Each student had his or her opinion of these events.

The conflict in Lebanon concerned many. When the U.S. was involved in this, masses were worried about a full-fledged war.

"The Day After," the T.V. movie about the after-effects of a nuclear war, had been a subject of hundreds of criticisms and praises. Schools warned those under 16 not to watch this movie because of the effects it would have on their peace of mind. "The Day After" made the entire country realize what a nuclear war could do.

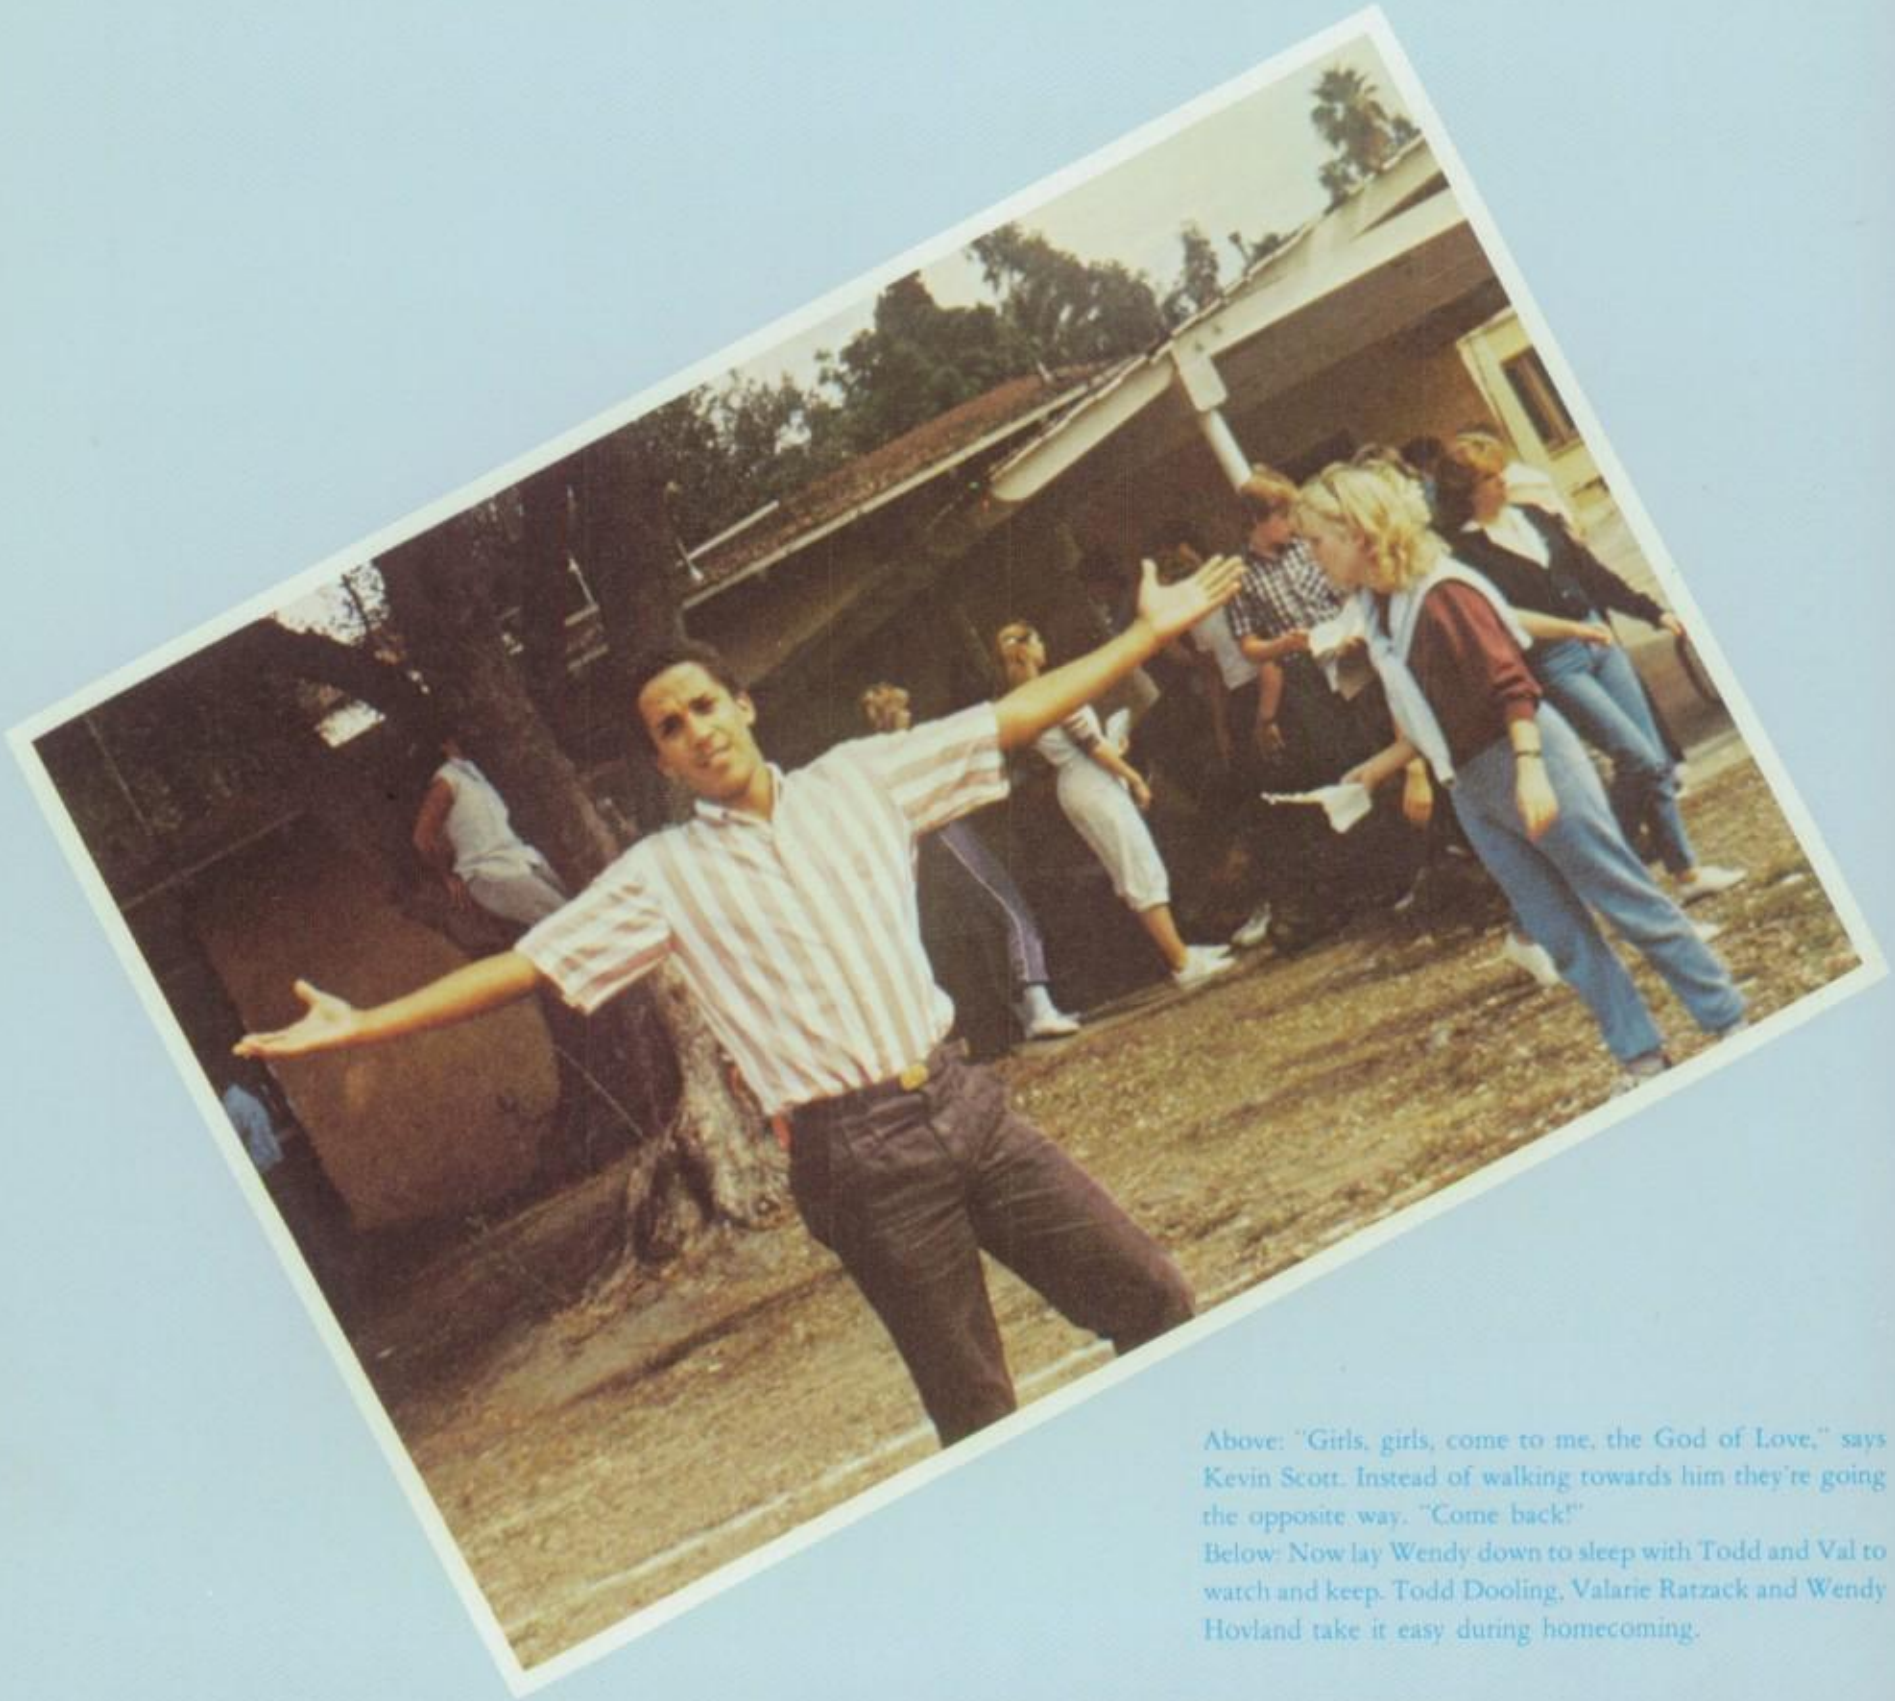
A first in U.S. history received a lot of attention: the first black presidential candidate — the Rev. Jesse Jackson. There were many mixed feelings about this. Some felt he was mixing religion with politics; some thought it was about time there was a black president.

Fashions changed on us this past year. Some were passing fads, but some were not. Several of the different types of dress were loosely based on musical preference. New Wave, Mod, and Heavy Metal music affected the way students dressed. Bright colors were also "in" this year, along with borrowing mom and dad's old clothes.

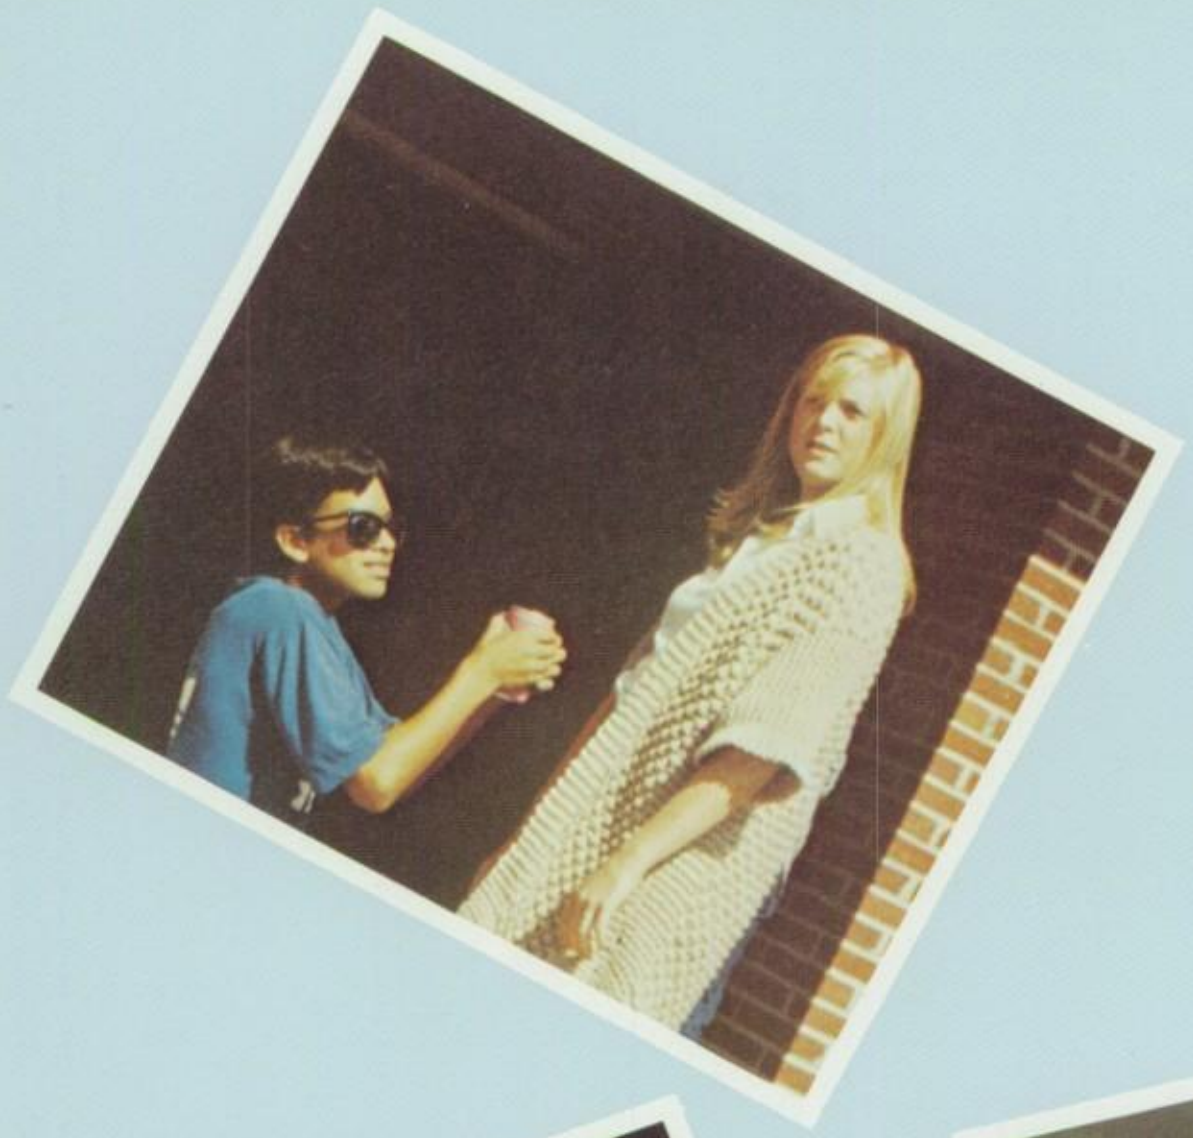
Remember When . . .

Above: Steve Jordon plans out his next strategic move during Homecoming, while the peace and serenity of Senior Square overwhelm him.
Right: A group of juniors enjoy a leisurely lunch on Junior Square.
Below: Corrine DeAnglis soaks up the sun during warm lunch period.

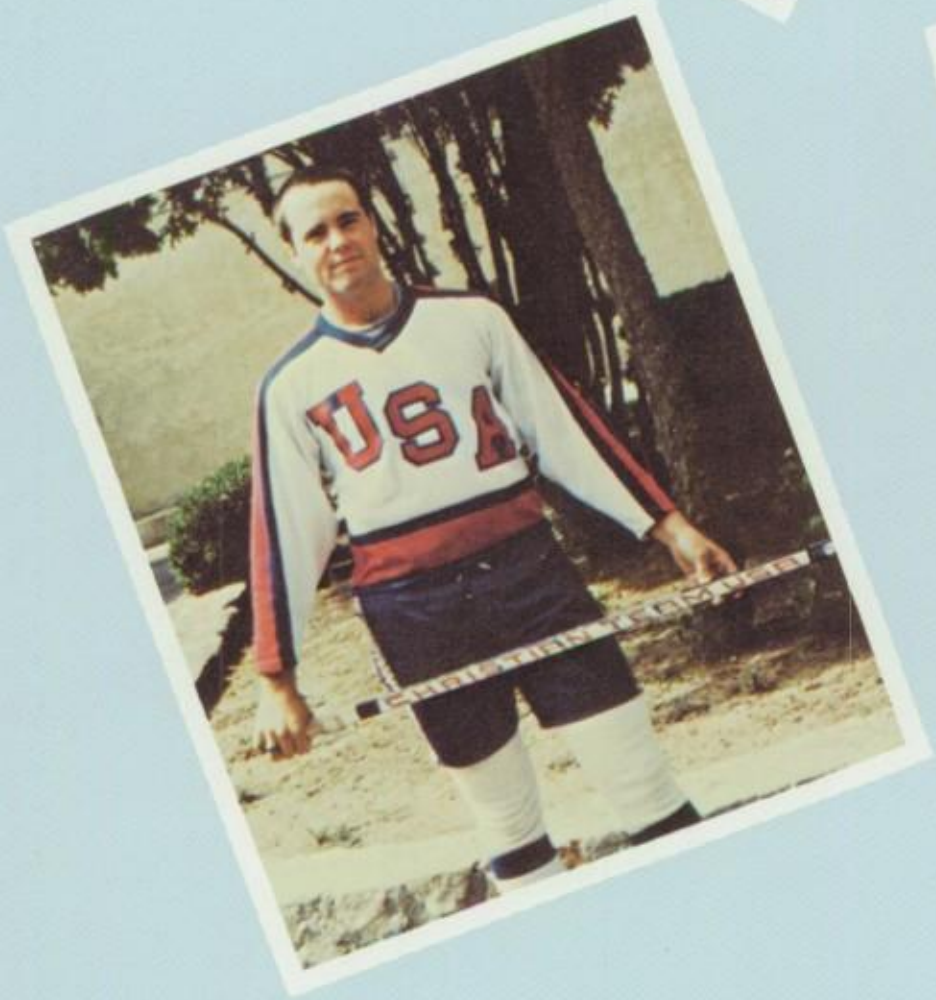
Below: "I beat you Nash," John Hoffman exclaims. Little does Bryan know you don't tease John Hoffman about his clothes.
Right: "Come here and buy one of these, will ya?" Donna Orcutt desperately tries to sell balloons for yearbook during Homecoming week.
Bottom Right: "What's that smell?" exclaims Rico Ramirez. Nathan Miller appears to look a little too innocent as he continues toward the boys locker room.

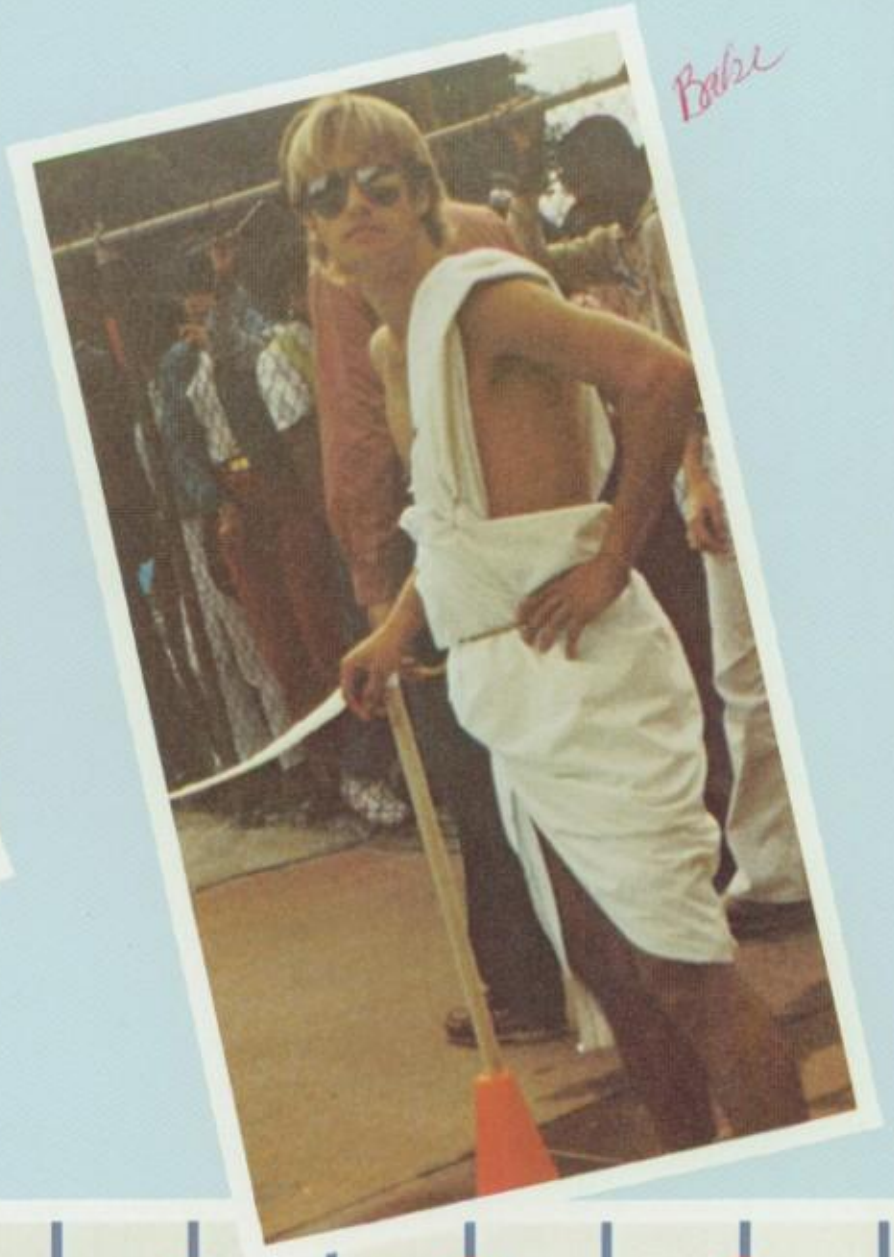


Above: "Girls, girls, come to me, the God of Love," says Kevin Scott. Instead of walking towards him they're going the opposite way. "Come back!"
Below: Now lay Wendy down to sleep with Todd and Val to watch and keep. Todd Dooling, Valarie Ratzack and Wendy Hovland take it easy during homecoming.



"What's with this screwy kid?" exclaims Julie Schuster, while Alan Butz tries to please another Senior.
Below Left: Senior classman Brian McClary shows off the latest hockey attire. Brian has the dream of playing for the United States Hockey Team. With his abilities as a hockey player you never know.
Below: Ross Lombard puts on the Roman look during Homecoming. Looking good Ross!





Above: Huey Kim does a wonderful job for the Seniors during the straw toss. Really now . . . look at that form . . . meanwhile, David Tietjen is at the peak of suspense as he grips his shirt. Right: Homecoming Week is a time of learning for everyone. Here Karen Hoffman shows us she's mastered the art of walking.

Left: Julie Barker and Tiffany Sorenson stuff their Mouseketter faces during Homecoming on foreign fan day.
Below left: "Friends Forever," Nia Jackson and the custodian Raul, better known to Nia as "My Spanish Tutor." Now on Senior Square, the pair meet, not to do Spanish, but as friends to talk and enjoy their company.
Below: "You mean we had Spanish homework today?" cries Tammy Hoffman. Besides being a time for fun, studies do continue during Homecoming Week.
Far Below: Cherly Rogers looks, with anticipation of a win, as the Homecoming games proceed. Although she is not a participant in this particular game, cheering on the team is half of the fun of the games.

Lois Schweigert, Hiking Club; Shelly Smith, Photography; Jenny Hardin, Yearbook; Christa Hurty, Frosh Cheerleading; Christie Barber, Pep Club; Tim Scheu, Frosh Basketball; Ross Lombard, Newspaper.

LHS Falls for the Olympics

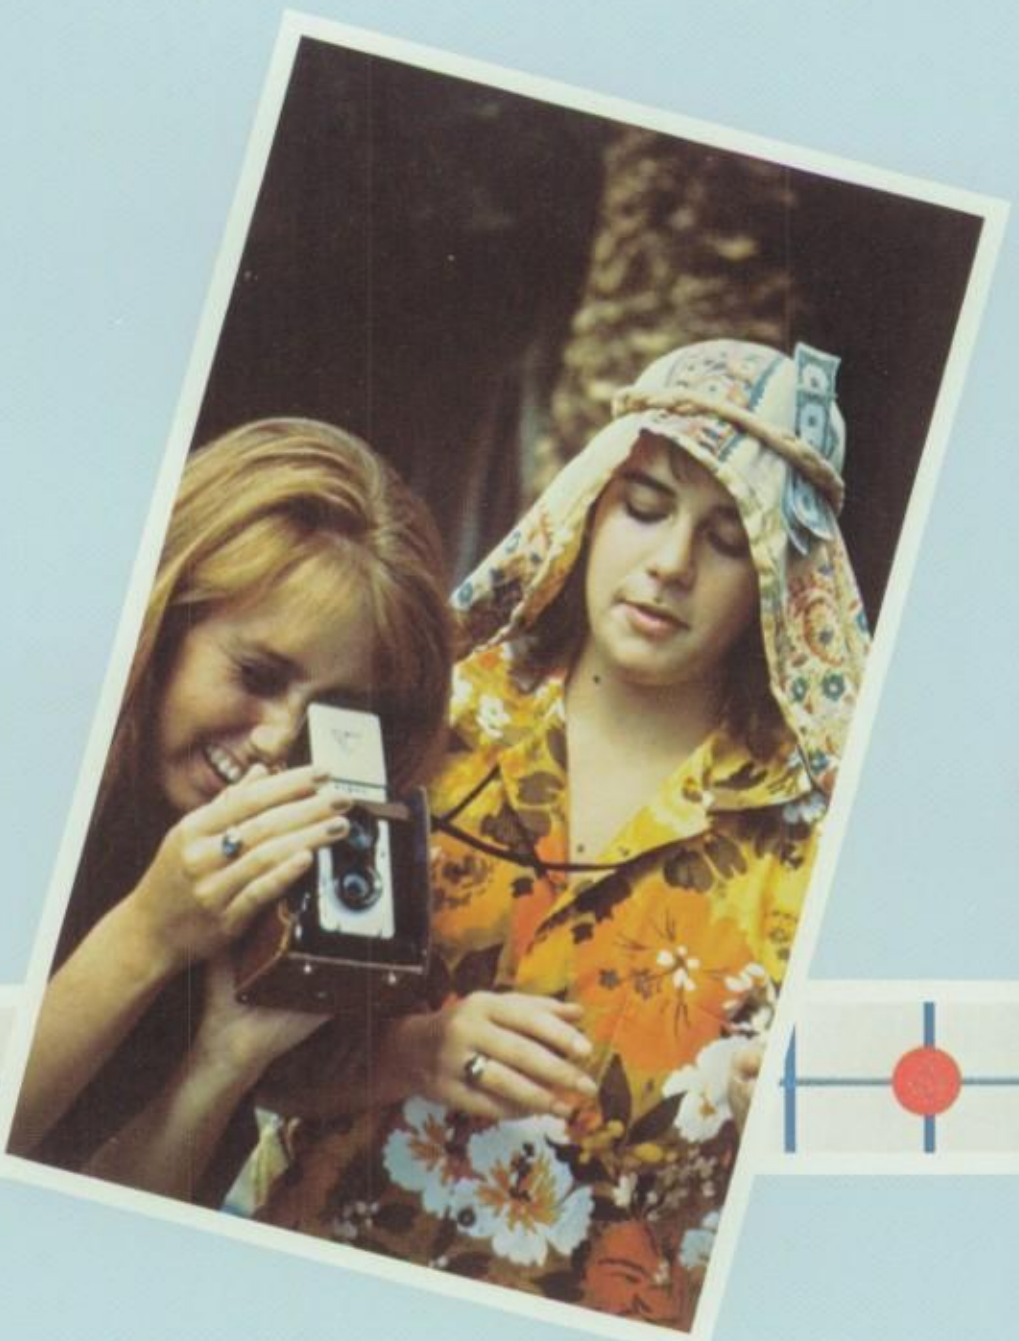
Homecoming; the biggest event of the year. Homecoming at Lutheran High School is a lot more than just a home football game with a royal court at half-time. Homecoming is a whole week of excitement, fun, competition and class victory.

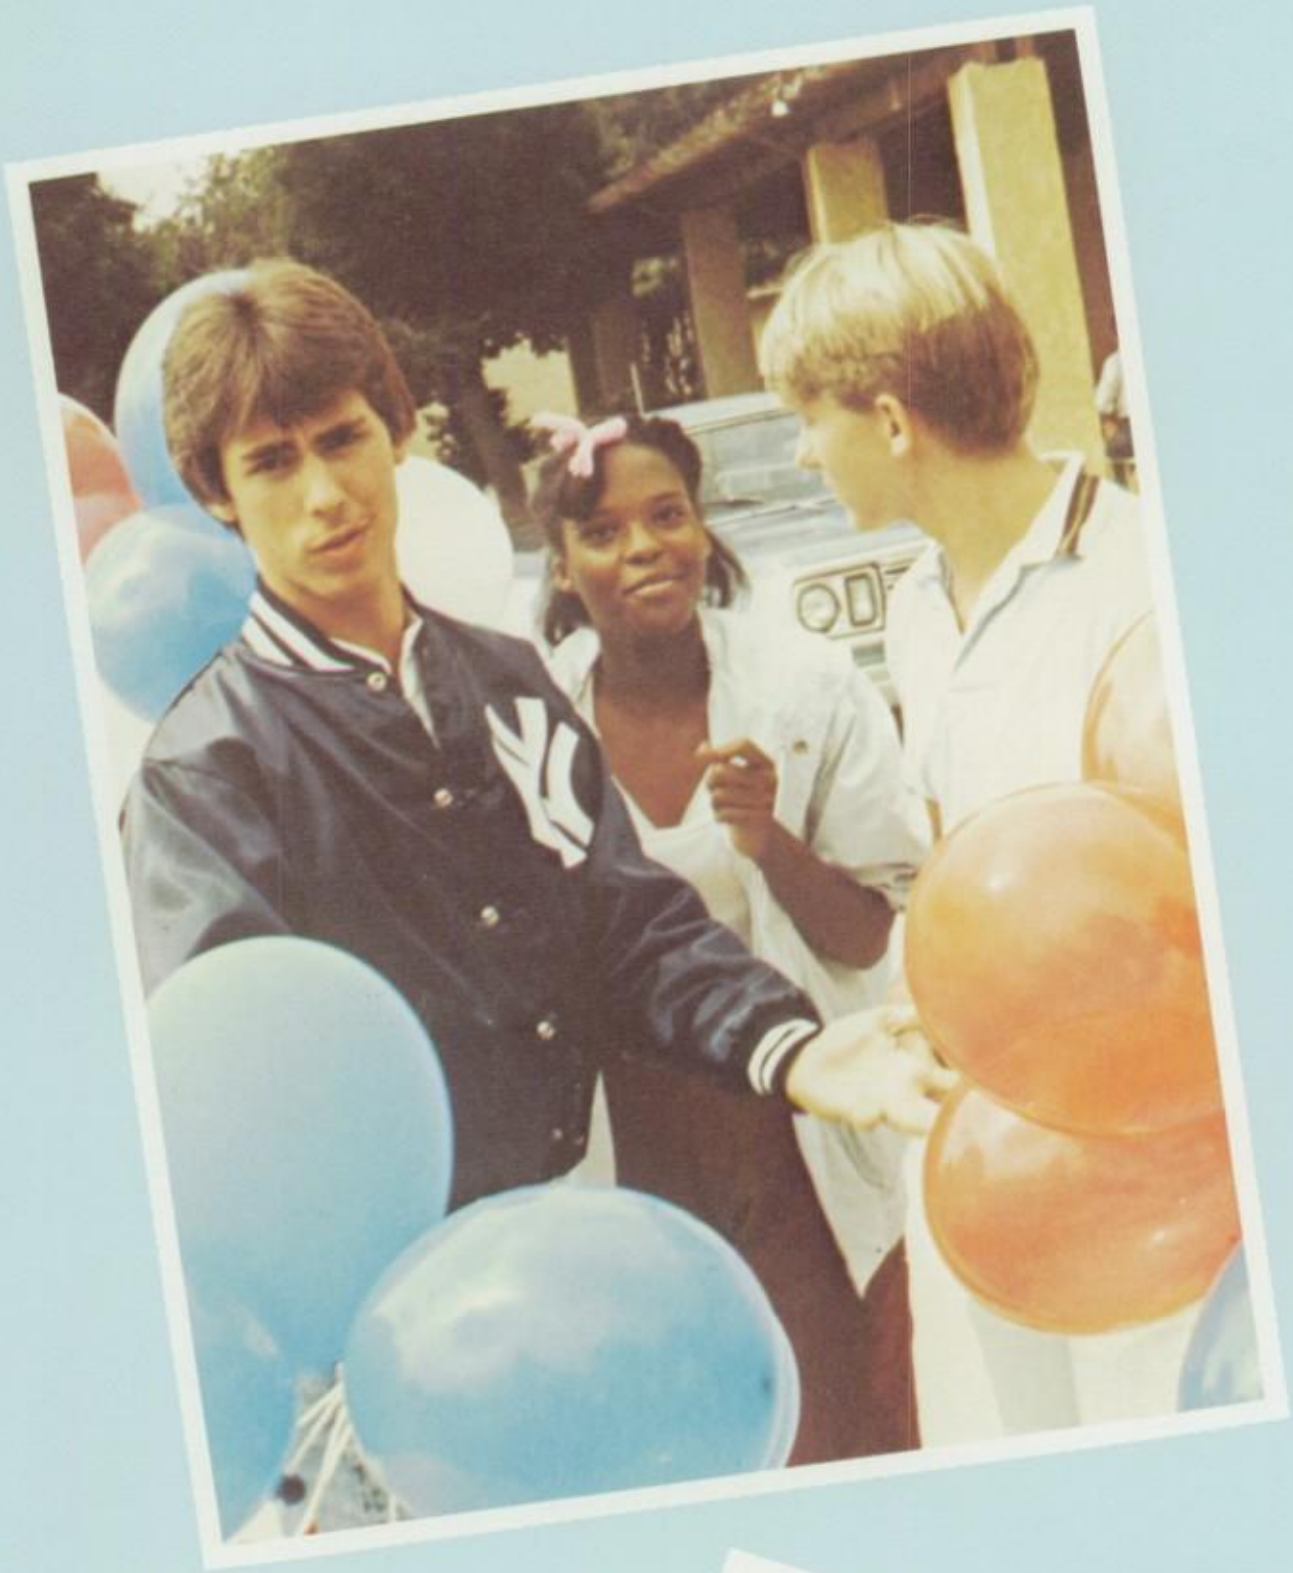
Traditionally, during Lutheran High Homecoming week, the first day is a class competition to express the pride and spirit of each class. "S-U-P-E-R, super stars are what we are, super-super, super-super." That was the loud class cheer of '84 Homecoming. During the five days of Homecoming a different event or game is done according to the theme. The theme this year was LHS Fall Olympics. To go along with this theme were many games like volleyball, water polo, frisbee discis, pentathalon, standing long jump, and thrills of victory.

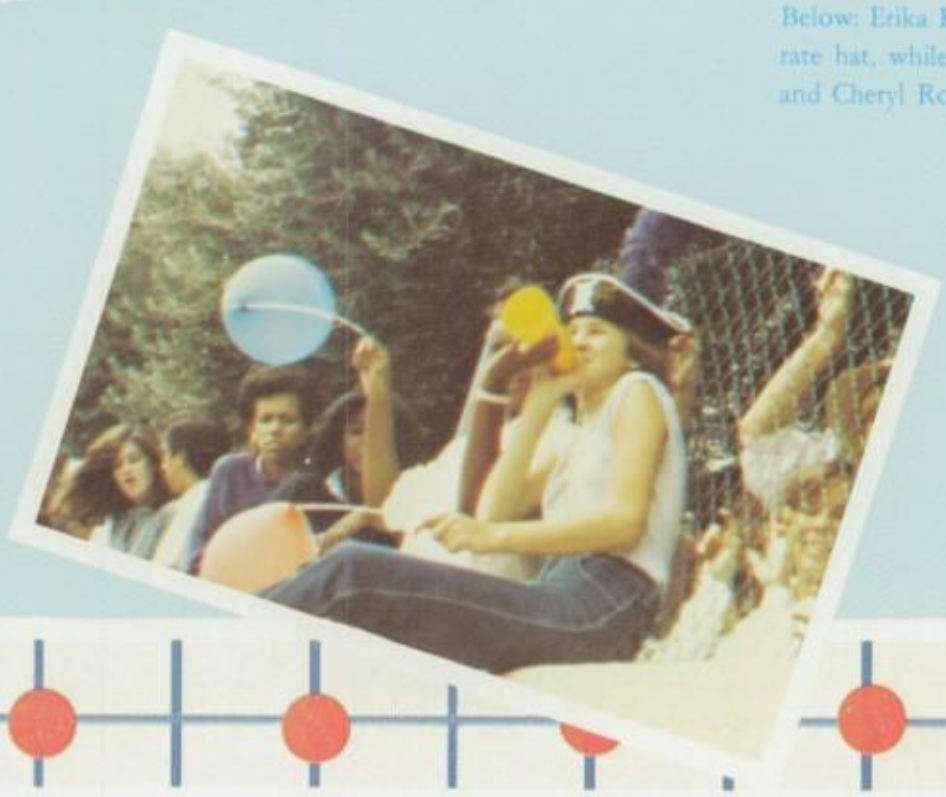
One other special event at the end of Homecoming week on Friday night is "Coronation." This is a very special evening that is set aside for a recapping of the week's events. And more important the Homecoming queen is announced and crowned. The five finalists were Jennifer Maass, Nia Jackson, Dawn Baca, Jennifer Hardin, and Kim Michaelis who was crowned Homecoming Queen. Congratulations to the Queen and her court.

A second note of congratulations goes to the Lions' football team, who ended Homecoming week with a victory over Montclair Prep. The score was 26 to 12. This made students, faculty, and friends proud of the many successes we have achieved.

— Nia Jackson







Far left: Senior John Wordsman dresses up for class competition. But do not ask him what he dressed up as, for the ensuing lecture will describe the different points of interest involved with his clothes.

Far left bottom: On Foreign Fan Day Shannon Dugan shows Michell Earle just how to take a picture.

Middle: Student council members, Tony Dueker, Erika Kaestle, Jenny Hardin, Donna Orcutt and Mr. Ludtke try desperately to get everything done during Homecoming on Blue and White Day.

Above: "What's the deal with the balloons?" says Mark Dayaub, while April Wright and Troy Norton try to explain.

Below: Erika Kaestle looks radical with her pirate hat, while Kimmia DiGiuro, Nia Jackson and Cheryl Rogers watch carefully.

Left: Karen Hoffman gives Cindy Hollingsworth a lift across the field for the juniors during Homecoming. The on-lookers are totally baffled by their efforts.
Left below: Cindy Hollingsworth takes a long leap and hopes she lands well. Deidry Waltjin watches in amazement, wondering if she can beat Cindy.
Below: Tom Gannon takes a long grunt while participating in the tug-o-war event, while Ron Kalthoff says, "You can't let them win."

Left: Los Angeles Lutheran students show their class spirit by participating in volleyball competition during Homecoming.
Below: Bill Roberts thinks to himself, "This throw better pay off after all the practice at lunch time on the grass area in front of the Lion's Den."
Bottom: What a great water sport!!! The sloppy sophomores vs. the water-logged seniors. Washed out Troy Norton tells Tony Tellache to get off his back.

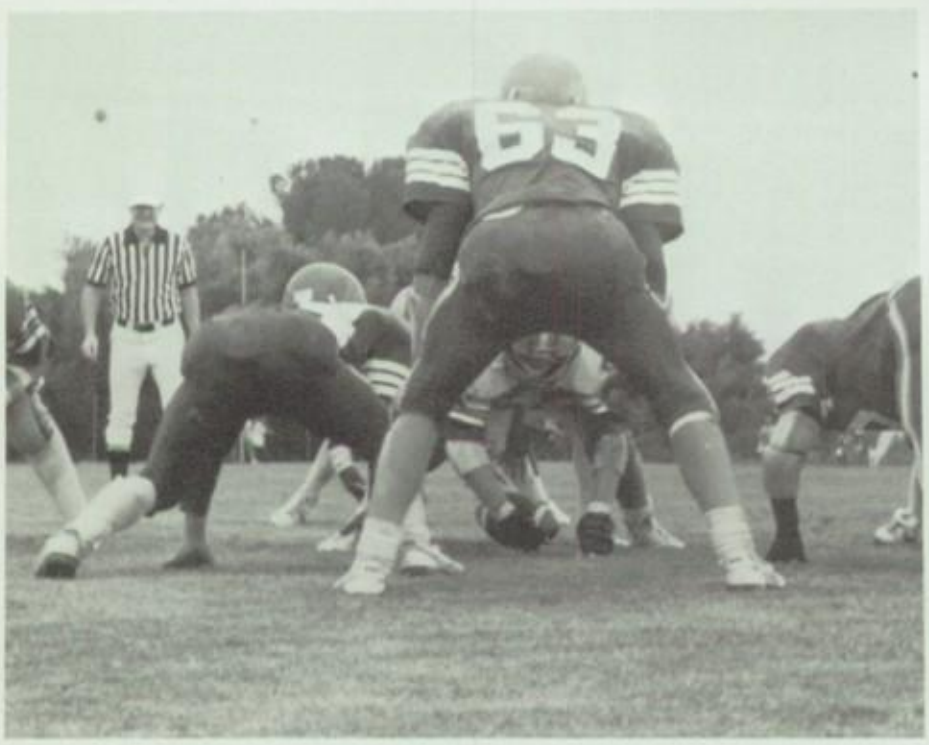
Sports

VARSITY FOOTBALL

Varsity football is a sport for expressing school spirit. The Lions' pride shone brightly this season ending with a 9 & 2 record. The varsity team played better this year than in many years before. Many players felt they had a good front line, a great backfield, and an awesome defensive unit! If you would have seen the team play this year you would have seen how great they were. Bill Bailey said with pride "Every time I saw the team, I felt great because I knew we were Number one."

Of course every year you have to expect some injuries. A sprained neck and a broken collar bone were the worst casualties of the season. But this season had fewer injuries than last year.



Above: Jim Jehnnings displays one of the nicer aspects of football!!!!! Contrary to popular belief football is not for man's enjoyment only, it's quite enjoyable for women as well.

Right: Fly — be free!!! Eric Jaeger catches air as he intercepts a forceful football.

Coach Chistenson was extremely helpful in the motivation of the team. This was his first year coaching at L.H.S. Head coach Tim Taube and coach Christianson made an incredible success at a winning season. "This team worked great when they were driven to win. They could be pushed more, and they could take it." Coach Christianson said with assurance. The teams final position in the league was second place. However, they lost the first game in the C.I.F. playoffs. This did not affect the spirit of the players. They ended feeling they were number one.

Kurt Bachman

Left: Hut, hut, hut!! The Lion's Varsity Football line prepares to devastate yet another opposing team.
Bottom Left: Fourth quarter, second down, and four yards to go: The Lion's offense do their best to maintain their lead against Montclair Prep.

Third Row: Brant Patterson, Brian McClary, Tom Marty, Greg Patzjowsky, Brian Gaonnon, Steve Young, Cordell Carter. Bottom Row: Steve Schichert, Eric Jaeger, Mike Winsor, Sean Holmes, Steve Wheeler, Tim Koch.

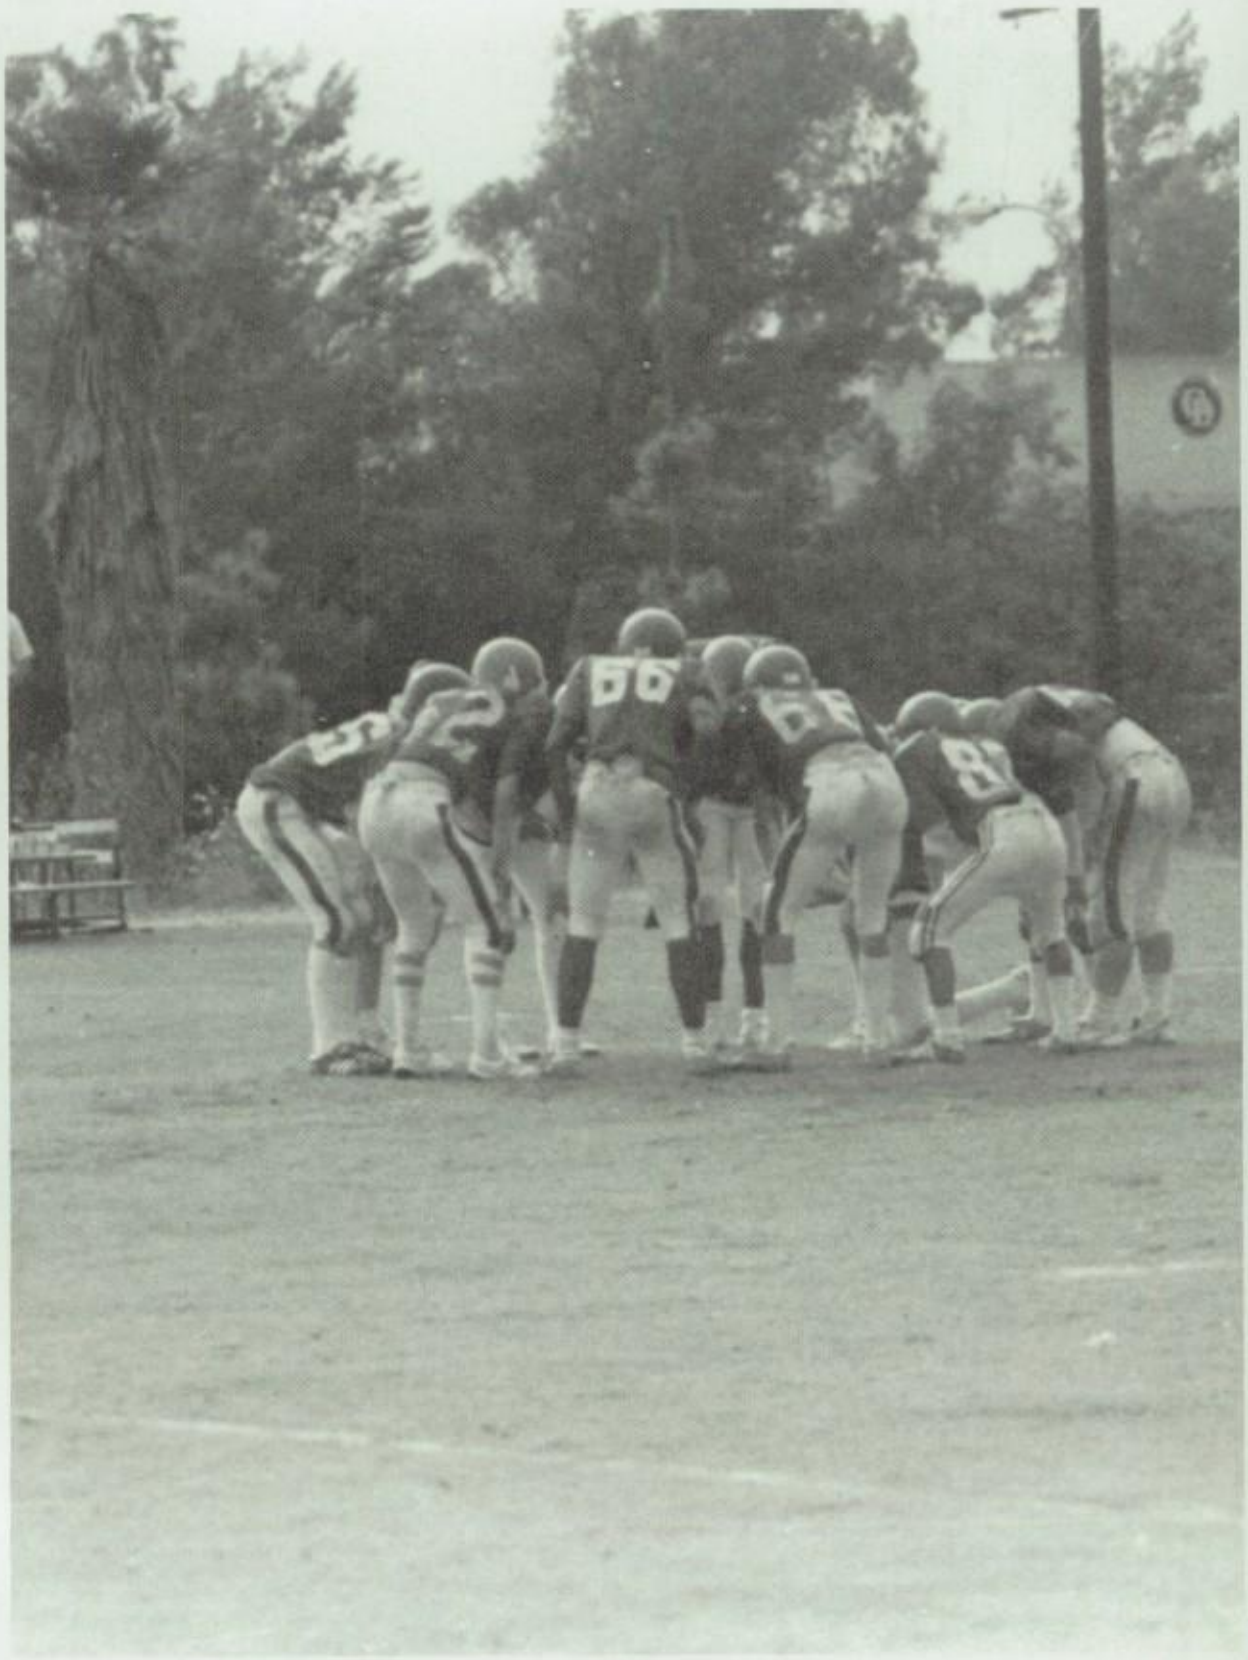
J.V. FOOTBALL

Football is an inspiring sport to those who have an interest in life. Junior varsity football is the first spark of that inspiration. Andy Oddo was very happy being on the J.V. football team. He said that "I was very confident about this year's team and I looked forward to learning a lot about football."

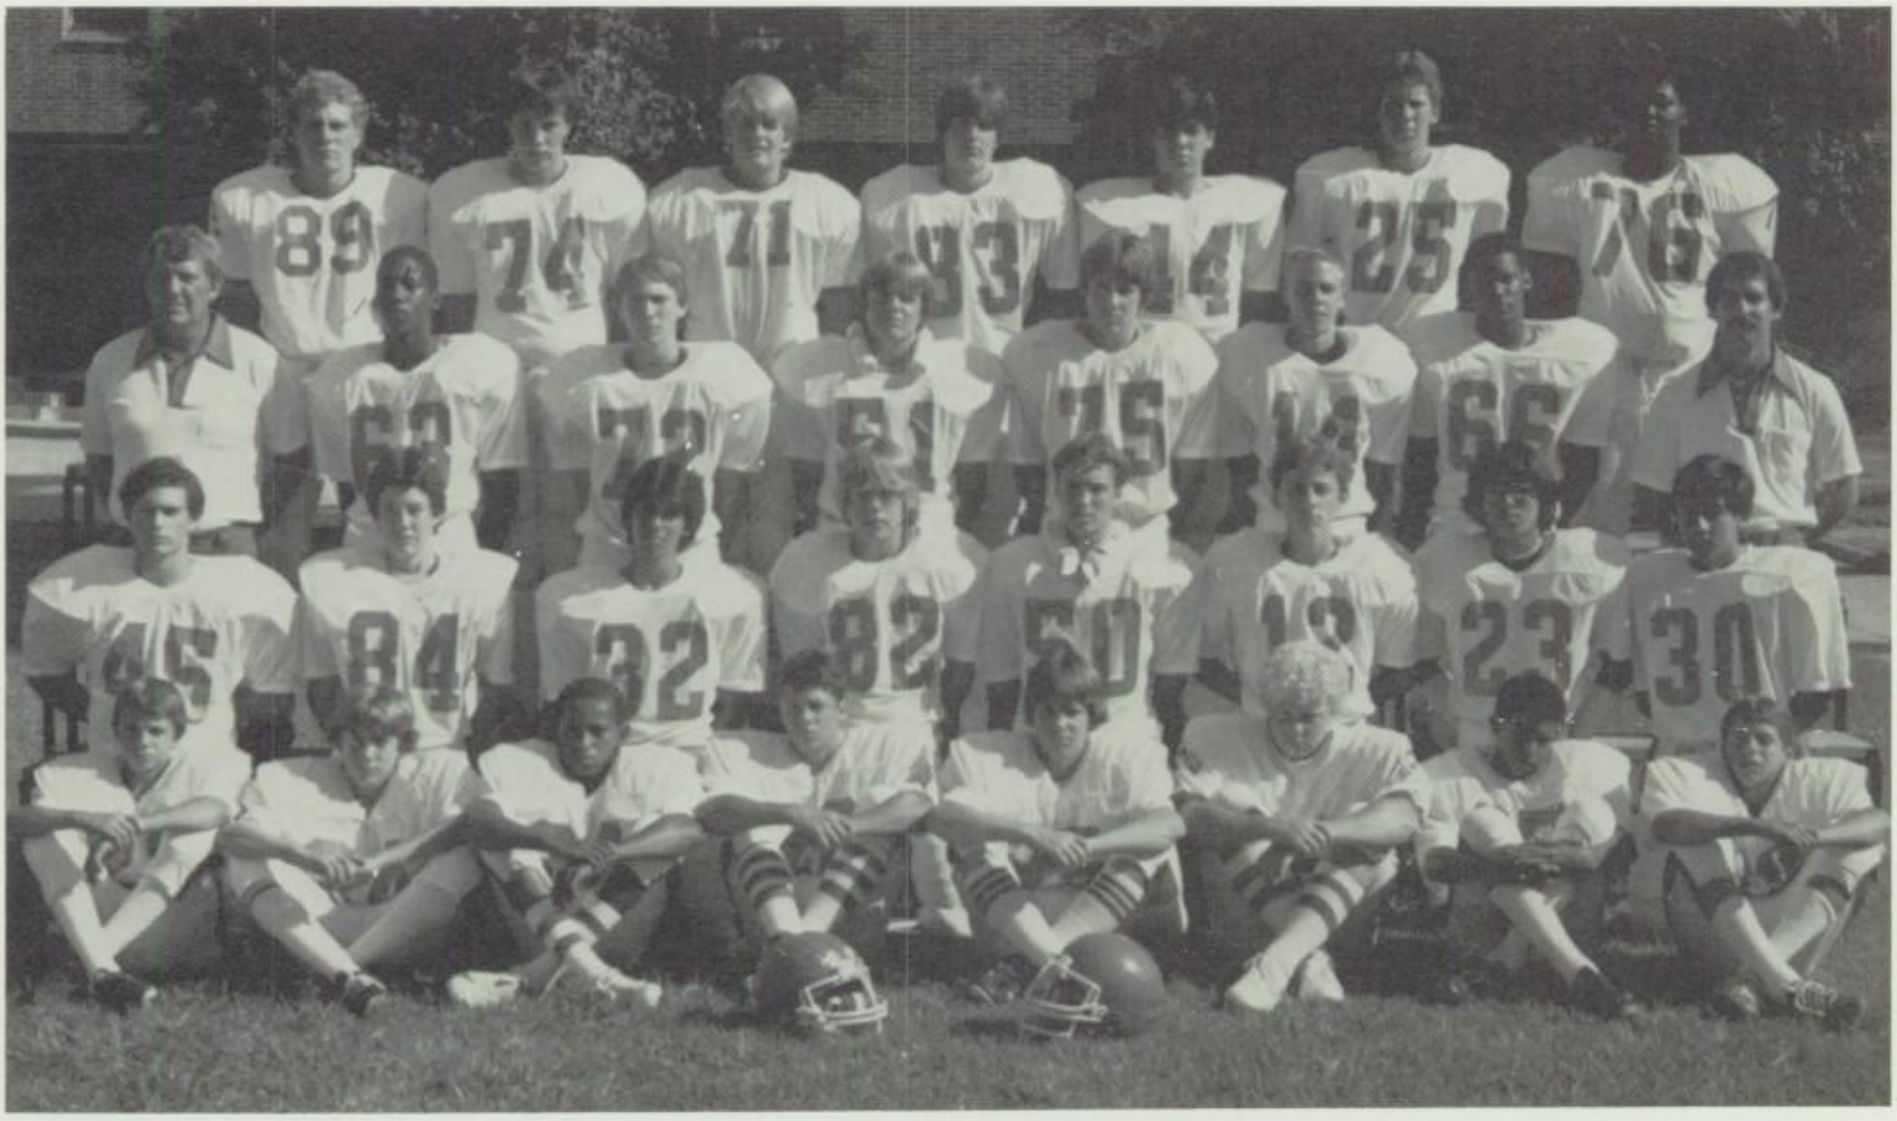
The J.V. team had not started out too well but hoped to make a winning season. "Sometimes I amazed myself in a game or in practice; I became so involved that the fatigue never caught up to me," said Oddo. The chances of winning the 1983 season were hard but the team was highly motivated.

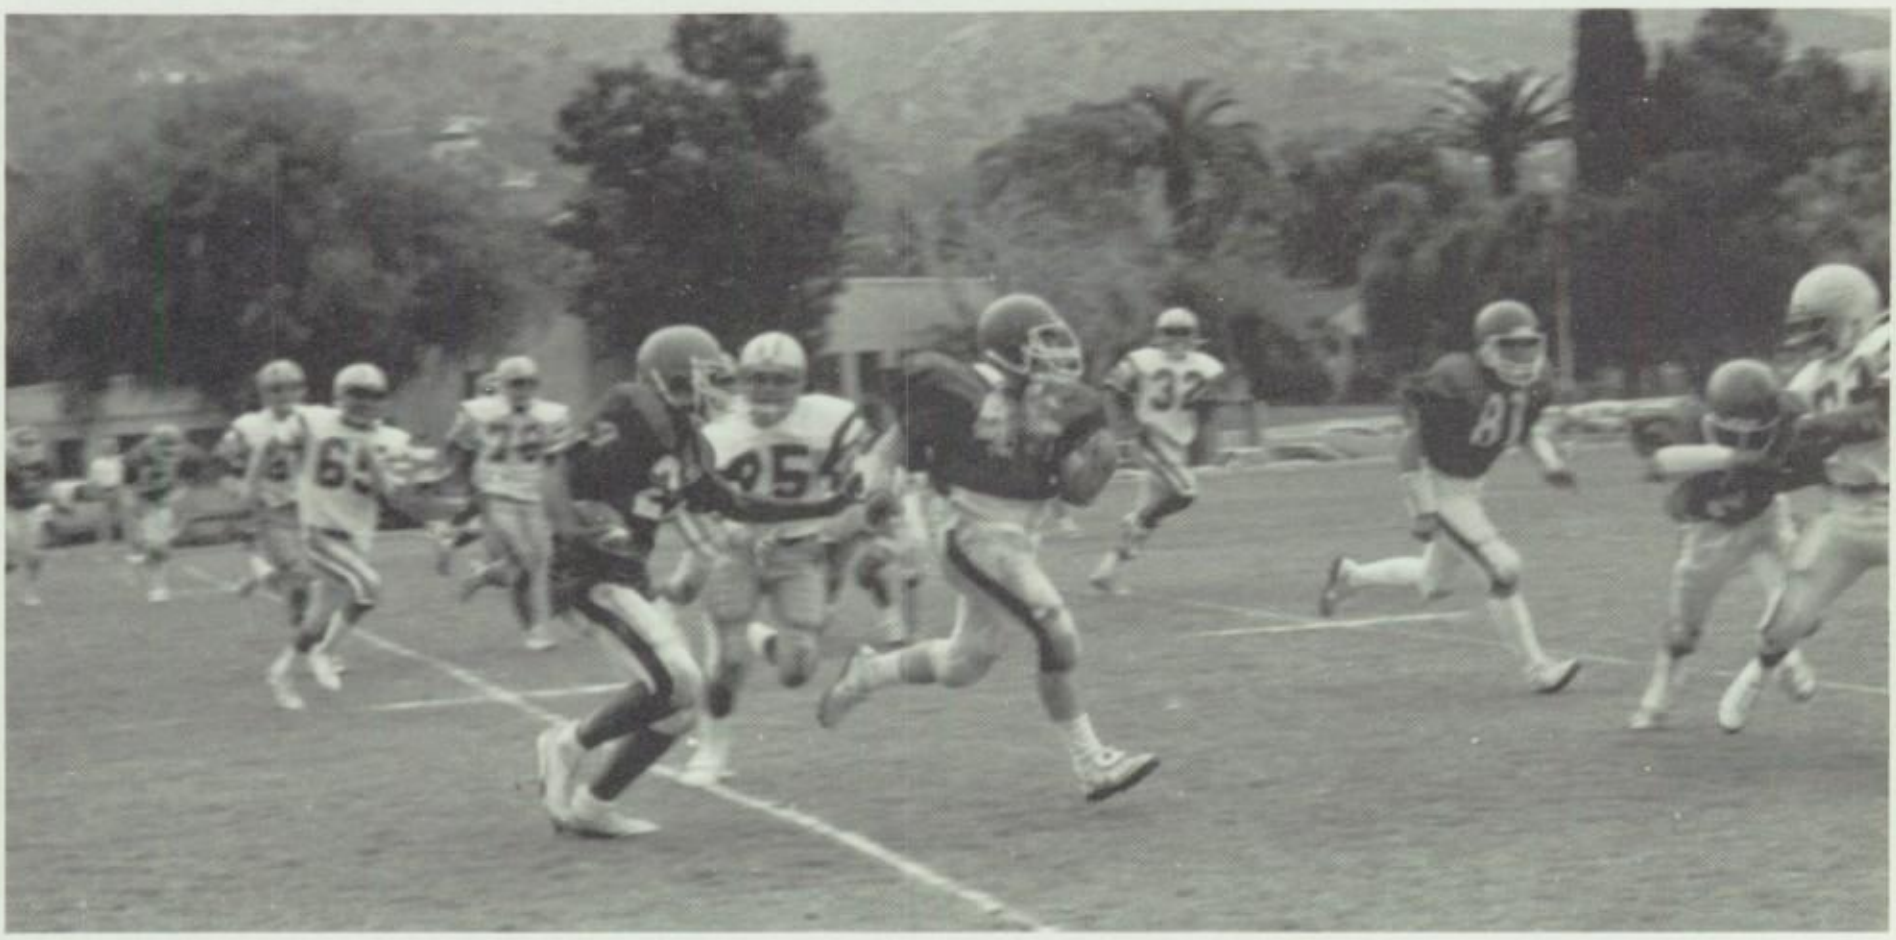
The coaching staff gave the players a lot of help and support because for many of them it was their first real experience in football. Head coach Gerald Marty did a terrific job with the team leaving all involved with the team feeling very satisfied with a 5-4 record.

Kurt Bachman



Above: Ever wonder what goes on in a Junior Varsity football huddle? Well, just ask a Junior Varsity football player.





Above: Greg Rozsa blocks for Bradley Davis, during another awesome play by the Junior Varsity Football team.

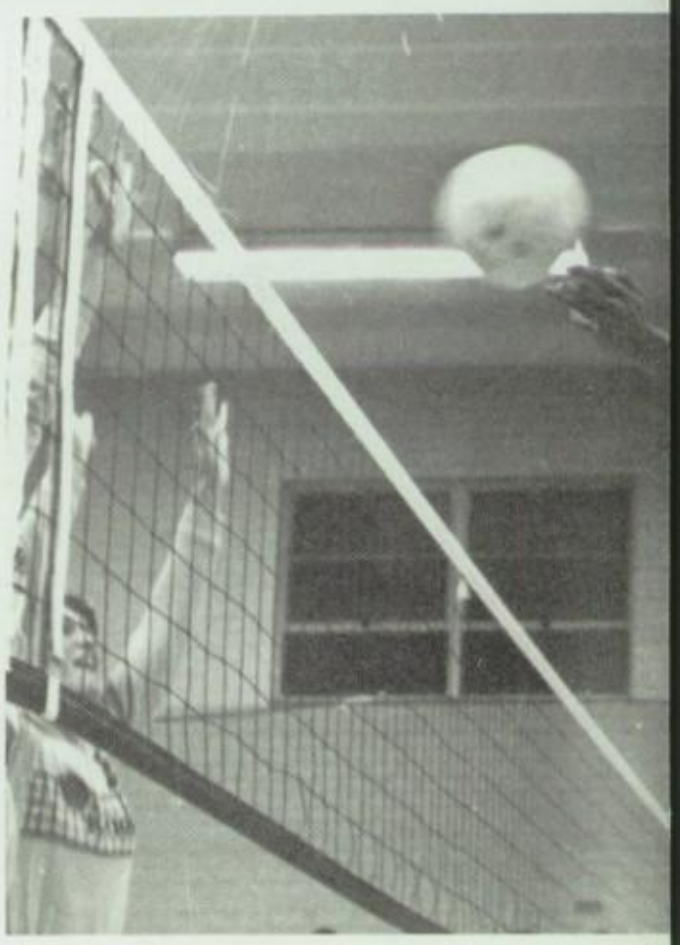
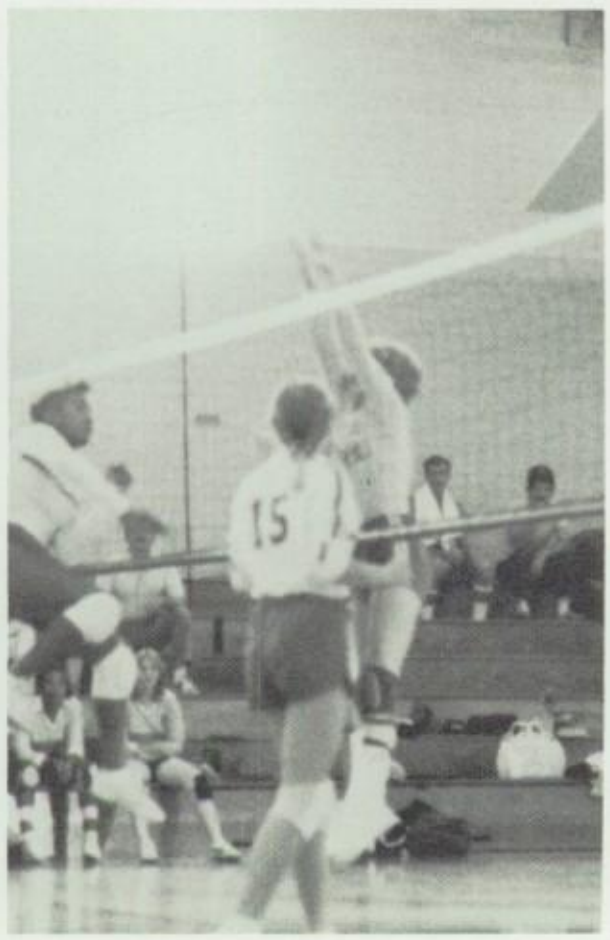
Right: Ready, Set, Nothing Goes! — Karen Hoffman. Beware for your doom is soon!!
is soon!!



'Service' Squad Wins



Lutheran High Varsity volleyball served up a winning season. The volleyball team was a hard working squad. But to become hard working they had to overcome many obstacles. They had to learn how to work as a team. There was only one returning varsity player, Rachel Covington. Covington was the team captain and with that role she had to take command and try to make the team victorious. When asked about Varsity volleyball, Covington said, "As a whole we redefined our goals and worked as a team." With this thought Varsity volleyball took it to the maximum.

There was a lot of potential and talent in this young team. If they continue to use the ability they have, the team is sure to grow in strength, said Coach Cheryl Rieck.

This team consisted of senior Rachel Covington — captain, Alicia Isaacs, Tammy Hoffman, Karen Hoffman, Kim Sanchez, Corrine DeAngelis, Susie Good, Deidrey Waltjen, Monica Sipos, Valerie Ratzak, and Shelly Ferrell.

Cheryl Rogers

FROSH VOLLEYBALL

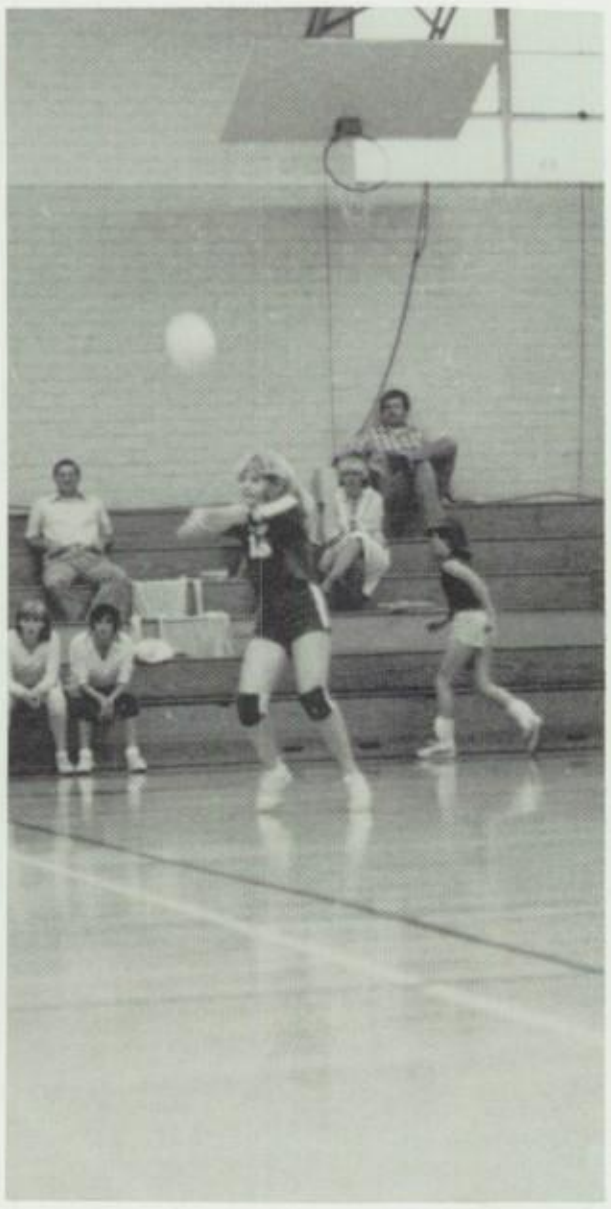
This year's freshman volleyball team took off well right from the beginning. Coach Lesa Covington was optimistic about her group of girls, and it turned out that she had every right to be: they finished off the season with an impressive 9-3 record.

This is not to say that such a great outcome didn't take hard work and dedication. The girls practiced every day after school, and worked on many special skills, such as setting and spiking. Laima LaZore, one of the players, felt "it was hard work, but we really had a lot of fun, and Miss Covington's a great coach." All of the team seemed to agree with her on these points, and they are looking forward to playing junior varsity volleyball next year.

Freshman Volleyball:

Top row: Lora Moeller, Carrie Nauman, Coach Lesa Covington, Julie Pope, Geni Peterson. Middle row: Colleen O'Mara, Lorena Perta, Marcella Erickson, Michele Stovall, Paula Bolden. Bottom row: Veronica Sipos, Stephanie McNicol, Laima LaZore, Peri Booth.

Junior Varsity Volleyball



Junior Varsity volleyball whirled into action during the 1983-84 season, as they took second place in the league. The team consisted of 14 players; nine of them being sophomores, and five juniors. Their coach, Howie Freudenberg, did an admirable job. Ramona Farrington, who was coached by him, praised, "He's an excellent coach." The girls all worked hard, but were never overworked.

Their usual practice began with stretching and exercises. After this they did 30 serves, sets, blocks, and spikes, respectively. It was hard work, but it paid off and they even enjoyed it.

The teams' main strategy last season was to get more points than their opponents, which is hardly an original game plan. They met their expectations well until the dreaded L.A. Baptist, who was undefeated, stormed into the court and acquired first place in the league.

Although the girls didn't place first, they did very well and proved once again that it's not whether you win or lose, but how you play the game.

April Wright

ABOVE, LEFT: Cindy Hollingsworth prove that limited height is not always a setback as she thrusts the volleyball forward with a great hop. ABOVE, RIGHT: Cindy Henrichs prepares to effortlessly manuever the volleyball over the net. Junior Varsity Volleyball: Top Row: **Julie Barker, Cathy Cummings, Ramona Farrington, Tiffany Sorenson, Wendy Hovland, Coach Howard Freudenberg.** Middle row: **Cheryl Harmon, Tanya Auguello, Cindy Henrichs, Michelle Willis.** Bottom row: **Becky Perling, Karin Penston, Lori Dow, Cindy Hollingsworth, Elaine Astete.**

Across Country with the Lions

The 1983 & 84 Cross Country Coach, Sam Graham, had a good attitude about his team. Although the majority of the athletes were underclassmen, there was a lot of promise displayed. In the beginning of the season there was some difficulty getting people to join. The coach spoke to some students, as well as team members, and recruited more runners.

Their workout varied from day to day. There were three major categories for types of practice. One day the coach would ask the runners to do speed work, running laps around the track as well as up and down hills. Another day's workout consisted of distance running, which varied from four to eight miles. The last of the three routines was actually running the cross country course (about two to four miles) for time.

April Wright, liked being on the team for several reasons. Some of these included "staying in shape and being part of a team." There were a lot of good, strong runners on the team, so they were bound to do very well.

"Mr. Graham was a good coach, because he pushed us, but not in a mean way. He wanted us to do our best. He seemed to really know what he was doing."

Tammy Knutson

ABOVE, LEFT: Janet Ralph crosses the finish line before a close-running opponent. Janet was one of the girls who led the way on this year's Cross Country team.

ABOVE, RIGHT: David Easley crosses the finish line after a long race over our own Cross Country course. David was one of our leading men's runners.

RIGHT: Dalita Trotman warms up, or so she says, as she peeps at what could be the competition. Dalita filled in a crucial position on the girl's team and helped the team have a good season.

ABOVE: BOY'S AND GIRL'S CROSS COUNTRY: Top row: Coach Sam Graham, Gary Dempsey, Todd Dooling, David Easley, Tim Petta, Matt Miller, Tom Gannon, Mark Steuer. Bottom row: John Gillison, Jeff DeVore, Connie Roberts, Kelly Edwards, Janet Ralph, Joel Hauff, Jeff Phillips. Not pictured: April Wright, Dalita Trotman, Becky Cole, Michelle Earle, and Kelly Bardo.

ABOVE, LEFT: A flood of flying feet rushes forward as the girl's Cross Country race starts. Maranatha, L.A. Baptist, and our own Lions competed in that race.

ABOVE, RIGHT: Mark Steuer stretches out before a race — a long and gruelling three miles. Better to stretch out than to wind up in a stretcher!

LEFT: Western Christian, L.A. Baptist, and Lutheran High compete in this race. The forerunners are Baptist, but John Gillison and Dave Easley are close behind!!

Soccer Breaks Through

The beginning of the 1983-84 soccer season certainly looked promising; 25-30 guys went out; 8 were returning starters from last year's fourth place team. One face, however, was new; it was Coach Steven Borth, who had made an admirable debut.

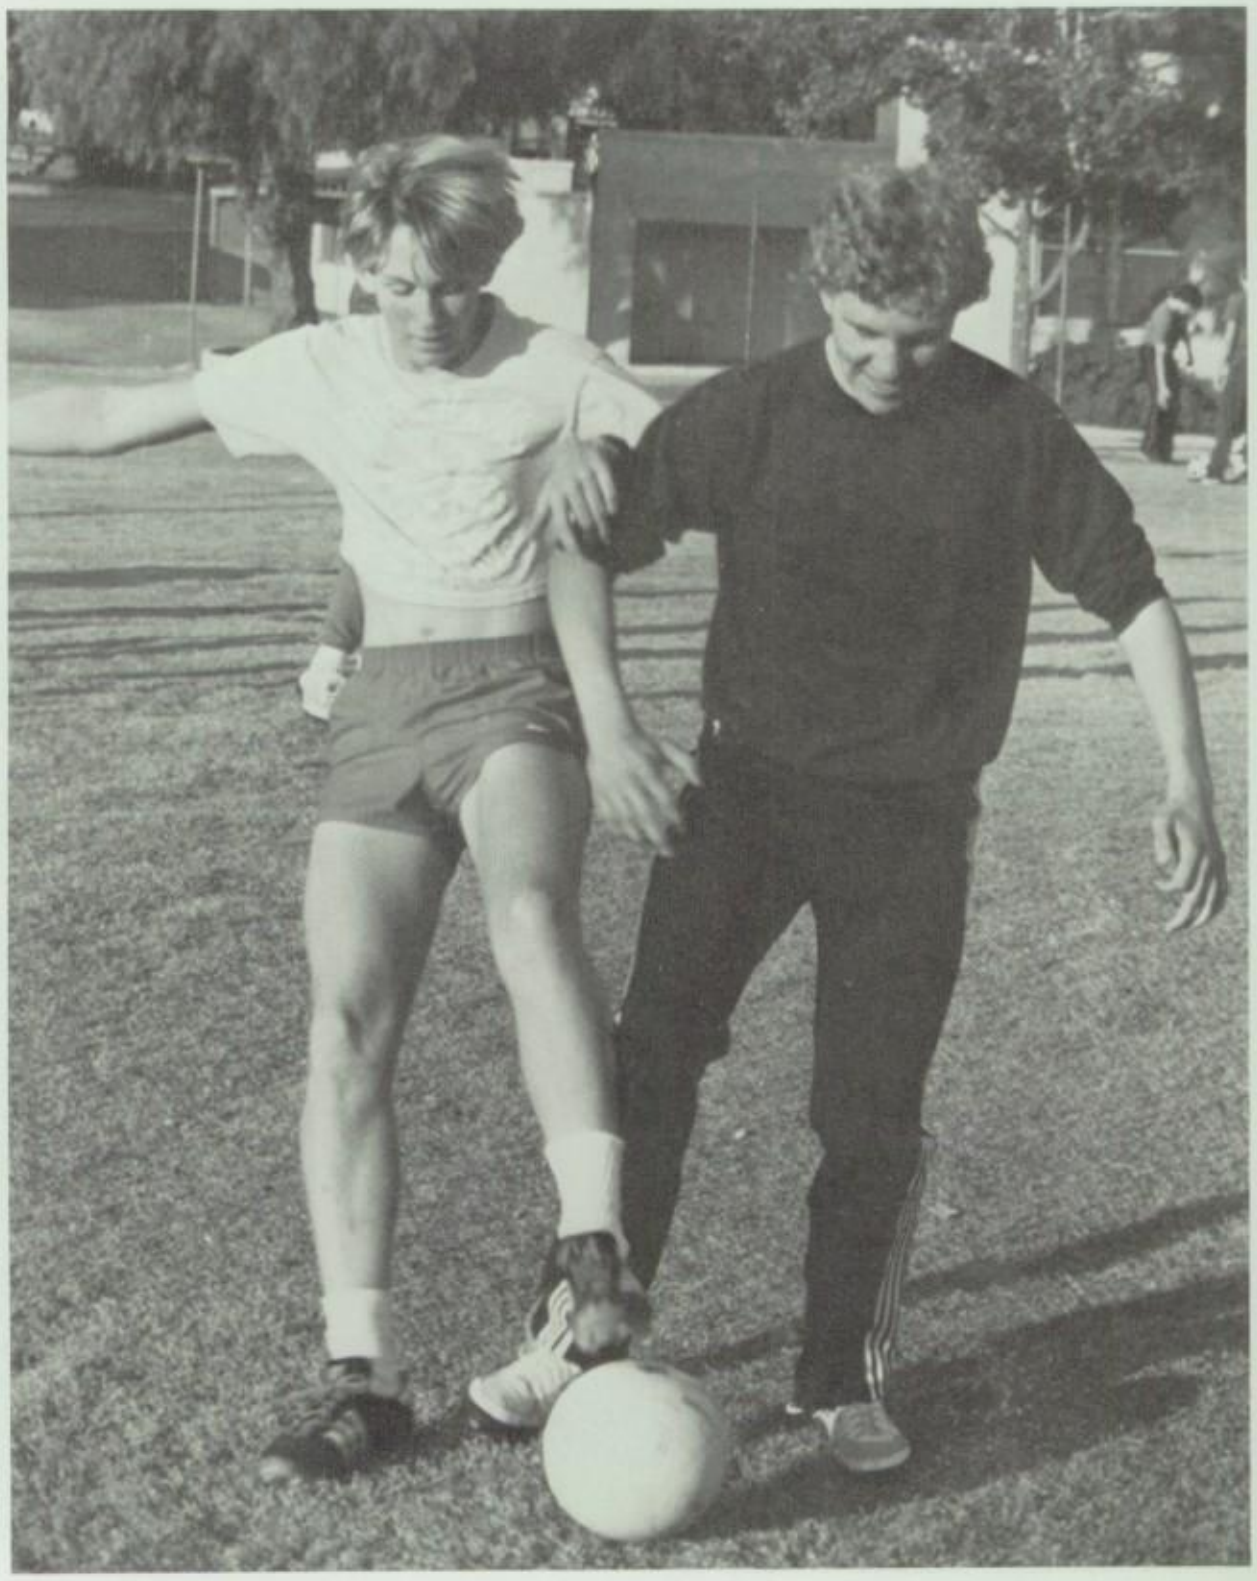
Although the team lost their first two games, close scores and definite intensity compensated for the actual outcome. However, a bleak turn of events was at hand. Players began quitting due to injuries and grades, and the squad was reduced to a paltry 14.

Despite these setbacks, Coach Borth and Coach Tim Strand brought the team together and renewed their enthusiasm. Striving to qualify for CIF, the team placed third with a record of 5-4-1, and two games left to play. Dreaded L.A.B. once again reared their ugly heads, capturing first place. We fought it out against Village Christian, however, and emerged the tied-for-second-place-team. It was the first time in Lutheran High history that a soccer team had made it to the CIF playoffs.

The team ended up with three first team all-league players, and two second-team players. All in all it was a very exciting season.

On a side note, a few members of the soccer team were the L.H.S. Rowdies who made a name for themselves by painting their faces blue and white at the basketball games. I realize this is totally irrelevent, but I don't plan to let my children see this yearbook, anyway.

Troy Norton



ABOVE: Senior Troy Norton practices his lightning-fast moves with authority. Sophomore Brian Borchert does not even know what hit him.
RIGHT: Being on soccer takes its toll — David Tietjen wants a goal!!! "Fight hard, Maranatha!"

LEFT: To win or not to win . . . does anybody have any questions? Coach Borth strikes an authorative pose as he ponders on the idea of being a world leader.

Boys Varsity Basketball Dressed for Success

Lutheran Varsity Basketball once again shows it's pride by earning the title of LA CHAMPIONS, proven by this scoreboard in the final playoff game.

Dressed for success Lutheran High went above and beyond the usual high standard of outstanding Basketball achievement in the 1984 season.

Led by Coach Bob Dueker, in a final flash of glory, the team achieved the honorable title of 1A CIF Champions.

From the very beginning the season looked promising to all those encased in the upholding of our Lutheran tradition. The team had great strength and the players worked well together, after all 5 of them were returning starters and had played together for 3 years. What more could a team ask for?

All went well as the team strived to obtain the honor of a chance to play at the Sports Arena. It seemed very promising until forward-guard Patrick Bolden broke his hand early in the season. This also came at the worst time in the season, the time had come to play Los Angeles Baptist, our rival school. All had hoped that things would go well and the Lions would devour the Eagles, but in the teams first attempt they failed by one point, a loss that everyone felt for weeks afterward. The next time came around to play Baptist and the Lion pride once again showed through. With the return of Pat, the Lions truly devoured the Eagles by 13 points. This boosting the Lutheran spirit. Lutheran remained undefeated throughout the rest of the season.

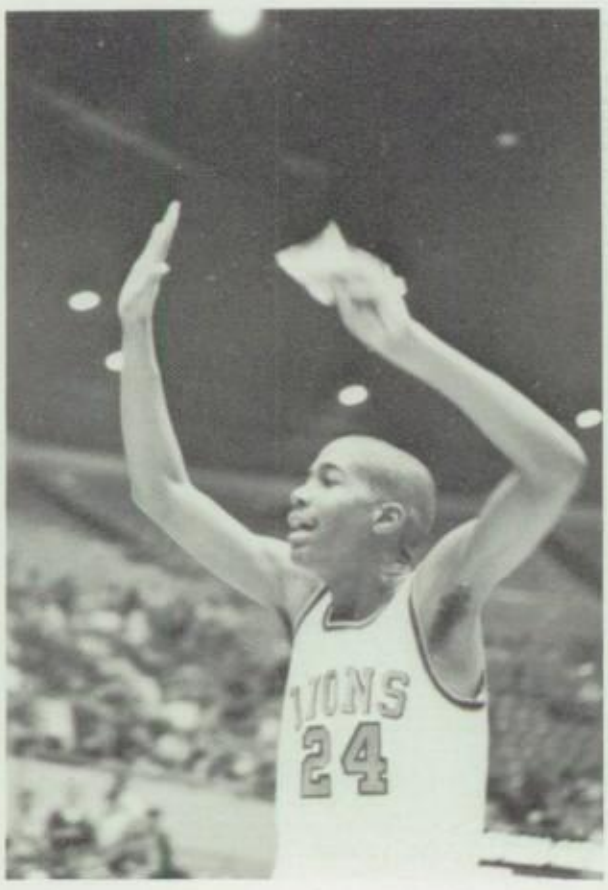
The CIF Championships came upon the Varsity team. The Varsity team at last achieved the goal they had so long strived for. What an honor to all involved, and what a title to honor the school with.

Not only did the team achieve the 1A Champions title but 3 of the team's players also achieved honors. Troy Dueker was rewarded with the most assists in a game, 25, John Hoffman broke the Lutheran High career scoring record with 1,237 points. In addition to that, Hoffman set 10 school records; for scoring, field goals, free throws. Troy Dueker had 5 records for assists and steals. Also Troy set the CIF State and National assist record. Pat Bolden set the field goal record.

Lutheran Basketball certainly did achieve their high standard in 1984, and their success will surely be remembered for many years to come. CONGRATULATIONS BOYS! We are all so proud of you.

Below: **Patrick Bolden** raises his arms in victory to reveal his secret of his sureness to all the fans.
Below: **John Hoffman** jumps high for the ball but it just brushes off his finger tips.

1A CHAMPIONS: Duck-dog, Baus, Huggy, Spiccoli, Bo-watts, Jonny Socko, Super-spaz, Ox-lips, Ced-dog, Opey, Eugene, Perry, The Prophet
Also known as: Troy Dueker, Dondre Bausley, Michael Huggins, Chris Sinfield, Patrick Bolden, John Hoffman, David Sierra, Scott Barker, Cedric Bailey, Jim Jennings, Perry Miller, Sean Holmes.



JUNIOR VARSITY BASKETBALL

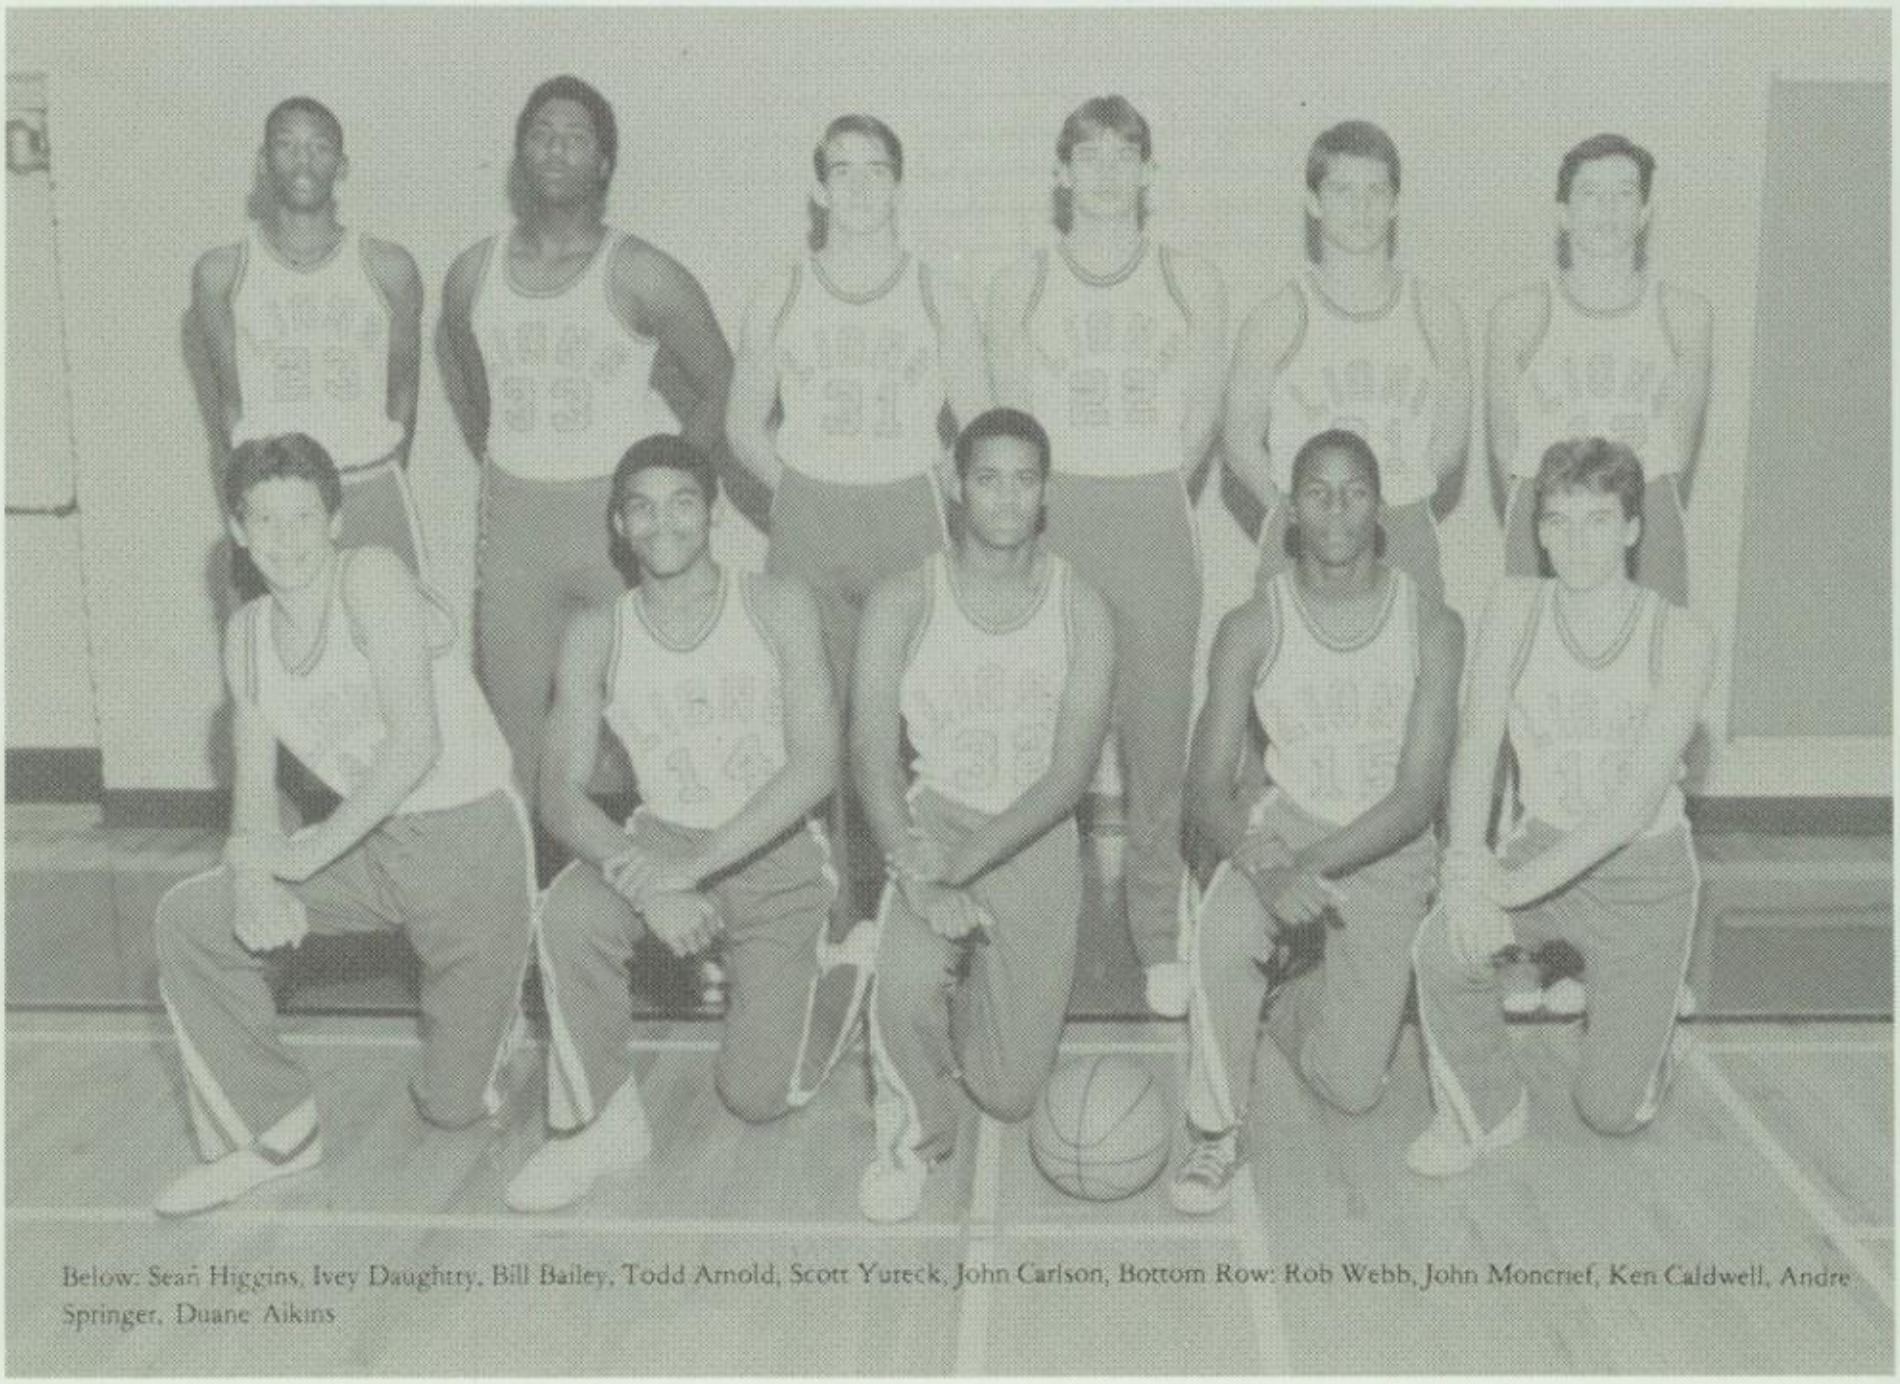
The 1983 basketball was that of an average team. Consisting of sophomores and juniors, JV received very little recognition as they were overshadowed by the success of the varsity team. Several player felt they played well this season, but they could always improve with experience.

However, the JV team prepared its members for future varsity play. They practiced daily and gave their all in practice and in games. Unfortunately, the team had one bad experience as they ended the Bel-Jeff game with a fight.

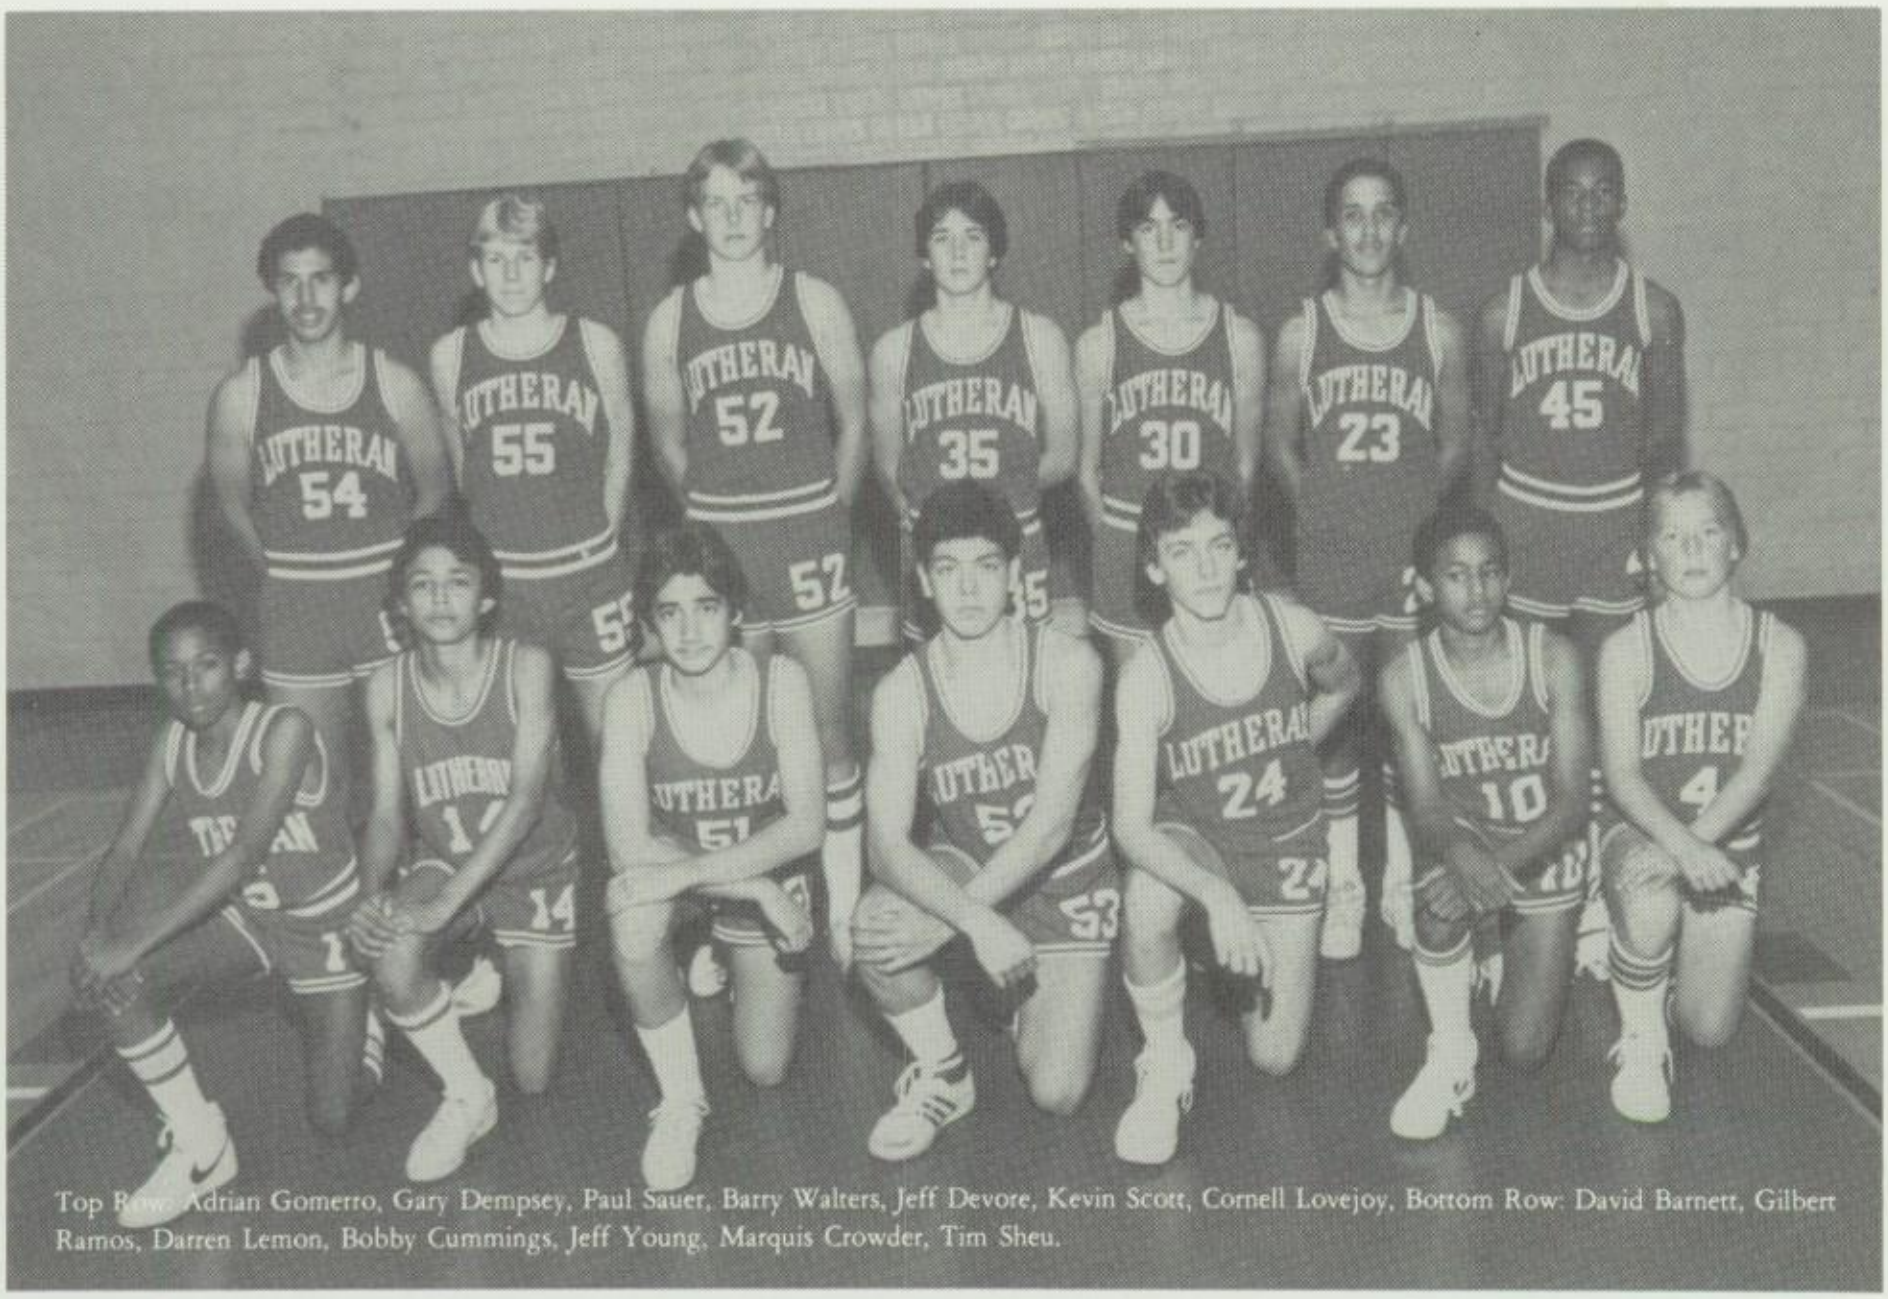
Many guys had great determination and continued to struggle through the season. As the season ended the players left the court feeling proud of their performance and looking forward to next year. They hope they will continue to gain success and uphold the Lion tradition.

Lois Schweigert

Bottom: Adrain Gomero put on his leapers for this jump ball.



Below: Sean Higgins, Ivey Daughtry, Bill Bailey, Todd Arnold, Scott Yureck, John Carlson; Bottom Row: Rob Webb, John Moncrief, Ken Caldwell, Andre Springer, Duane Aikins



Top Row: Adrian Gomerro, Gary Dempsey, Paul Sauer, Barry Walters, Jeff Devore, Kevin Scott, Cornell Lovejoy, Bottom Row: David Barnett, Gilbert Ramos, Darren Lemon, Bobby Cummings, Jeff Young, Marquis Crowder, Tim Sheu.

FROSH BASKETBALL

For the '83 Freshmen basketball team education was a large part of the season. Few of the players had an experience so the basics were stressed. The guys were proud of their accomplishments and their teamwork.

The team continued to work and as they strived for success, they gained the needed experience and devotion that proved them to be true Lions. Tim Scheu stated "I think we have what it takes to go a long way!"

The freshman team showed a lot of confidence and determination. The players ended the season looking forward to their next as JV players. These boys showed much promise and success for the future as their team spirit left them anxious for the future.

Lois Schweigert

RIGHT: Varsity Basketball: Alicia Issac, Janet Ralph, Monica Sipos, Kim Nikisher, Erika Kaestle, Karen Hofmann, Tammy Hoffman, Valerie Ratzak, Marcella Erickson, Roslyn Boatwright, Susan Sinfield, Peri Booth.

BOTTOM, LEFT: Monica Sipos looks quite exquisitely exhausted, but hangs in there to catch up to her opponent.

BOTTOM, RIGHT: Marcella Erickson maneuvers the ball expertly through the opposing team and heads for the basket.

Girls Varsity Basketball moving through

Varsity girls moved through the season feeling pretty good. The 1983-84 team was coached this year by Miss Erhardt who said, "I enjoyed coaching the girls all the way through." This year was a good one with four returning players from last year: Roslyn Boatwright, Janet Ralph, Erika Kaestle and Karen Hofmann. There were also four players from the starting lineup on last year's J.V. team: Tammy Hoffman, Alicia Isaac, Valerie Ratzak and Monica Sipos. There were also two freshmen on this year's team, Marcella Erikson and Perri Booth. There was one brand new senior girl on the team this year, Susan Sinfield. Susan is from a high school in Connecticut, but she seem to fit in well with her new teammates.

The 1984 girls Varsity team moved through their entire season with an overall record of 15 wins and 8 losses. The league record was 8 wins and 4 losses. Our girls did make it to the C.I.F. playoffs this year, which makes this the third consecutive year that girls Varsity has gone to the C.I.F. Even though this year's team was defeated by Bishop High School (21-1) in the first round, we are proud of the enthusiasm and "pride" displayed by the girls this year.

Nia R. Jackson

RIGHT: Roslyn Boatwright fights for the basketball and tips it perfectly away to a fellow teammate.
FAR RIGHT: Tammy Hoffman shows her flawless skill on the court as she swishes that ball to the hoop.

Girl's Junior Varsity Basketball

The Girl's J.V. Basketball Team had a GREAT season. Their league record was 10-0 and their all-around record was 13-4. They were headed by Alvin Lutdke. The team felt he was a great coach. Tracy Tivald was the team captain. Tracy was known as a very shy person, but she showed what she was made of as she helped her team compile such a great record. Team members were as follows: Tracy Tivald, Owen Moore, Tracy Flournoy, Laurane Aikins, Sheree Capallero, Jenny Talbot, Linda Van Derripe, Lacey Easley, Carrie Nauman, Ramona Farrington, Jennifer Prentice, Laurena Petta, Geni Peterson, and Lora Moeller.

There were five awards given to players on the team. Gwen Moore, who is a senior, got the Most Valuable Player Award. Gwen also received the award for best offense. Sheree Capellaro, who is also a senior, received Best Defense Award. About Ramona Farrington, who captured the Best Hustler title, Coach Lutdke said, "I enjoyed watching Ramona's facial expressions while she is playing defense. They are so scary that it is funny!"

Varsity Baseball

One . . . Two . . . Three . . . strikes your out. This was a Common saying to the opponent when John Hoffman, pitcher, was on the mound. Hoffman set the Alpha League records with a win-loss ratio of 10-1, 113 strike outs, 68 innings pitched an earned run average of .92 and 5 shut outs. However, the teams success was not only due to the outstanding talents of Hoffman, but also 5 others were the key.

Troy Dueker, catcher, had a batting average of .470 which put him second in League. He was 11 for 11 on the bases and 17-17 overall. Dueker ended his high school career with an all time No. 2 hitter with a lifetime average of .365 over 3 years.

David Serpa ended his Lutheran career with .346 (seventh in League.) He set a new school record of 34 hits. While holding his center field position he made many fine defensive efforts.

Bradley Davis led the team in both batting and runs batted in. As a sophomore surely Davis has more success in his glove.

Tom Marty, short-stop, did a fantastic job at short-stop. Thus aiding in the incredible Lutheran defense.

Finally Steven Wheeler, with a powerful arm, worked well with the Lutheran defense thus stopping many an opponent in their tracks. Wheeler also helped out on the pitching staff.

These were the players who seemed to show outstanding talents in the 1984 season. Though these few certainly could not have achieved such great status without the help of their fellow teammates and their outstanding coaching staff, Coach Marty, Coach Hoffman and Coach Gannon.

Congratulations to the 1984 Varsity Baseball team. You did an outstanding job and we are all proud of you.

Top: Catcher **Troy Dueker** positions his glove to catch the ball or he's making a poor attempt to imitate the umpire.

Left: Breakdancing at third base? It's not as uncommon as you think.

Junior Varsity Baseball

Junior Varsity Baseball was coached by Al Ludtke. He was well liked by all the team members. They said it was his personality that kept them together. The JV team practiced, most times, on the football field turned baseball diamond. The JV practices were daily and lasted from 3:30 to about 5:00 give or take some time.

Though the JV team did not always receive the support that Varsity Baseball or Basketball received, the team seemed to support each other and give each other the willingness to win.

The JV team did their best to show their Lutheran Lion Pride. Through good and bad the team stuck together and fought hard.

Girls Varsity Softball

Composed primarily of Seniors and Juniors the 1984 softball team strived to reach the goal that every other team strives for, success.

The team practiced daily with great enthusiasm, hoping that each practice would make them a better team. Team enthusiasm is a must, with players like Alicia Issac, Dawn Bacca, and Tammy Hoffman it was almost certain that the enthusiasm was always there.

Though the Varsity team did not receive as much support as the boys team, the girls still did their best to uphold Lutheran High tradition.

The Hard-Working Dozen

The 1983-84 girls J.V. softball team was made up of twelve girls. It was primarily composed of freshmen, sophomores, and a couple of juniors. The girls record was not all that great. Just as last year they were stumped, but the girls worked hard out there on the field to have fun and prove their ability to play softball.

The girls coach was Mr. Strand who was a new teacher to the LHS faculty. He did his best in training the girls, to the best of his ability. He hopes to have a well organized team in action for next year. Even though the girls lost quite a few games, they learned to work hard and have fun.

April Wright

Varsity on the Move

Dawn Baca, Rachel Covington, Kim Michaelis, Nia Jackson, Wendy Hovland, and Shannon Dugan shoot for the top. Their cheer season began with a bang this year. The Varsity cheer squad spent one week last summer in Fresno, Ca. at a National Cheerleading Association camp.

The squad acquired a variety of new skills during the week, and maintained their teamwork, even in the scorching 100° weather. Wendy Hovland and Shannon Dugan were the only new additions to the 83-84 Varsity squad, and they blended in great with the four returning girls.

Our top notch Varsity girls kept the Lutheran High tradition and brought back a camp spirit stick (awarded to various squads for their lasting enthusiasm throughout the week). The squad also returned from Fresno with the "Award of Excellence." This award is presented to only one squad in the entire camp for superior performance, style, and technique. This award has been presented to only one other squad in the history of Lutheran High.

The Lion Pride, however, does not end here. The squad traveled to Dalla, Texas to compete in the finals of a National Cheerleading Competition. In addition to all of the excitement, Nia Jackson was awarded "All American Cheerleader" this year by the National Cheerleading Association. Nia traveled to Hawaii for a performance in the 83-84 Aloha Bowl. Once again Varsity Lions prove . . . their pride.

Nia Jackson
Lion Fan

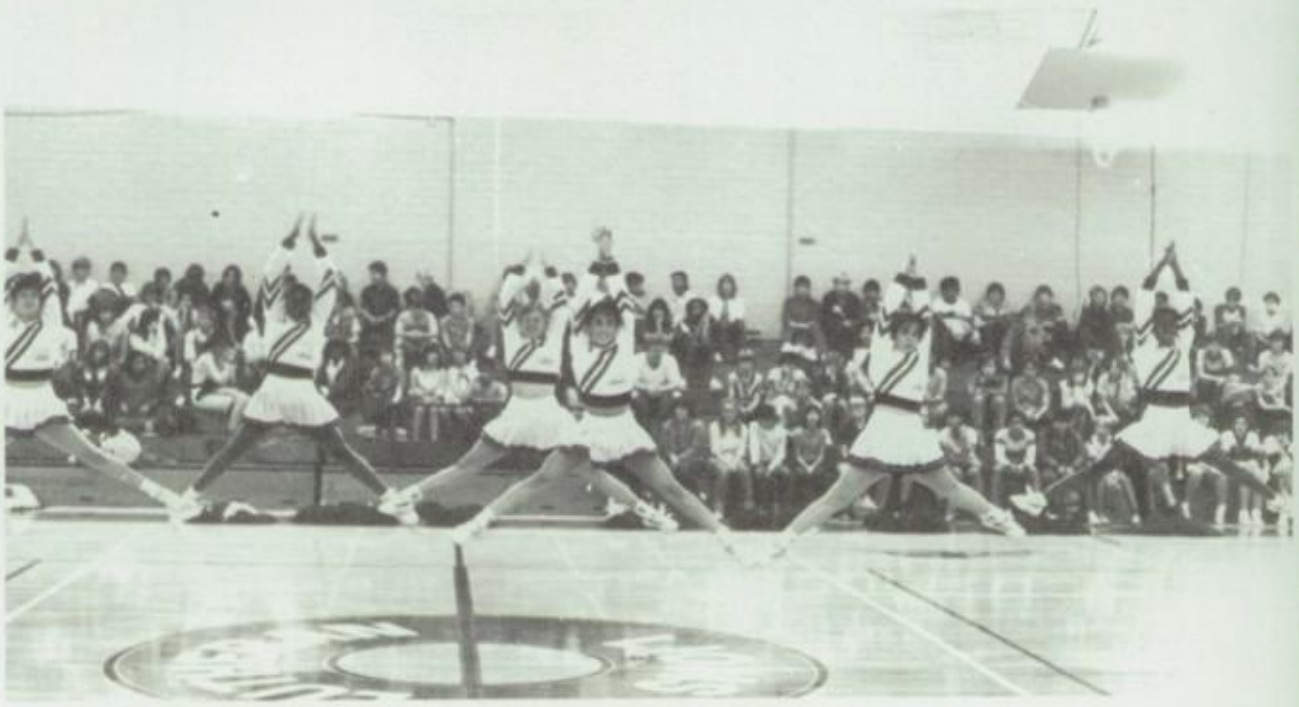
Right: In perfect unison, the Varsity Squad shows their spirit.



It's Fun to Create "A.J.V."

The Junior Varsity cheer squad kept the Lion spirit sky high. The 1983-84 squad was all in the mix this year. They derived their awesome flavor from these six main ingredients: Lori Dow, Michelle Earle, Stacey Kim, Deidrey Waltjen, Shanteria Christmas, and all 96 pounds of Tammy Haylock. Each of these special ingredients had their very own characteristics, that when combined, created "A.J.V."

The first of these was slim, red-haired Michelle Earle, who possessed an extra creative mind. Stacey Kim was a very important part of the mix, for what is a creative mind without her powerful voice to carry it through? Lori Dow sparked a smiley flame when the crowd felt the chill of a late-night football game, and Deidrey Waltjen turned a glance into a stare with her amazing leaps and bounds. Shanteria Christmas added the "merry season" as she showed off her beat and put the rhythm in their feet. Now we add the final and smallest ingredient: Tammy Haylock, who showed the final O.K. when they flipped her on top of the pyramid sundae.

As these six ingredients simmered in practice, the aroma was perfection, and the squad was ready . . . O.K.!!! Told you it's fun to create "A.J.V." (Awesome Junior Varsity.)

Lion Fan
Nia Jackson

Left: A damsel in distress? No!!! It's Tammy Haylock yelling for her Lions in football attire.
Above: Lori Dow, Michelle Earle, Shanteria Christmas, Tammy Haylock, and Stacy Kim direct the crowd's attention to the Lion painted on the new Gym floor.

Frosh Cheer

Many freshmen girls that come to Lutheran High, try their hand at being a cheerleader. The girls showed lots of workmanship last year, as they practiced their jumps and tryout cheer. With the help of a couple of junior varsity cheerleaders, the freshmen were on their way. The girls were judged by Miss Lisa Covington who is also the coach. There are only four girls chosen on the squad. Each girl is individually judged on her ability to do cheers and jumping skills. The 83-84 squad consisted of Christa Hurty (captain), Paula Bolden (co-captain), Julie Pope, and Hellen Chong. The girls put a lot of time and effort in their work. The freshmen squad has been an asset to the athletic department.

April Wright

Above: 1983-1984 Flag Squad: Captain Kimmia Di Giuro, Erika Holliday, Krystal Whitmore, Karen Lett, Co-Captain Cheryl Rogers.

Flag Squad

The Flag Squad of Lutheran High School consisted of five members. Only two of them were returning members. The captain of the squad was Kimmia DiGiuro. This was her third year on the squad. She had definitely worked for her position as captain. Their other returning member was Krystal Whitmore, who was in her second year on the Flag Squad. The other three were new members with no previous flag experience. This was Cheryl Rogers first year trying out, and she proved that she could do it by becoming the co-captain of the squad. The other two members were Karen Lett and Erika Holliday.

The odds were against the Squad due to lack of experience, but they proved that they could do anything they set their minds to.

Cheryl Rogers

Not as Easy as it Looks

The Drill Team at Lutheran High was made up of 14 members. They were as follows; Tammy Knutson — captain, Tracy Flournoy — co-captain, Ramona Farrington — co-captain, Cynthia Scott, Rhonda Gray, Susie Good, Valerie Ratzak, Alicia Isaac, Paula Arterberry, Lacey Easley, Dayna Woodburn, Roxi Curtner, Debbie Fisher, and Lisa Varala.

Drill Team was a very big part of Lutheran High. They made half-time at football and basketball games enjoyable. They performed to the music of today, as well as a few oldies-but-goodies. Rumor had it that ours was the best Drill Team LHS has had for a good many years. No sporting event would have been complete without the spirit exhibited by the Drill Team. They owed their success and achievements to both teamwork and sportsmanship.

To be a member of the Drill Team is very difficult, and rather time consuming. Getting a certain dance step or twist makes the Drill Team worth all the effort. During their rehearsals, chaos and confusion occasionally reared their ugly heads, but it was all worth it in the long run. One could see all the hard work they put into their performances.

The precision and talent shown in this squad is proof that Drill Team is a challenging reality. In the words of the ever eloquent Tracy Flournoy, "Drill Team is very exciting and it can be aggravating, but it can be so much fun to do."

Cheryl Rogers

Far Right: With a smirk on her face and a glove on her hand, **Roxi Curtner** is more than ready to begin another enjoyable Drill Team performance.

Right: **Julie Pope** tries to give the Freshman cheerleading squad a tougher image.

Mixed Chorus

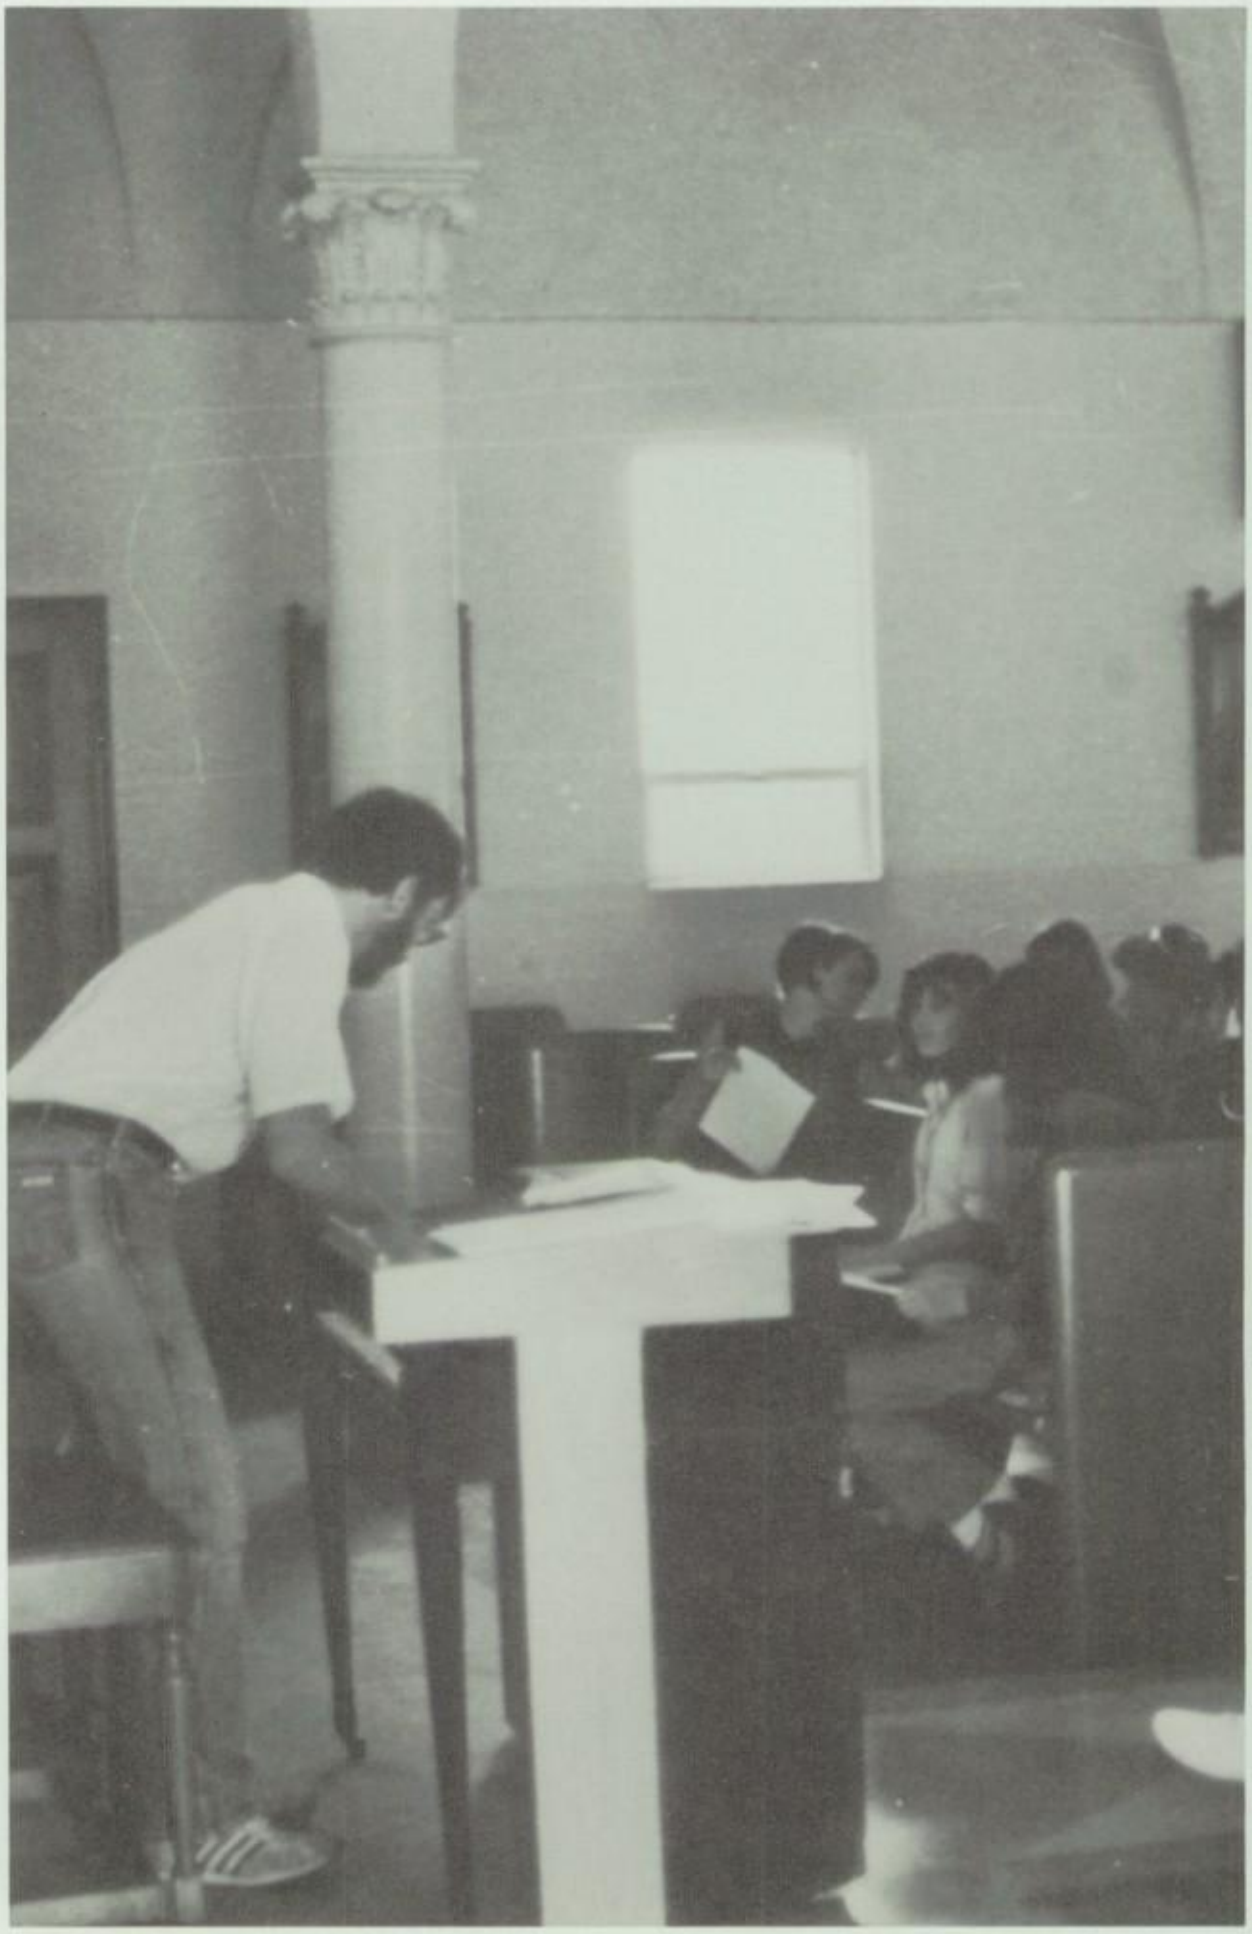
Mixed chorus was just that — mixed. It was made up of students from every grade: 9-12. The majority, though, were underclassmen.

Their director once again this year was Mr. Rob Spilger. This was his second year teaching music at LHS. His other responsibilities included band and concert choir.

Mixed chorus was usually his most frustrating class. Since the vast majority of the choir was freshmen; they were generally unexperienced. They weren't used to the way Mr. Spilger taught: with discipline. There were quite a few times when students got sent out of class for not listening. Mr. Spilger wanted this mixed chorus to be good.

The choir sang in chapel at various times, and also sang in programs at such times as Christmas and other special occasions. Sometimes they got laughed at because of the mistakes they made, but they were to be commended for trying their best.

Tammy Knutson



Left: **Mr. Spilger** plays the piano to accompany the Lutheran High School Mixed Choir.
Below: **Mr. Spilger** helps the students use their musical talents. Here the mixed choir practices to make each song perfect.

Acapella Choir

The well known musical talents of the Acapella Choir could be heard quite often when walking through Lutheran High School. If not practicing during school hours they were performing for the benefit of all those listening.

The Acapella Choir often sang in Chapel which was certainly a tr treat. Directed by Rob Spilger the group sang their hearts out all to the glory of God.

Chapel

One of the most familiar activities at Lutheran High was the Chapel services held on most Tuesdays and Thursdays of every week.

Reverend Christianson was in charge of the services. "When I came to L.H.S. it was part of my calling as a religion teacher to direct the Chapel services." He also stated, "I do enjoy leading each service because I am working with the students and faculty."

Most importantly he based his sermons on situations of other people that have experienced certain problems. He states, "I use these examples as an anecdote for people with these problems, in my lessons."

When asked why music was used more this year than before, Reverend Christianson said, "I like music. It is a way of showing our participation in the worship service." He also felt the words have a message, and the message relates to what he is saying in the lesson.

A part time helper of chapel, Samuel Graham said, "Music in worship is important because it releases our spirit to receive the word of God. We came to worship Jesus, not look at the person next to us!" What might improve chapel? Student involvement is needed more. There were a few students who helped out but there must be a stronger amoung of people for it to work. He concluded by saying, "This might be a little strong, but I think the students are uptight about worship!"

Kurt Bachman

Opposite Page: Mr. Sylvester does a chapel service with puppets he made himself. These services always catch the watchers attention because they are humorour with a serious christian message.
Opposite Page: Clown ministry in chapel proved to be an interesting break from the normal chapel routine. Mike Winsor and Miss Lehman show us how it works.
Far Above: Mr. Sylwester and his puppetry troop performed for us on All Saints Day. Mr. Sylwester performs in chapel several times a year.
Above: "I see water, No, NO it's a pack of wild lions" states Mr. Weist. "Yes, Yes I can see it too," shouts Pastor C. Actually it's one of the first chapel services of this year, where the students were asked to participate in the parting of the Red Sea.
Right: Hocus Pocus, Ziggery Zam, John Van Devere makes the one appear, with a little help from Shelly Ferrel and Miss Lehman.

Rick Springfield by Jennifer Hardin.

Nefertiti and the Frog at her Morning Make-Up Application

Queen Nefertiti, Egypt's Aphrodite,
With her eye-line brush in hand,
Mixing water with coal in a pewter bowl
At her morning make-up stand.

By happenstance, down she glanced,
And spied a frog reclining;
That nonchalant', the meal did flaunt,
Upon which it was dining.

Of course the queen let out a scream
And for to flee did go —
But vanity said, "Do not leave
Your naked face to show!"

Around she whirled, her fingers curled —
Fist of indecision!
"The make-up will be, undoubtedly,
Applied without precision!"

Her eyes encased inblack lines placed
From tear ducts to her temples,
She abandoned this to line her lips
With bright red ochre pencils.

Thereafter soon she fled the room
(Her make-up all askew)
To send her page to disengage
The loathsome frog from view.

The make-up placed on Her Highness' face
Was whimsical that day.
The queen looked comic; but laconic
The people had to say!

For not to let the vain queen fret
The public indiscreetly
Modeled fashion — mostly make-up —
After Nerfertiti!

But Nefertiti, quite discreetly,
Vowed to with frogs get even —
"I'll set them down upon the ground,
And start them all a-bleedin'!!!"

Erik Drohman

WORLD EVENTS

The worlds tragedies and joys have affected everyone in society and everyone here at L.H.S. in some way or another. Whether it was a little cry of pain, or a bright smile of happiness, we look now in the world as it was in 1983.

Last year the world was disgusted at the Soviet Union for shooting down a Korean Airplane, flight 007 while it went astray on its mission to Seoul, Korea. Everyone reacted as if it were the first time the Soviet Union had ever shot a plane out of the air, however, planes have been shot out of the air by the Soviet Union since the 1950's.

After shooting the Korean Plane down, many people protested about the Soviets being in the 1984 Olympics, but the Olympic Committee proclaimed they would not judge them according to political issues.

The happiest time for the United States will be the 1984 Summer Olympics. The Summer Olympics will be held at the Coliseum in Los Angeles. The swimming events will be held at the University of Southern California because of their olympic-sized pool. The cycling event will be held at the Velodrome of California State University of Dominguez Hills. The gymnastics events will he held at the Pauley Pavillion of U.C.L.A. The boxing events were held at the L.A. Sports Arena. The basketball events were held at the Forum in Inglewood. The Winter Olympics are to be held in Sarajevo, Yugoslavia. The men's downhill skiing event will take place from the top floor of the Mount Bjelasnica Restaurant.

There was a lot of controversy last year about the television show "The Day After" shown on ABC. "The Day After" was a program on nuclear war. Many teachers urged their students to watch the film. Many people tried getting bills stating that the film would be banned from television. However, Mr. Freudenberg encouraged the students here at L.H.S. to watch the television show because it talked about what could really happen in nuclear war.

Many people have adjusted to Reganomics, but they won't be adjusting for long because the candidates have been chosen for the 1984 election. One of these candidates is Reverend Jesse Louis Jackson, a forty-two year old black Baptist preacher running for President in the 1984 elections. Many people say it's the wrong time for him to run as President, but he's determined to be President.

Speaking of Presidents, President John Fitzgerald Kennedy was remembered when shot in Dallas, Texas on November 22, 1963. In honor of John F. Kennedy a movie was shown of his life and death. Special services were held in remembrance of him on November 22, 1984, twenty years later. He will always be remembered as a great man.

Last year marked the age of achievements and accomplishments. We had the first black man to ever become an astronaut. We also had the first black woman to become Miss America; her name is Vanessa Williams.

Martin Luther King Jr.'s birthday became a national holiday, after many years of hard work and struggling to make it an official national holiday. K.J.L.H. radio station and Stevie Wonder led the proposal in making Martin Luther King Jr. a holiday. They asked many people who listened to the station to write letters saying that they wanted Martin Luther King Jr.'s Birthday to be a holiday. There was also a rally held in Washington. D.C.

Jessica Savich, a newscaster for N.B.C. died last year in a severe car accident. Awhile later, Jerry Dunphy, a newscaster for A.B.C. was shot while in his Rolls Royce leaving the studio parking lot.

Many of our men came back from Grenada in December after being in Grenada for six months. Two hundred and forty men were lost there in October.

All in all, the year was filled with tragedies and joys for the L.H.S. community.

April Wright

Environment's Revenge

Oceans choke all the fish
And poison both the poor and rich
That choose to place them on their dish
Because the factories do wish

NOT to purify their waste
And thus do give the fish their taste
That poison people and their mates
Who partake (from their plates)

Of fish and dates . . .

Of prunes and raisins; apples, too,
Of oranges and all that fruit,
Of broccoli broccoli-cauliflower soup,
Lettuce and organic booze;

All spritzed with man-made DDT
Supposed to kill the bugs and bees.
It's really great for rearin' weeds.
'Does a lot to spread disease,

Yet, no decrease in flies or fleas?!!

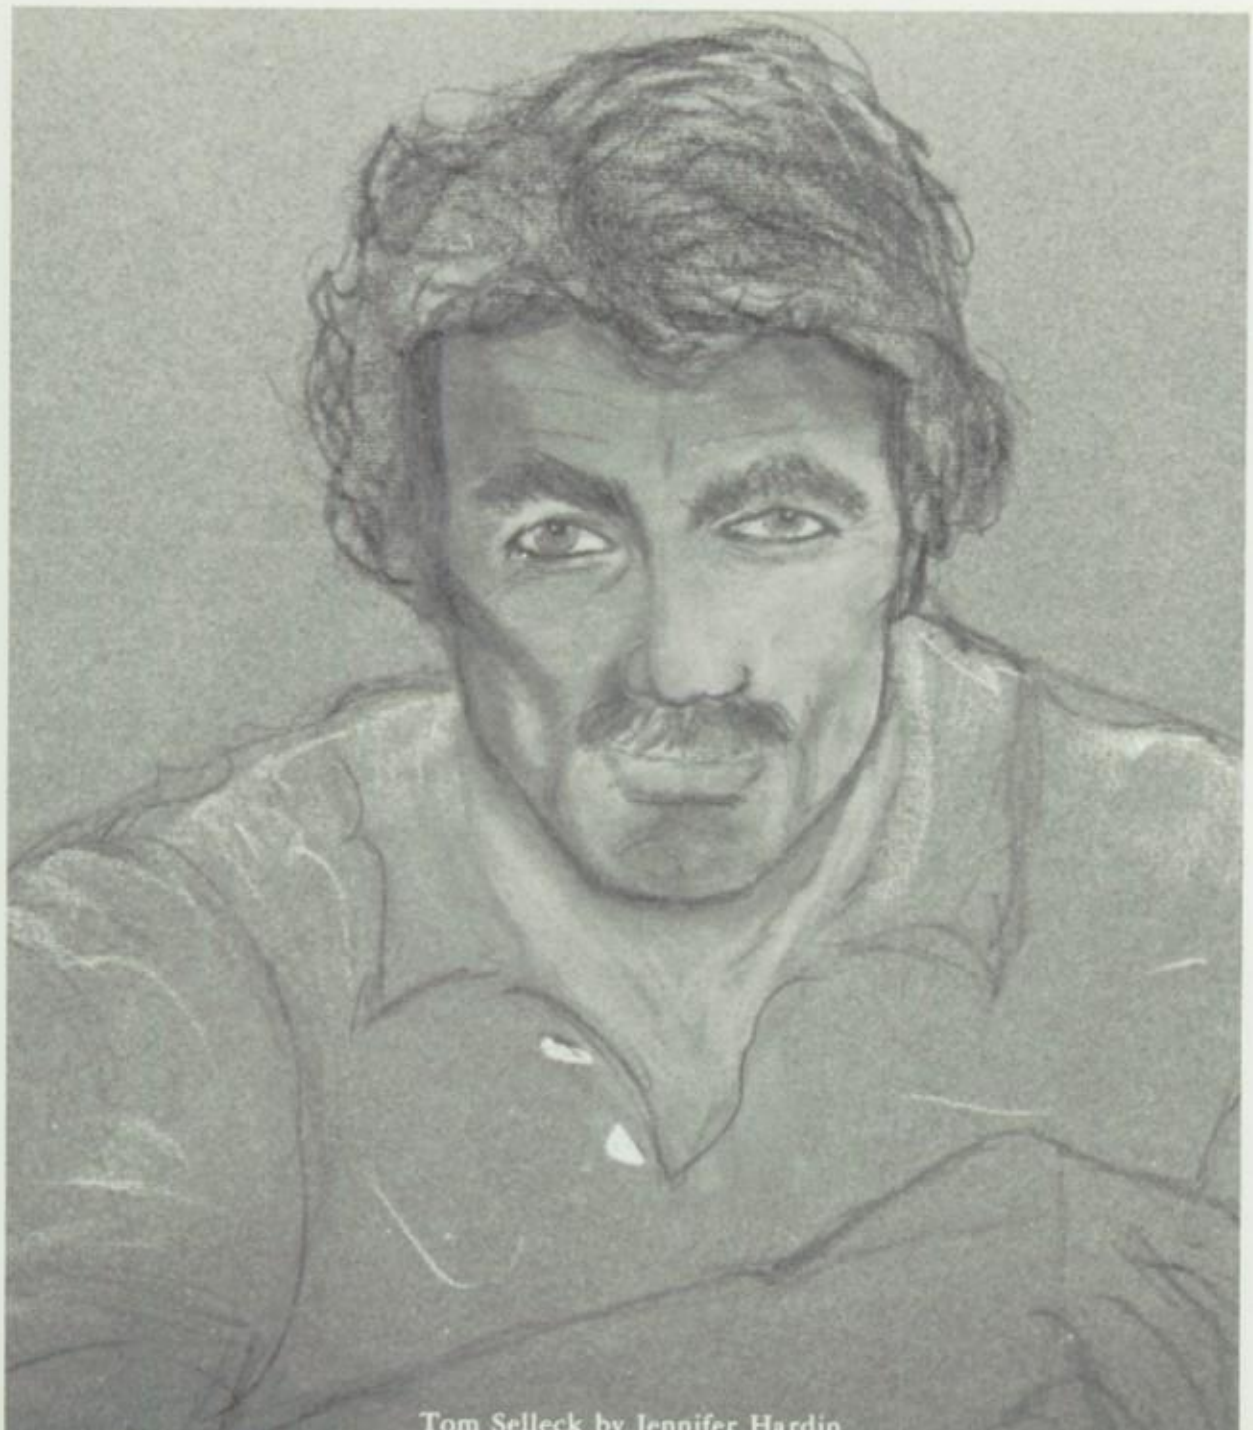
The sun will dine on human flesh
When "ultra-violet" rays will press
Thru ozone layers too much recessed
By smog and utter carelessness.

Heavenly water? — it's acid rain.
Sorry to say that we're to blame.
In worrying there is no gain,
(You see, this poem's all in vain)

So . . . don't give it a thought —
Never again.

By the 2 Germans
Dedicated to the one woman who inspired our (somewhat limited) poetic abilities, Lisa Bednar.

Bill Roberts



Tom Selleck by Jennifer Hardin

Images of Heaven

Here you are once again in my life
Your image again floods my mind
The looks that slash like a crimson knife
The eyes that tie and bind
My soul which alone lies
In cold darkness since you left me.
I catch a glimpse of light that flies
Through my heart, enough to see
That what I want, what I crave
Was never meant to be.

Waters moving ripples through times
The swirling, gentle swells
That try again to catch the rhyme
Which nature never tells.
If we are once more to meet
If time again will cross our paths
Our hearts once more will sing and beat
In union, flow like moonlit baths
In quiet streams to cool our feet.

Hand in hand we'd face the world
And see the rising sun
The road before our feet unfurled
Together 'till the journey's done
We travel, over ups and downs
Please help me if I stumble or fall
We'll cry at deaths, laugh at clowns
Until we hear the Savior's call
And make the final rounds.

Julie Howard

Fads and Fashions

This was the year of many different styles. More than in the past years at Lutheran High has there been so many different tastes in clothing. What the students wore largely depended on what type of music they wore. There were New Wavers, Mods, Light Punkers, Heavy Metalers, and Preppies.

There were popular styles with each clique. The Heavy Metalers were into wearing spikes around their arms and their waists. Pandoras were a favorite for guys pants or more commonly known as parachute pants.

High top colored tennis shoes; multi-colored beads and bracelets; long and large earrings; bright colored clothes; and even colored hair were commonly seen among the New Wavers.

The movie 'Flashdance' resulted with shirts and dresses that dropped off the shoulders. Yet, after a couple of months these outfits became illegal to wear to school. Other popular styles were collars worn up, penny loafers, every color shoe imaginable, shirts pants and skirts with zippers, argyle shirts, sweaters, vests and socks were also a large part of the students wardrobes.

Most hair styles seen on campus were short for guys and girls. Many guys including Jim Jehnings, Tim Koch, Scott Barker, Scott Yurek, and many others started out the '83-'84 school year with a 'buzz'.

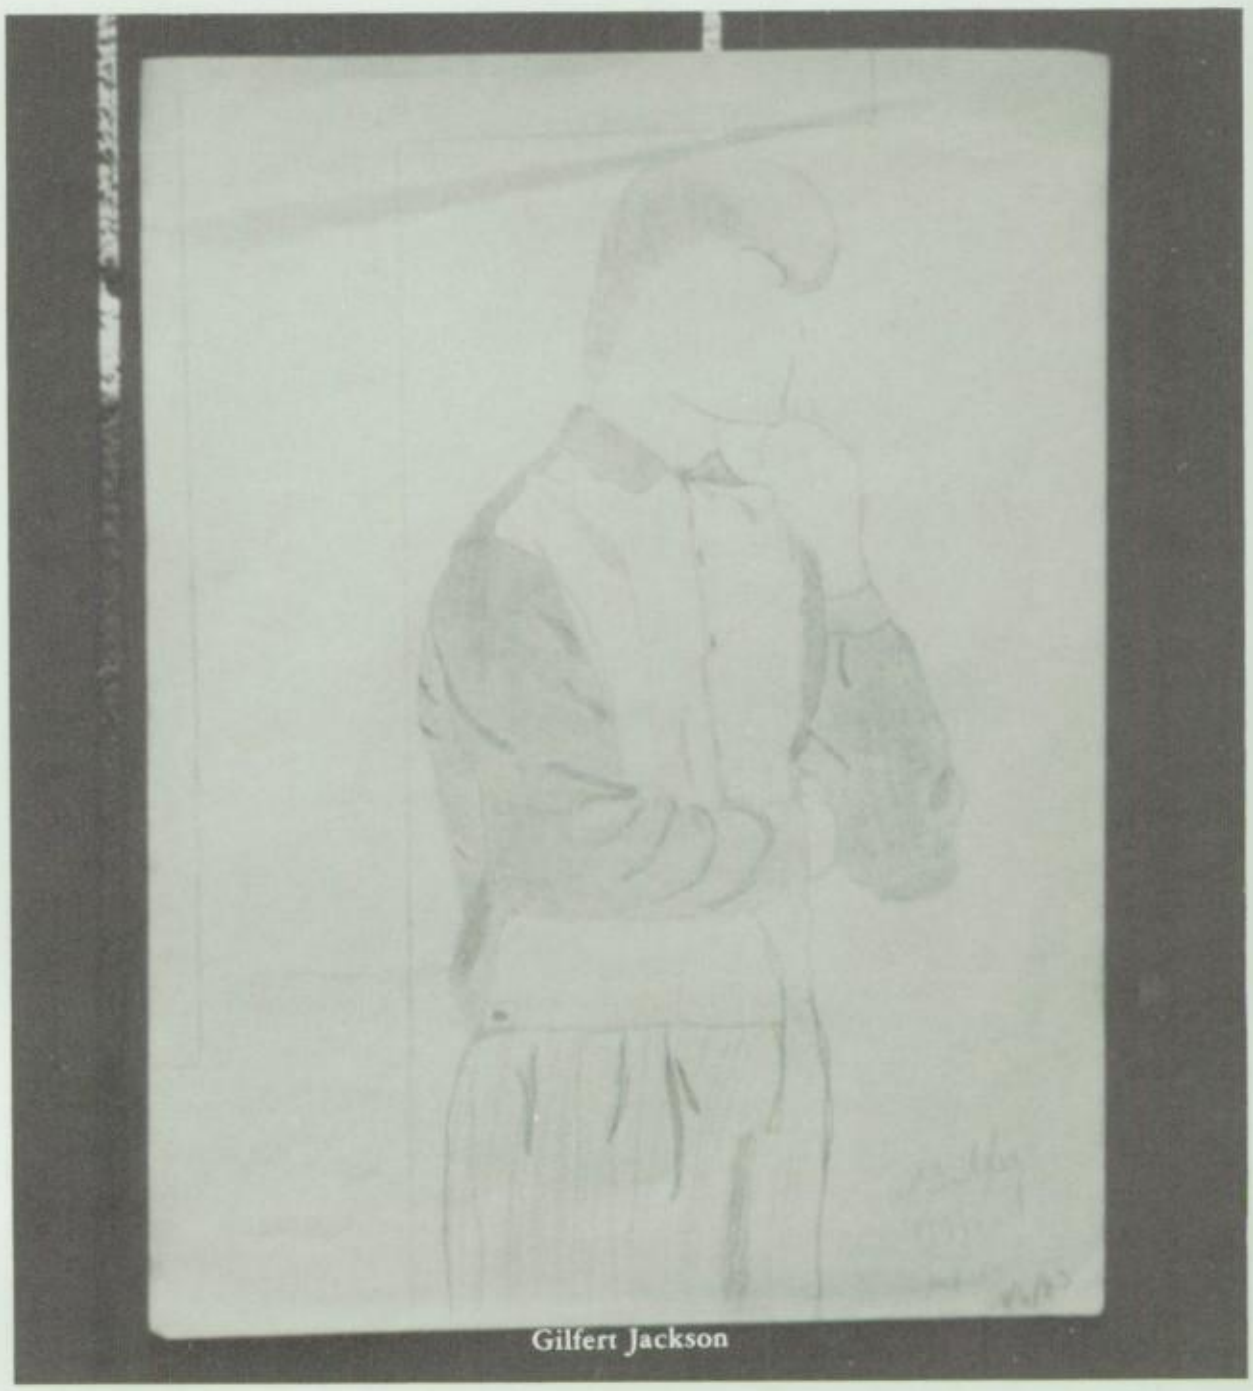
Lutheran High was very up to date in fashions and styles. On campus you could observe almost all that existed in Fads and Fashions in the year 1984.

Lois Schweigert

Masks

Behind a mask
A wall of smiles
You and I,
We'll talk awhile
Not really talking
We're too afraid,
A stray emotion
Won't stay where it's laid
We'll keep them down
And just pretend
We just don't care
Enough to bend
Enough to care
Enough to cry
To say we're sorry
No reason why
Just for a moment
When we cry
The mask slips off
I thought I'd try
But back again
I feel it snap
Another mouse
Caught in your trap
Another time
Another place
We'll really talk
Face to face
Until then
Stay in your space
The back of my mind
And please, don't come out again.

Donna Sheets

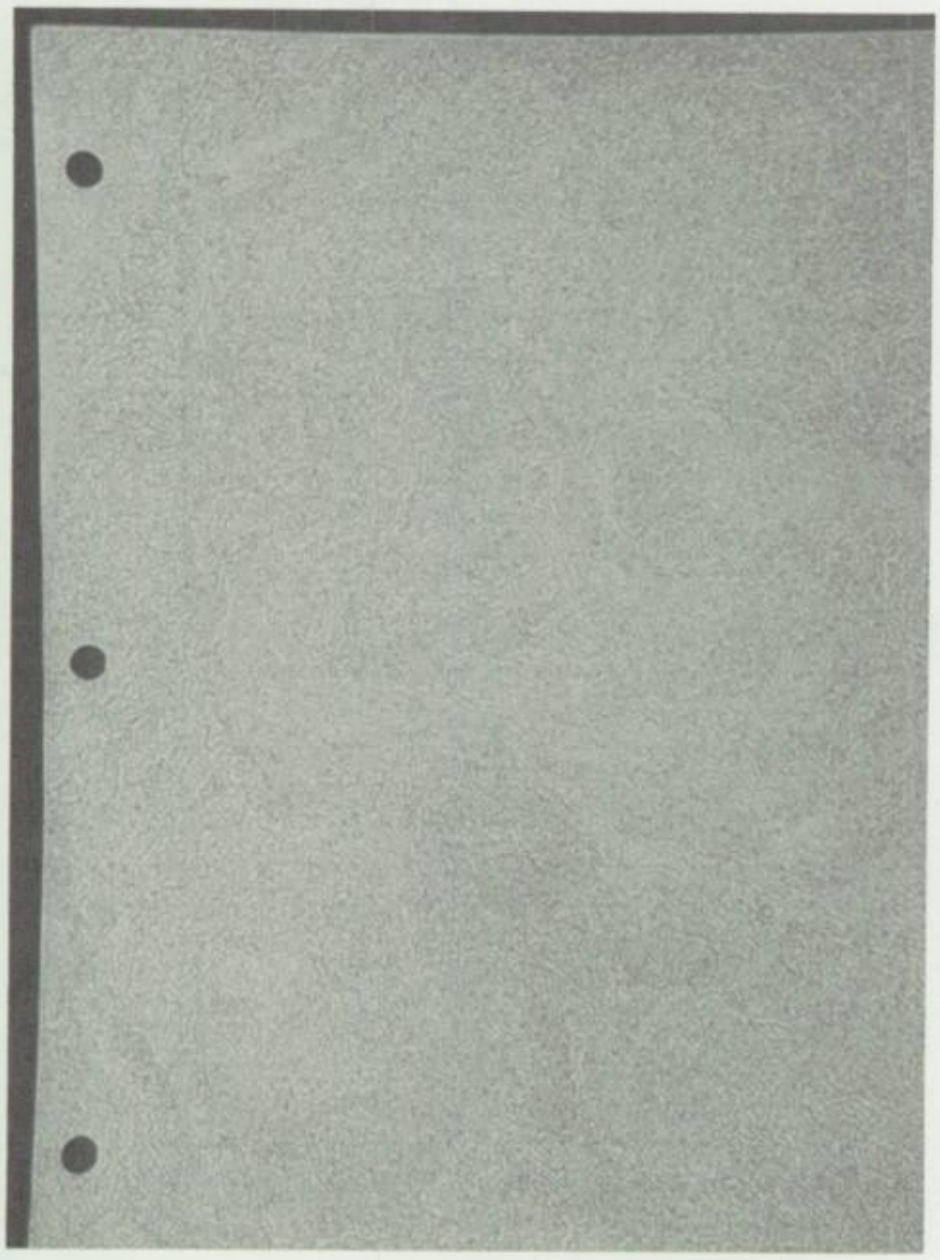


Gilfert Jackson

Pipedream Seventeen

So it came to pass
That the bullet brains
Brought home death
Carrying organisms
From the heavens;
And only the hippies,
Lungs scarred and tarred,
Survived the results
Of their scientific folly.
But it didn't make a difference!
Only in You, Lord; only in You.

Samuel Graham



Oceanside

We lost to Oceanside
  And beat the rest
Which goes to show
  Our team was best
They tried their hardest
  To win the game
There were nine seconds left
  'Til the game would end
We hoped and prayed the ball would go in
  It hit the rim
And fell to the floor
  We checked the seconds
But there were no more.

Tracy Flournoy

Beginning to End by Brian McClary

ENTERTAINMENT

Living in a major city offers many opportunities for entertainment. We have an advantage living in Los Angeles; no other city, with the exception of New York, offers so much diversity to so many. L.A. has become a major cultural center and is still famous for its movie-making industry.

As far as movies go, we have the most famous movie theatre in the world with Groman's Chinese in Hollywood. If you prefer, you can go see a Broadway musical at the Schubert or Pantages Theatre. There are numerous theatres where the cultural person can see everything from Neil Simon to William Shakespeare.

L.A. is also the location of many illustrious museums, such as the Children's Museum and the Norton Simon in Pasadena.

For the sports fan are the western division champions, the Dodgers, the Perennial Powerhouses in basketball, the Lakers, as well as the Rams, and, last but not least, the world champion L.A. Raiders. The Lazers and the Kings complete the picture.

People who either would like a variety of things to do, or who just can't decide what to do often cruise Westwood or Hollywood.

Movies were a biggy this past year; especially **Risky Business.**

The summer of '84 brought the Olympics to town, and with it many activities such as the Arts Festival, not to mention, of course, the sporting events.

If eating gets you more enthused than gold medals, you may want to try some authentic Mexican food at a place like Olvera Street, and likewise is Chinatown for Oriental cuisine.

For a really off-the-wall-ending, I would like to wrap everything up by stating that if you don't have the time or the money for any of the above activities, you can always stay at home and watch T.V.

CLUBS

In Search . . . the Hiking Club

The Hiking Club was very successful this year. Lisa Bednar led the way for all her club members. The usual style for the hikes was to meet at school each Sunday, then depart to a scenic mountain for them to conquer together. It was a chance for students and teachers to be equal (as we always knew they were), and enjoy God's creations together.

Look Out Bozo!!! It's Clown Ministry

Clown Ministry was an important part of the year's sermons. Melissa Leman's talent for bringing the words of the Lord out without speaking was accomplished very nicely with the help of a few diligent students. Using the art of pantomime, they left the students and faculty uplifted and inspired without words.

Pep Club WOOOOO!!!!! The Pep Club was the largest club at Lutheran High. The member's purpose was to offer support to our talented athletes both before and during their games. The members were anonymous to their assigned players and they

really rose spirits by surprising the players with goodies and gifts. WOOOOO!!!!!

French Club

The French Club was supervised by Melissa Leman. Using fun and inventive ideas Mademoiselle Leman and club president Rikke Kalthoff, created ways to encourage the culture of France among the French language students. Some of their activities included watching French movies, fondue parties selling crepes, and doing an International chapel service.

Student Body Officers

Student Council, advised by Al Ludtke, contained within its ranks an efficient executive body. The four executive officers were: Troy Dueker — President, Karen Hofmann — Vice President, Toni Taylor — Secretary, and Corinne DeAngelis — Treasurer. Elected by the students, they represent the interest of the student body and helped to initiate changes.

Clubs

Rowdies

A new spirit group sparked of a spirit of fun and involvement for all. The journey to C.I.F. 1A Championship was one felt by the whole student body. Everyone wanted to help to support their Lions to the "Ultimate Victory". There was one group of guys from L.H.S. that went all out. They painted their faces with blue and white, as well as dressing in blue and white. They helped the cheerleaders in getting the crowd involved. The group consisted of Troy Norton, Jeff Ehrman, Tom Gannon, Brian Gannon, Brian Borchert, and a few others that joined the rowdies as the year went on.

Student Council

Keeping everything in order, no one does the job better than student council. Tackling everything that stands in their way they started with Homecoming, which was a smashing success. Keeping with the spirit they sold candy canes for Christmas, which is always a success. The Student Council certainly deserves much recognition for a job well done.

Lion's Review

Most of the members of the "Lion's Review" were new this year except for the two editors, Shanon Dugan and Rikke Kalthoff. These roaving reporters on the staff kept spirits high and the journalism curiosity stirred up. When a story was forming the staff jumped to pick up personal interviews, quotes, and photographs. The Lion Review kept the students well informed as to what was going on around them. **California Scholarship Federation (CSF)**

It was a great honor to be on the California Scholarship Federation, and just about every student would love to be on it. To be on CSF you have to fill out a questionnaire and you must fit their requirements to be accepted. If you are on CSF for four semesters you become a gold seal bearer. Being a seal bearer you become among the top students in the state, and this gives you a chance to receive scholarships and grants.

Drama

The Drama department changed considerably this past year and it was for the good. This year it had a new supervisor, Mr. Rauch. They have done many different plays like, Godspell, Arsenic and Old Lace, and The Good Doctor. They all went very well! They even had a dinner theatre, which was a smashing success.

Prom 1984

Faculty

Faculty

Being one of the new P.E. instructors here at LHS, Al Staie believes the students are receptive to what he has to offer. "I like the way the students don't shut away from a teacher. I also enjoy my interaction between the other teachers and the students." He is amazed that the kids accept and respond well to discipline.

"This year has been my most enjoyable year of teaching. The students have made tremendous progress in their knowledge of music." Rob Spilger, the music teacher, says that next year they will be more than ready for the new music wing of D-13.

Mr. Roland Sylvester has been teaching art classes here at LHS since 1969. He says, "I enjoy teaching here at LHS to help the students learn." Mr. Sylvester also enjoys puppetry, which he and his wife perform as a ministry.

Mr. Tim Taube is in his ninth year of teaching at Lutheran. His is the Geometry department, and he is also a boys P.E. instructor. Besides making bad puns about Supertramp, Timmy was head coach of the varsity football team.

Mrs. Cheryl Insua has been teaching at LHS three years. Other courses consist of Spanish I, II, and III. She is also supervisor of the Drill Team. She was married last Summer and is living in wedded bliss in Burbank.

Mrs. Pat Ehrman has been a teacher at LHS for seven years. Her daughter and two sons attended Lutheran High. She teaches Personal Typing A, B, & C, and also Accounting, which involves instruction on how to operate a computer. She enjoys taking care of the many animals she has on her ranch (not to mention the ones at Lutheran High), and she is everybody's favorite Mom.

Alvin Ludtke teaches religion and German here at LHS. He was also the advisor of the Student Council. He said, "It's been an unusually rewarding and awarding time between faculty and students." P.S. I love you, Alvie. — C.D.

Melissa Leman has been teaching at LHS for two years. She teaches Algebra and French, and heads up the Clown Ministry group.

David Schnurstein previously taught grade school, but has always wanted to teach and coach older youths. When asked if he had any expectations he replied, "No, not really." Schnurstein taught World Geography and Driver's Ed./Health & Safety.

Dennis Witte came to LHS because he liked the facility and it had a good environment. When asked how he liked the school, he replied enthusiastically, "It smells!". Witte taught Chemistry and Physics, so that might have something to do with it.

Samuel Graham had always wanted to be involved in the ministry, so when he was offered a position he felt that LHS would be an ideal place. "I like the school, but sometimes it can be frustrating." Graham was in charge of study hall, and he also coached the cross country team.

Miss Ehrhardt, B.K.A. "Amelia" to her students, began her first year here at LHS. Besides being a P.E. teacher, she coached The Varsity girl's basketball team.

"Howie" Freudenberg, a well known teacher at LHS, taught Biology, Biology Lab, and science. He also coached J.V. volleyball. Rumor has it that he thrives off of the smell of formaldyhyde, and because of this he will never die.

Above: The LHS Faculty show that they can be just as strange as the students. Sylvester and Cheryl Rieck. **Bottom:** Stephen Borth, Cheryl Insua, Melissa Leman, Helen Craig, Danielle Ehrhardt, Patricia Ehrman, and Sharon Komar. **Not Pictured:** Keith Christiansen, Lesa Covington, Robert Dueker, Alvin L. Ludtke, Al Roth, Rob Spilger, Allan Staie, Timothy Strand, Dudley Wiest.

Guild and Boosters

At any school event it was a very usual sight to see a large group of men and women scurring about, preparing food, all for the aid of the students. These men and women were known as the Guild and Boosters Club.

This group of parents, current students, and alumni of Lutheran High, and also those who have become involved with Lutheran High, over the years for various reasons.

To raise money for their contributions and gifts to the school the Guild held their annual Shopper's Luncheon, and they also ran the snack shack at all the home football, and basketball games. In addition to the other things the main source of income was the thrift shop.

The booster club that sponsors a snack booth to raise money for the students. This was one of the many stands sponsored by the boosters.

A New Look for the Lion's Den

Because of Lutheran High's changing as a whole, the lion's den of 1983-1984 year obtained a new image. The lion's den got a new paint job consisting of blue and white to match the school colors. There are a few new paintings and a couple of plants around the new desk where most of the cafeteria business is taken care of. The lion's den has a fresh spring look for the wonderful aroma of food being cooked. Everything is neatly cleaned and stored.

The lions den in 1982-83 had four registers open to serve students, many of times all four registers were not open, due to the fact of students not showing up on time to run the registers. Our 1983-84 registers for the lions den were run by teachers who volunteered their lunch breaks, only using two registers.

It was asked why we didn't have pizzas and spuds for lunch. Fran Jehnings said that, we weren't having pizzas and spuds last year because of having only one oven, and having to make three times as many in 1982-83, I also had no way of keeping them warm.

Many of the crew members often like comments from the students about the food to make top quality choices for lunch. Debbie Fisher says "the food is O.K. sometimes." Jeanette Stanley says, "the cafeteria needs more of a variety. Many of the crew members are returning members of the lions den. Fran Jehnings has been working in the lions den for four years. The lions den has many volunteers who spend the time working like busy little bees, such as Sheryl Flack and Linda Barnes. Fran Jehnings says "I would like to be able to run the kitchen without them." Bob Van Critters said, "I decided to work in the kitchen to help out the school." The majority of the workers and co-workers are working for God, just as we should all be working for God."

April Wright

Top: The cafeteria cooking staff works hard every day to feed the students. Above: **Mrs. Jehnings** gives directions to fellow workers to make sure the noon-time rush goes smoothly. Right: The Lion's Den is always well stocked to please hungry students.

Jovial Janitors Juice up Joy

Believe it or not, the janitors played an important role in the cleaning and upkeep of one Lutheran High campus. Splendidly and diligently, this select group of men made sure that our campus was looked after and kept in the best possible condition, constantly picking up after the Lutheran High students.

These delightful dialect instructors were also a constant source of amusement to the LHS students. There was never a dull moment with these organic rowdies hanging about!

The LHS janitors have not only been trustworthy maintenance workers, but friends to many students. Their cheerful faces helped brighten the attitude of all of us.

Although the work enforced on these obedient men was quite a handful at times, they kept the campus clean with warmth and integrity. (Now is the time to play "America the Beautiful" and reread).

Lois Schweigert
&
Christa Deitrick

The Lutheran High School janitors play a large part in maintaining the large campus.

The Many Faces of the Office Staff

Above: **Mrs. Grossman** works diligently to get her part of the work done to make the office run smoothly.
Right: **Mrs. Ferrin** balances the books in the Business Office.

This school would scarcely be able to operate without the aid of our efficient office staff and their helpers. There are many different offices in the administration; the school office, the development office, the business, and the association office. The school office is composed of Mrs. Hof, Mrs. Booth, Mrs. Lochmann, Mrs. Grossman, and Mrs. Brownlee.

Mrs. Hof acted as the school's receptionist. She greets people both in person and on the phone. Previously, she was a part-time nurse, which is evident by the manner in which she claims that you must have a significant temperature before you are allowed to lay down, as well as the fact that she will give aspirin to no one. She received help from 13 students who volunteered for office help. These students collected the attendance slips, and acted as "gophers" to any condescending faculty member who had the whim to push them about.

Mrs. Booth took care of school tuition and attendance. She said that the first of each month of each semester was very busy, because all of the parent's hard earned money was rolling in at such a blinding rate, it made her head spin. Attendance, however, did not pose much of a problem, as it was entirely computerized for the whole first quarter. As if she didn't have enough to do already, she also aided the office helpers and drove a bus! What a woman!

Mrs. Lochmann was the school secretary. She worked primarily with Mr. Miller by taking care of his correspondence and screening all threatening letters.

Mrs. Grossman took care of the facility use, making sure everything ran smoothly. She also had the all-important job of putting together the dreaded daily bulletin.

Mrs. Brownlee took care of the school records. She sorted out all the transcripts and sent them to various colleges and universities. She also kept track of the Honor Roll, and I think it only fair to mention that she was well-loved by all the students.

The Development office undertook the difficult task of developing and made it look easy. Mr. Komar headed up the mysterious Developing tasks, and Mrs. Lang acted as his secretary.

Mrs. Ferrin worked in the business office taking care of finances. One of the few things known about her is that she always wears Chalndre.

Mrs. Miller works with Pastor Kreuger in the association office. There they make sure everyone was happy, and encouraged school growth.

We are grateful to the office staff for making our years at LHS singular and ever-changing.

Above: **Mrs. Brownlee** works as one of the many school secretaries to help students whenever possible.

Changes

Times have changed since the graduating class was freshmen. That freshman class and the current class are different in many ways.

In the earlier years, freshmen were afraid to speak to seniors. Now the freshmen just walk up and start a conversation with anyone. The fashion scene has changed dramatically. Freshmen used to dress like young girls, now they wear today's women's fashions.

Besides attitudes changing, the campus has also changed. Freshmen are no longer the youngest class at Lutheran High. They have decided to add junior high students; so now freshmen have someone else to pick on.

The freshman class consists of 131 students and this year those students had it lucky. Every year the seniors get one whole week to initiate the freshmen into Lutheran High.

Well, this year the administration decided to discontinue the weeklong period and change it to one day. The senior class had to try and put one whole week into one day. They also had to change the name from "Initiation" to "Welcome Day."

The seniors and a few freshmen were very happy the "Welcome Day" finally arrived but they didn't expect rain. The rain put a damper on things but it was still fun for everyone involved.

Breaking Through

Matthew Keesler

Kim Knudson

For a new person thrust into an already close community it is always tough. But the word tough gains new meaning when you think about Frosh. Not only do they have to break in, but they are at the bottom of an incredibly tall ladder. While the odds may seem against them, many from the class of '87 got around those barriers to make senior friends. This is done usually through sports and choirs. But what about those who aren't in either of these? The answer for many is initiation day. True, it may be a tough way to do it, but the effects do last. How can you help but know someone well when you get picked up for school at three in the morning! Very often the senior becomes like an older brother or sister away from home. In fact, some of the Frosh are so happy to be friends with a Senior that it is not an uncommon sight to see a Frosh volunteering to get that Senior his lunch or take care of the trash. But no matter how you look at it, the Frosh are the future of our school and what better teachers, than those who have gone through four years, the Seniors.

Making a Change

Which way do I go? Oh no, I forgot my locker combination. Confusion is a freshman. They wander down the hall in a world of confusion. "Everyone can tell when they see freshmen." says the big Senior **Toni Taylor.** Take a different view of freshman this year, That is what we have to do.

Freshmen this year are unique even though they are the underclassmen. They are the biggest, they make up ⅓ of the entire school. Their size gives them the feeling of belonging within their own class. There is truly a freshman hall this year. Believe it or not, the freshmen actually take pride in their piece of territory. "It's something to be proud of and care about, just like Senior Square." says **Pieri Booth,** a proud freshman.

The freshmen keep their place for respect; they stand tall in pride and fall short in modesty. Their unity is surprising in comparison to previous freshmen classes. Lutheran has something to really be proud of this year. Even our underclass has the unity and pride of an upperclass. This says a lot for the future. A new outlook for freshmen: united we stand, divided we fall. Freshmen of '84 will sure conquer all. Throw away the stereotype of a confused freshman because this year they have definitely proved to be much more.

Sophomores Gain Confidence

The Class of '86 has moved up in Lutheran High's social class system.

They are no longer thought of as the lowest class. They have obtained knowledge in maturing and other different areas. **Erika Holliday** says "part of that maturing knowledge is having confidence; as freshman, we sophomores didn't have confidence."

The sophomores proved they had plenty of confidence in themselves and their fellow classmates when they took second place in Homecoming Week. They took first place in the Tug-of-War event, third in the volleyball. The girls took first place in the Pentathalon event, and the guys came in third. They took third place in the running medley and third place in water polo.

But of most importance, the sophomores took first place in the banner competition they presented toward the 1984 summer olympics. The sophomores obtained maturity; they now act like they have obtained sense of growing to become an adult.

Besides obtaining maturity, the sophomores obtained fashion. No more little freshmen coming to school with blue jeans that have holes in them and tacky T-shirts that hang out of their pants and look as if they had been worn for three consecutive days.

All in all, the sophomores will obtain much knowledge by the time they are Seniors.

April Wright

Eager Drivers

The majority of the 1983-84 Sophomores took Driver's Education this year. They were faced with learning all of the rules and regulations of driving a car.

There was a new teacher instructing this course: Mr. Schnurstein. He was a very good teacher; he got the information through to the students. The sophomores were really excited about at the prospect of being able to drive legally on the streets.

Unlike last year, the students couldn't take the test for the learner's permit in class. The students received a pink slip if they earned a grade of a C or better and had to take that down to the Department of Motor Vehicles. They took the test there.

With taking Drivers Education, sophomores also took Health and Safety. Each of these classes lasted one quarter. Mr. Schnurstein also taught this class.

The students learned about health related problems and their solutions or ways of prevention. The safety portion included first aid, etc.

All in all, the sophomores were eager to get these classes so they get the hours of instruction required to begin Driver's Training.

Above: **Kathy Burke** wonders if she'll ever understand what her class is about, while **Martin Lopez** watches the teacher with undivided attention.

Sophomore's Pride

The Sophomores were a class full of enthusiastic and spirited students who effectively proved their class pride and unity during the Homecoming Competitions.

Overall, coming in a close second place behind the Senior class, the Sophomores proved that when it came to class spirit, they were the best.

Class unity, spirit and pride were very important to them, and they did their best to try and make it happen.

When class president **Deidrey Waltjen** was asked about how she felt towards the Sophomore's second place standing, she enthused, "I didn't think we would rank that high; well we did a really good job!"

A general feeling which circulated throughout the Sophomores, including **April Wright, Kevin Swynstun, Ramona Jones, Ron Kalthoff,** and **Gilfert Jackson,** was that an increase in sprit activities would create an atmosphere in which the entire student body could actively participate. The present level of class spirit, pride, and unity could be raised to a higher momentum.

The year of 1983-84 was a year in which the Sophomores could take pride. They had proved that the Sophomore class was well on its way to the top.

Dating Game Hits Juniors

Many juniors were getting into serious dating this year. No more getting dad to drive you to the movies and escort you and your embarrassed date. Kids, those days are finally over! One junior, by the name of **Corrine De Angelis**, talked about her first date. She was very anxious to go out and wouldn't you know it, he was three hours late. Of course, Corrine was very discouraged, even though they still went out. Corrine's advice to anxious young people is, "do not expect too much from your first date, relax and try to have a good time."

Juniors seem to have a lot to say about the dating game. Learning the tricks of playing "hard to get" and flirting seemed to be high on the list of favorites. Very low on the list was trying to tell someone you are not interested and getting someone who doesn't seem interested to ask you out again. Dating is confusing at first but a great experience in the long run, according to the juniors. That first date might just be a massive disaster, but do not despair; you might just get lucky.

Lori Dow's dirst date took place at a dance. Lori considers herself extremely lucky because even though she stepped on his feet (more than once) while they were dancing, they have been going out steadily since.

Most juniors said they were scared and repeatedly asked themselves the question, "What is going to happen?" Junior, **Mike Huggins** went to the movies, dinner, then back to his house on his first date. Mike thought it was okay to kiss on the first date, as do most all of the other juniors. Mike's advice to newcomers is, "Try not to be nervous."

Overall, most of the juniors all agree that not knowing what to expect and not knowing how to act are among the worst factors involved with your first date. Your first date may be embarrassing, uncomfortable, confusing, and just plain crazy. Here is a helpful comment for you people who are waiting for your first date. **Tammy Hoffman** says, to raise your spirits, "No pain no gain!!"

New Privilege for Juniors

Juniors had a lot on their minds this year. They had many actitivies that they were involved in, including fierce homecoming competition, and their very important PSAT test. But what was on the juniors minds the most? One of the things that was most important to them was getting their license.

Getting their license brought up other problems though. Gasoline prices were at least $1.05, who was going to pay for insurance, and whose car do I get to use, were just a few problem questions that were being asked.

A question others were asking was, "Can the juniors actually handle driving a car?" The answer was yes, sometimes. Except for a few minor incidents, the juniors drove well. It was a new experience for them, being able to get in their car or maybe having to borrow dads, and go wherever they wanted to. More problems? Of course, a new threatening device for parents to use on their eager children.

The juniors soon found out that having a car was a positive step forward though. A car and a license soon meant a brand new meaning to the word "Date." Now they could go out with others without having to find a ride from someone else. Overall the junior class was excited about getting a license and being able to drive.

Jim Jehnings

Left: Junior, **Bill Bailey** gives a reluctant smile. "Next time, let me show my teeth!" he thinks. "And get my profile!

Far Left: Do you like solving the great mysteries of life? **Wendy Hovland** does, here she finds out the number of bites it takes to get to the apple core. **Corinne DeAngeles** helps her keep count.

Above: **Greg Traber** is a Junior who believes in seclusion. "Give me an empty room, and I'll show you excitement." he thinks. "Maybe I should find a hobby!

Middle: **John Gillison** and **Tim Petta** check out their immature friends in total disbelief. John says, "When are you guys going to grow up", to **Matt Johnson** and **Mike Languish.**

Left: Brothers of the body and the soul? **Dondre Bausley** and **Andre Wilson** are both known for their athletic abilities at school. They might be showing off the next time you see them.

Left: **Bill Bailey** and **Michael Landrum** converse. Nearby, Junior, **Steve Young** tries to get an earfull of what might be gossip. "I wonder if it's about me!" he thinks to himself.

Above: "Why couldn't you ask for my class picture?" **Chris Sinfield** wonders. As a Junior, Chris is subjected to hard classes and the PSAT. What a bummer.

Left: It's hard to cheat on the PSAT when you are being watched. Juniors every year have the burden of taking this test. But, it is for their benefit.

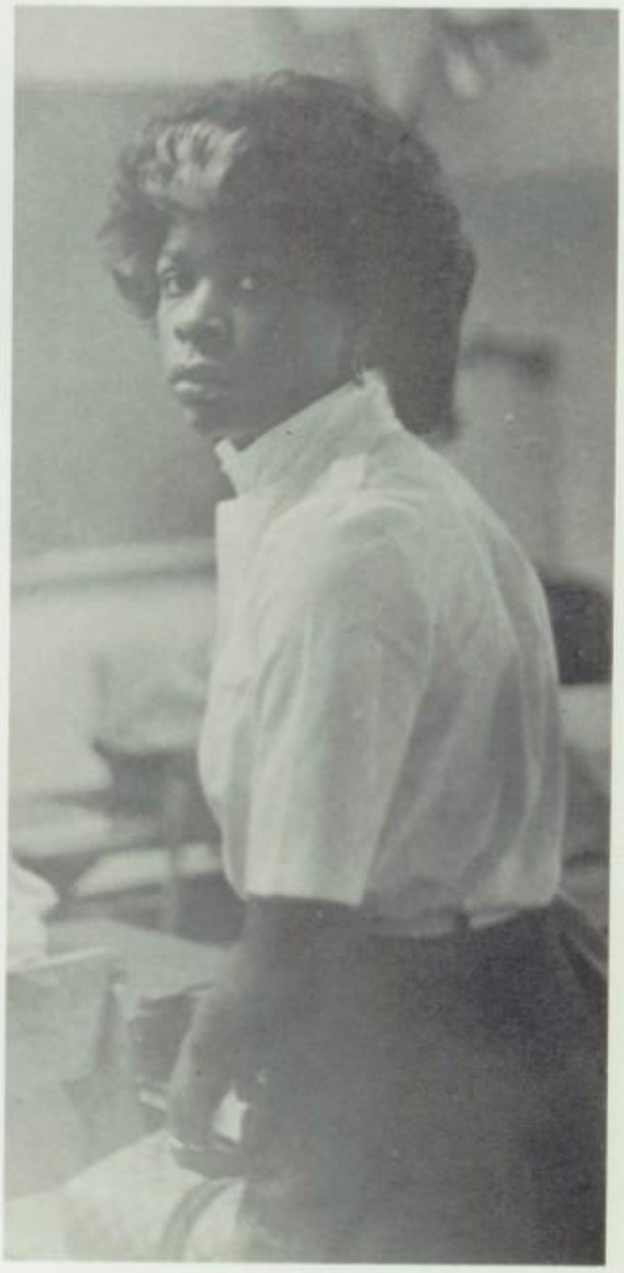
Right: "Did someone call me?" **Valerie Ratzak** questions. At lunchtime, Valerie finds it hard to communicate with someone. Especially when there is activity in the background.

Left: Junior **Stacey Kim** tries to smile away from the camera. "I hope you didn't get me!" she thinks. "I was eating my lunch."

Krystal Whitmore in a state of confusion. "Where is everyone? I though it was second lunch, or is it first? Or maybe I'm just crazy."



Juniors Work on Prom

Prom night is one of the biggest activities for upperclassmen every year. Especially for the junior class, because they are in charge of putting it on. A certain number of juniors are placed in charge of different parts of the prom.

The dance, dinner, and after prom activities are planned by these people.

The students and their dates sometimes spend a lot of money on their outfits and where they go to dinner. And the ones who can afford it, rent a limousine. Some people might want to budget their prom night so they do not spend too much money.

One junior, **Joelle Windust** says that "The prom is very important to me because it is one of very few fun events." **Mike Jordan**, another junior classman says, "It's party time of the year!" The only thing wrong with that statement is that it could get out of hand. But it should be enjoyable.

The dance is organized by juniors for juniors and senior class members. Underclassmen may be invited by upperclassmen. As far as dinner is concerned, that is also up to the junior in charge to decide where and how much.

After-prom is usually a party that someone throws after the activity which make a very long evening.

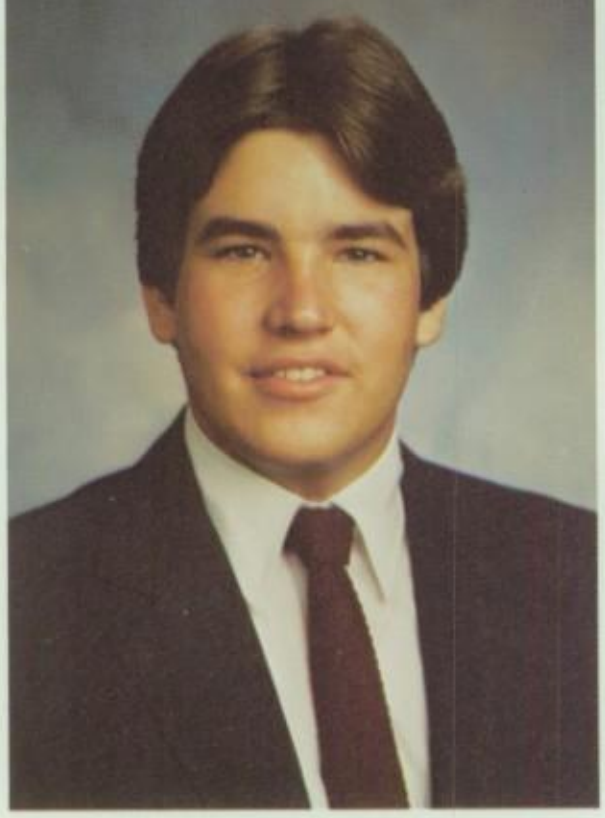
Above: **Ross Lombard** listens for the sounding of the right lunch bell. With the slip schedule getting to the right lunch can be very consuing.
Above Left: Senior, **Rachel Covington,** becomes so enthralled in her novel that she is unable to help with preparations for Homecoming activities.
Above Right: "Now this is the proper technique for dislodging your kite from a telephone wire, Erika. Take Johnny's advice and you should have no problems in the future," explains **John Hoffman** to **Erika Kaestle.** The Seniors at L.H.S. are always pulling together to help each other out.



John
Wordsman

SENIORS

The Seniors had so much on their minds this year it's unbelievable. Not only did they have to keep up their grades, think about graduation, and participate in school activities, but they also had to figure out what they were gong to do with their lives after Lutheran High School.

Of course, that was a question most Seniors had the answer to. Almost all of them had chosen the college they wanted to go to, but many of them were thwarted in their attempt to go to that ideal college. The class of '84 was very motivated. Many of the Seniors had very defined athletic skills which would help them get into the college of their choice. There were also many Seniors who used their scholastic skill to get them to their ideal college. Last, but not least, was the artistically adept few, who would, of course, have to starve until society opened its eyes and smiled down (or up) at them.

All in all, most of the Senior class had some kind of idea about where they wanted to go and what they wanted to do. Cheryl Rogers summed up the situation pretty well when she said, "I want to further my education and mature a little."

Of course, the Seniors won't miss LHS, but you never know . . .

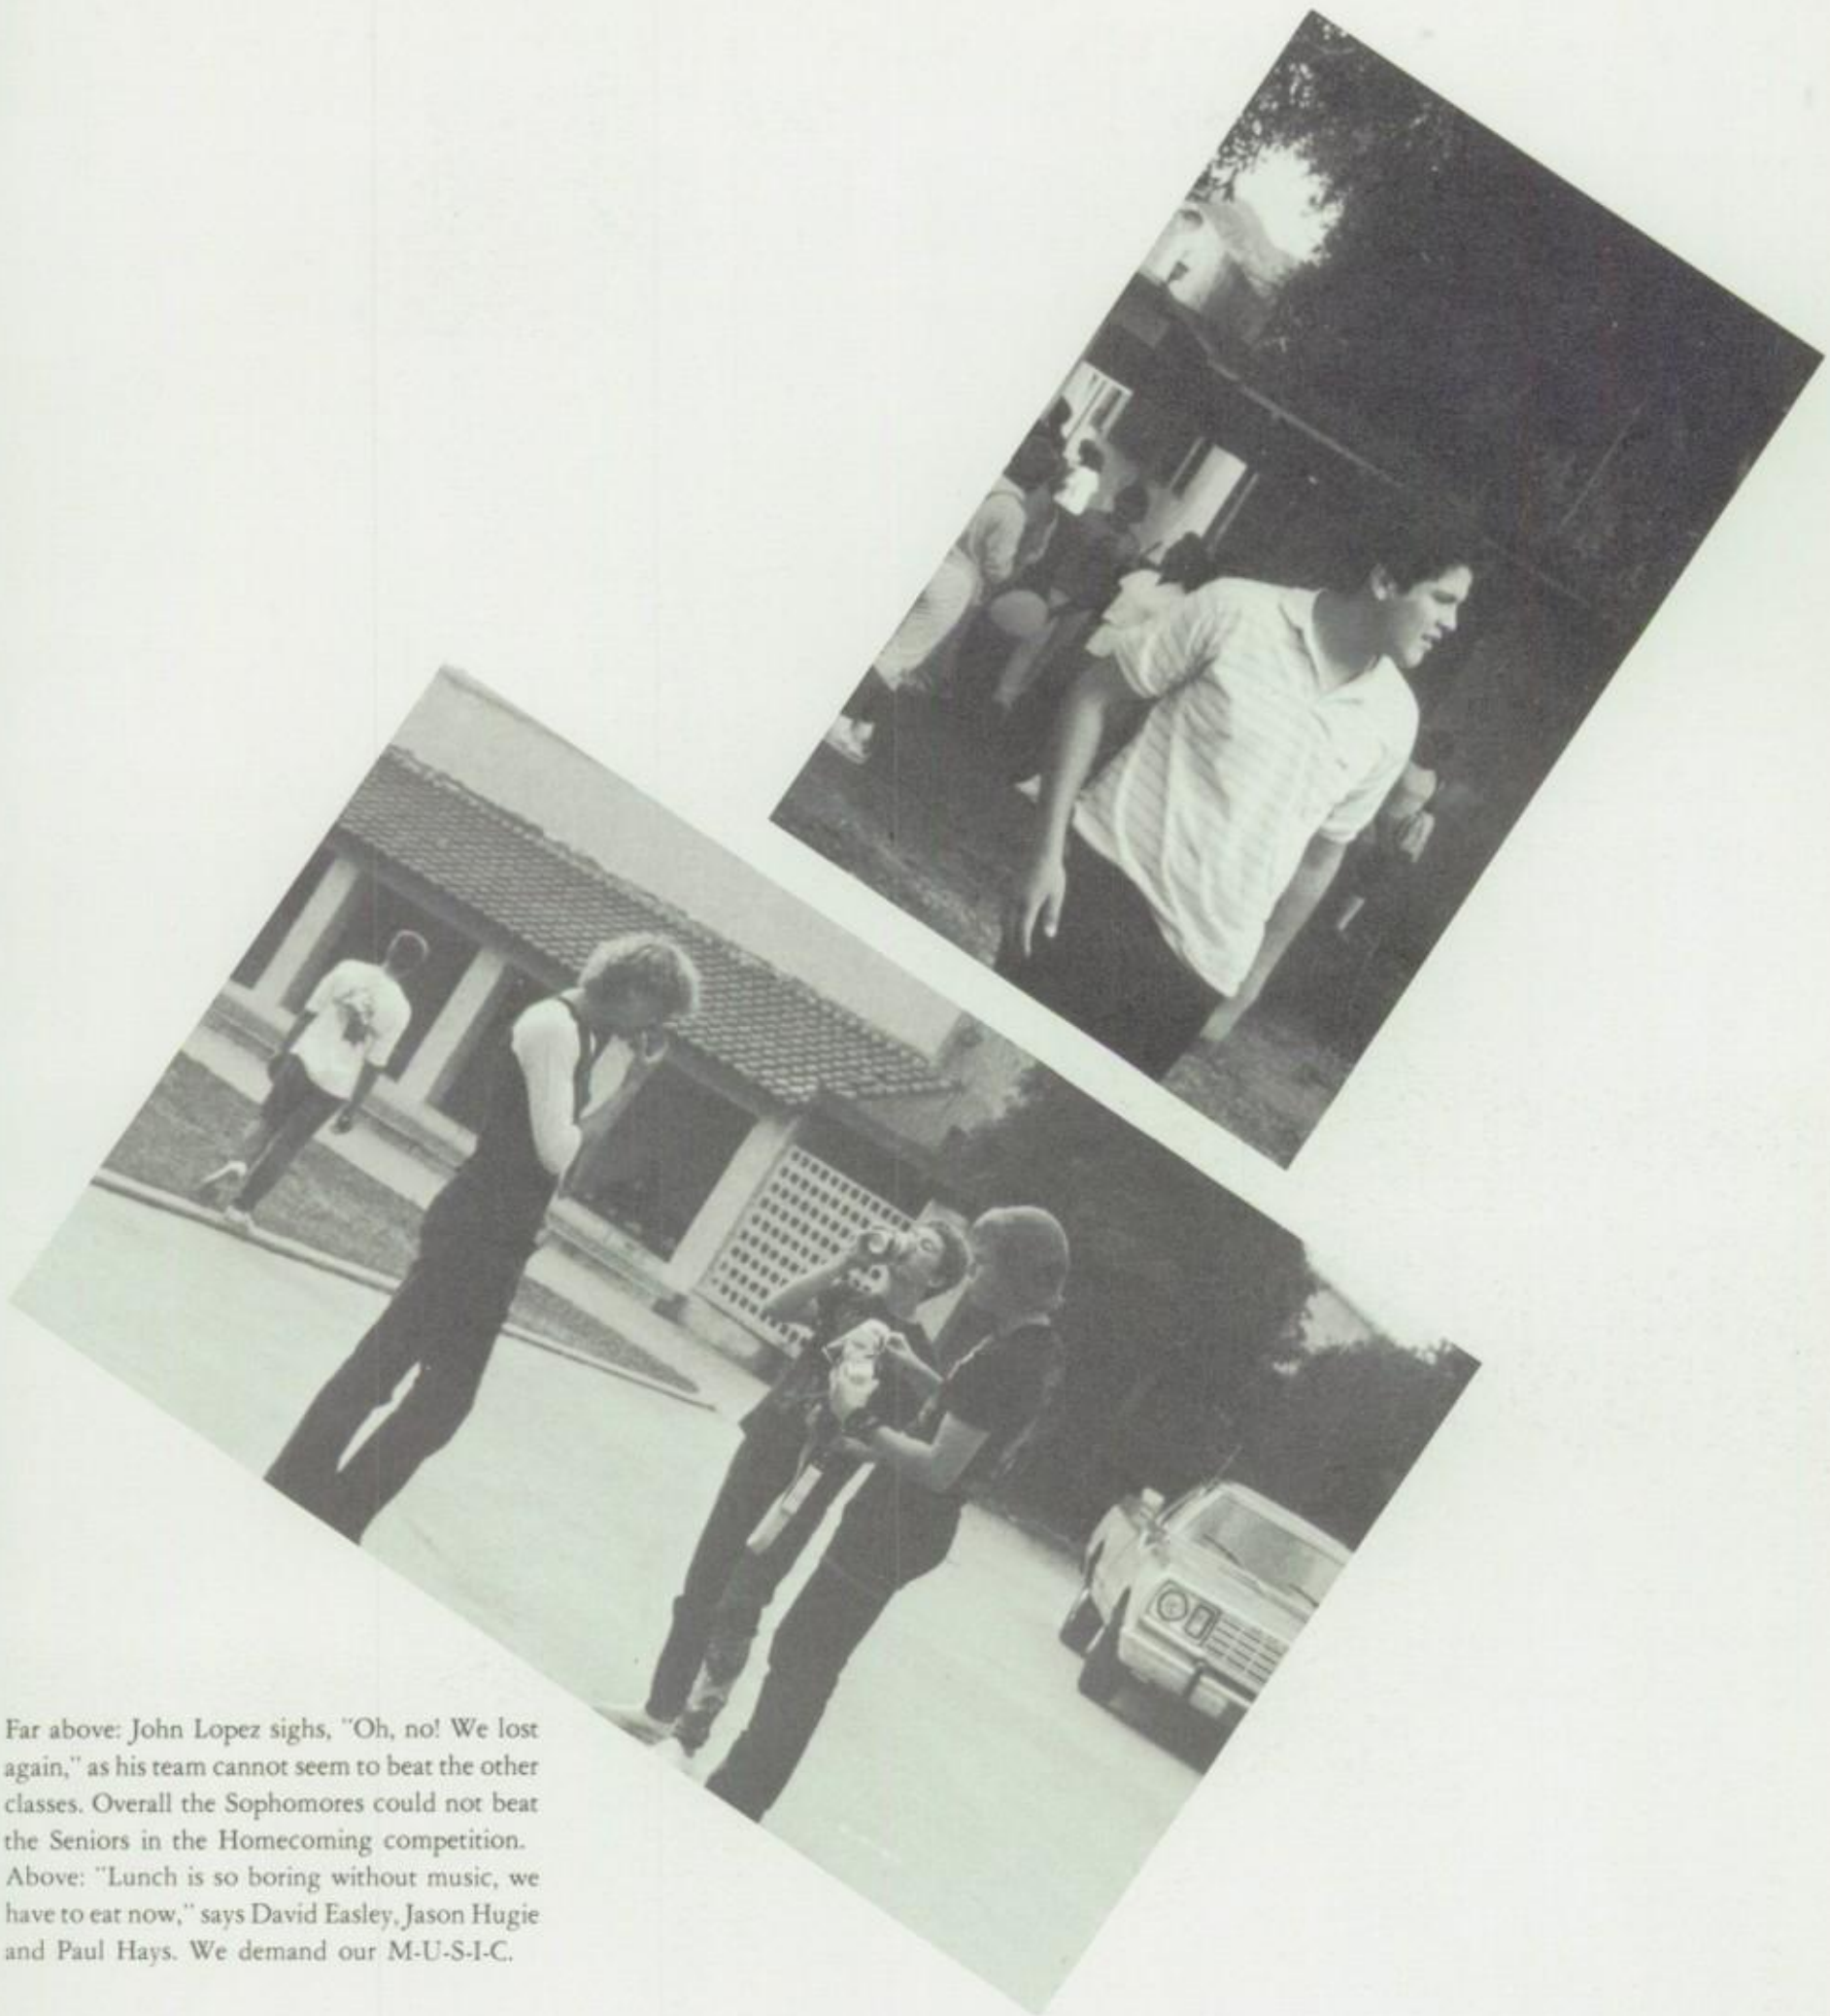
Jim Jehnings

Above: With the invasion of the Junior High School children to the campus, Seniors, **Erika Kaestle** and **Mark Davoub** want to make the boundries of Senior Square perfectly clear.
Above Right: **Rikke Kalthoff** tries her best to keep the latest top secret news from Jenny Hardin and Jenny Maass. Rikke thinks "I know something you don't know, K-Mart is having a giant sale!!!!!!!"

Above: Nathan Miller looks as though he's been had. "O.K. Julius where are the bellies? All I have are the pepper dudes."
Right: Shelly Smith savorers the exquisite taste of the Lion's Den food. Hey Shelly, are you feeling alright.
Middle: Hey guys, where are you going? "Don't go . . . come back," says Mike Winsor. As David Serpa looks on he says, "I'll be your friend!"

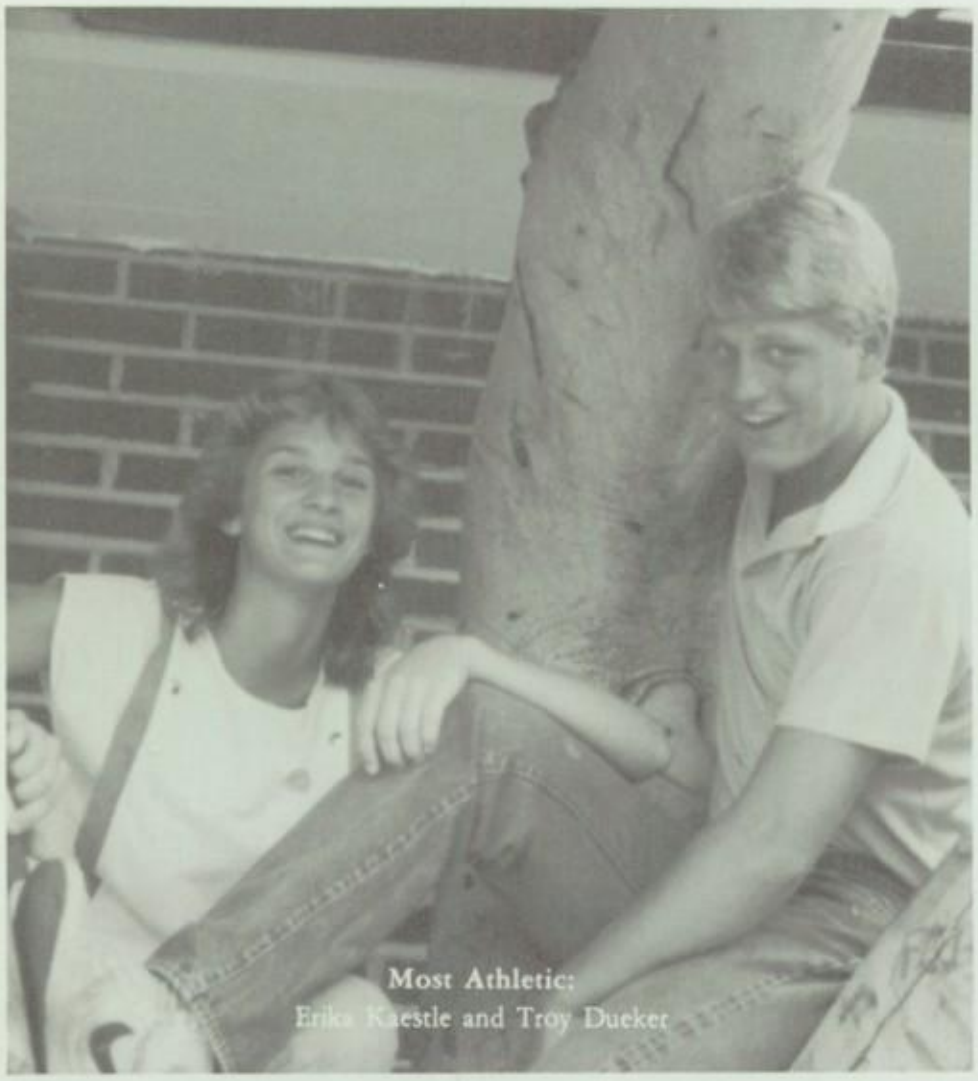
Above: "Allright who took my potato chips?" thinks Cindy Hollingsworth. Little does she know they're still in her bag.
Left: Steve Young and Sean Holmes find time in between vigorous football practices to improve their ever-increasing musical ability.

Above: Lori Dow along with Nia Jackson work together on the Homecoming decorations.
Left: Lays for Days. Chips Are It. Jason Hugie, Christie Hurdey and Jennifer Wagner head for lunch . . . Chips Ahoy!!!
Below: One, two, three, charge it with the big blue and white. John Yurek shows his pride and skill with the horn.



Far above: John Lopez sighs, "Oh, no! We lost again," as his team cannot seem to beat the other classes. Overall the Sophomores could not beat the Seniors in the Homecoming competition. Above: "Lunch is so boring without music, we have to eat now," says David Easley, Jason Hugie and Paul Hays. We demand our M-U-S-I-C.

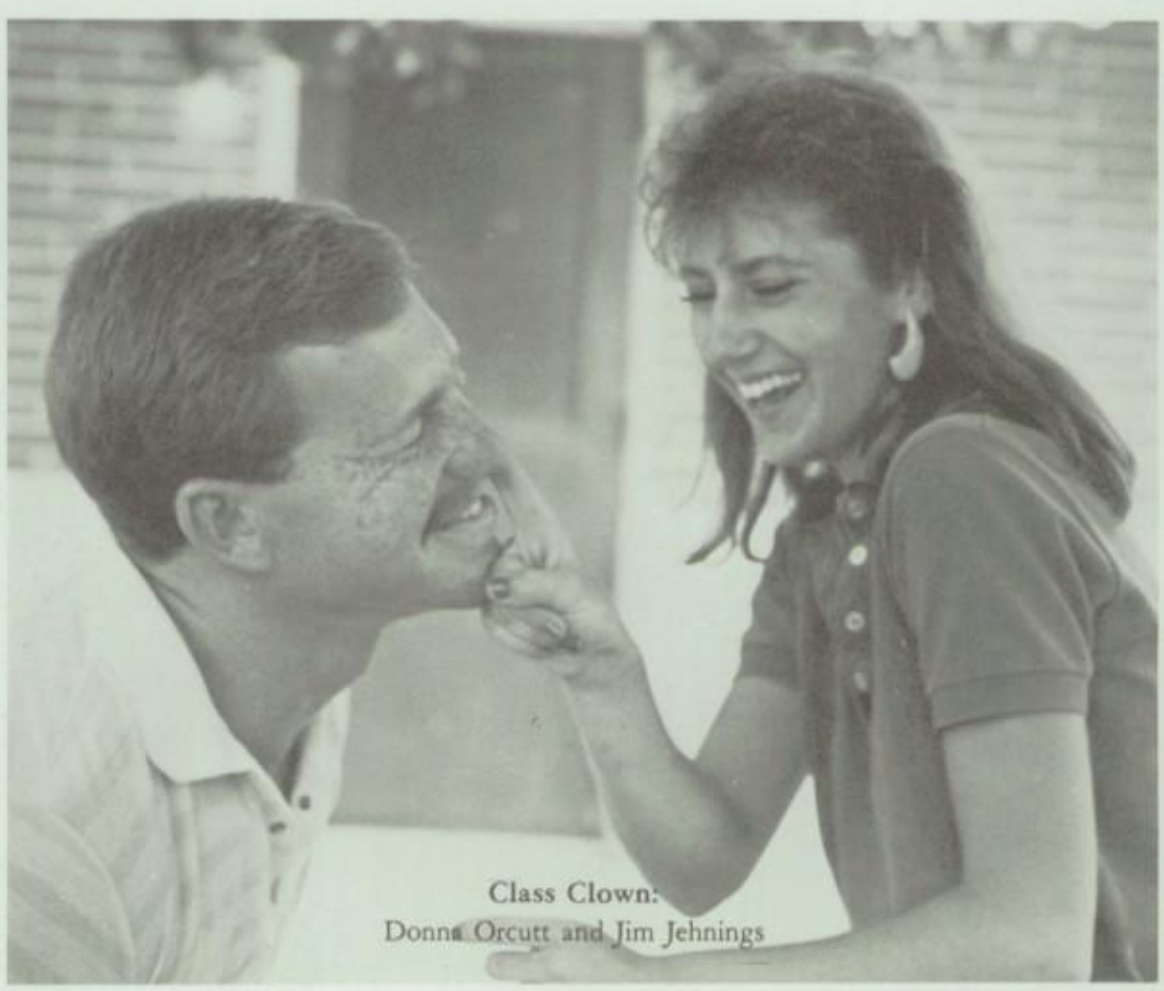
Senior Superlatives



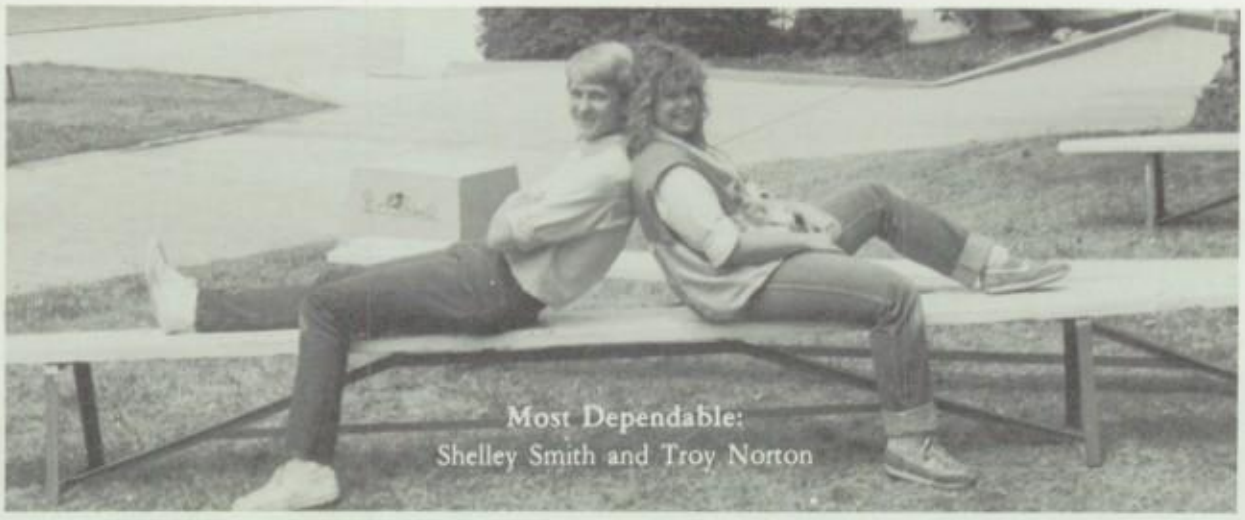
Most Athletic:
Erika Kaestle and Troy Dueker

Most Likely To Succeed:
Linda Hoffman and Jeff Ehrman

Best Legs:
Dawn Baca and Tom Marty



Class Clown:
Donna Orcutt and Jim Jehnings



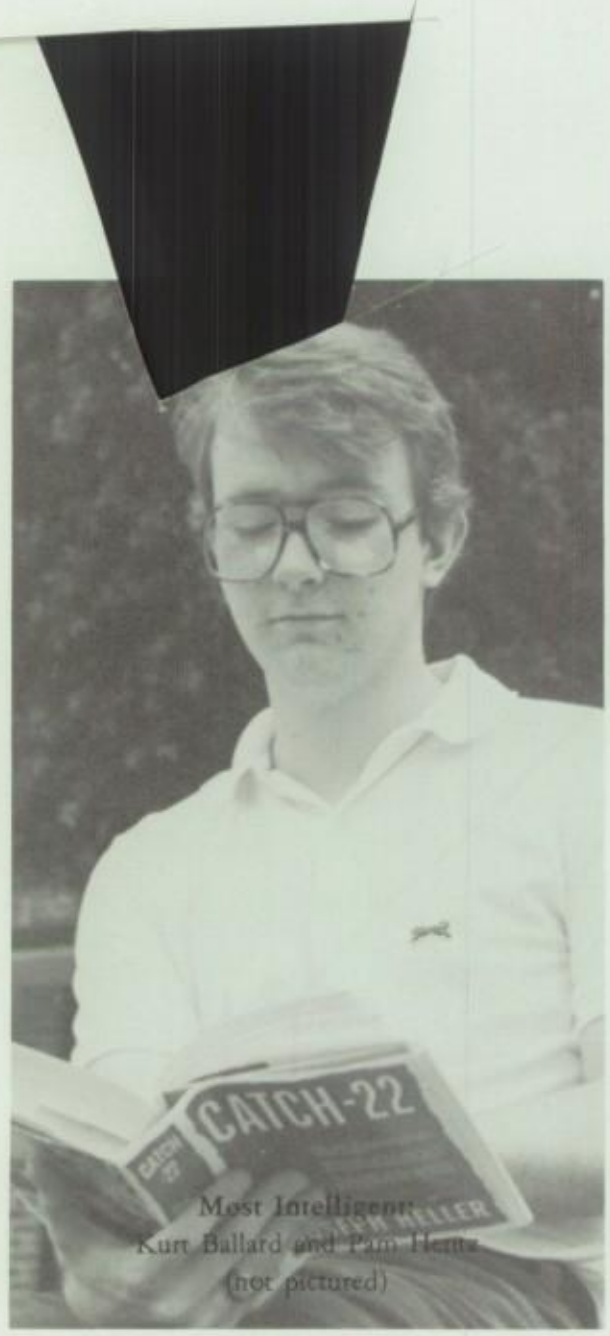
Most Dependable:
Shelley Smith and Troy Norton

Most Courteous:
Mike Berger and Roslyn Boatright

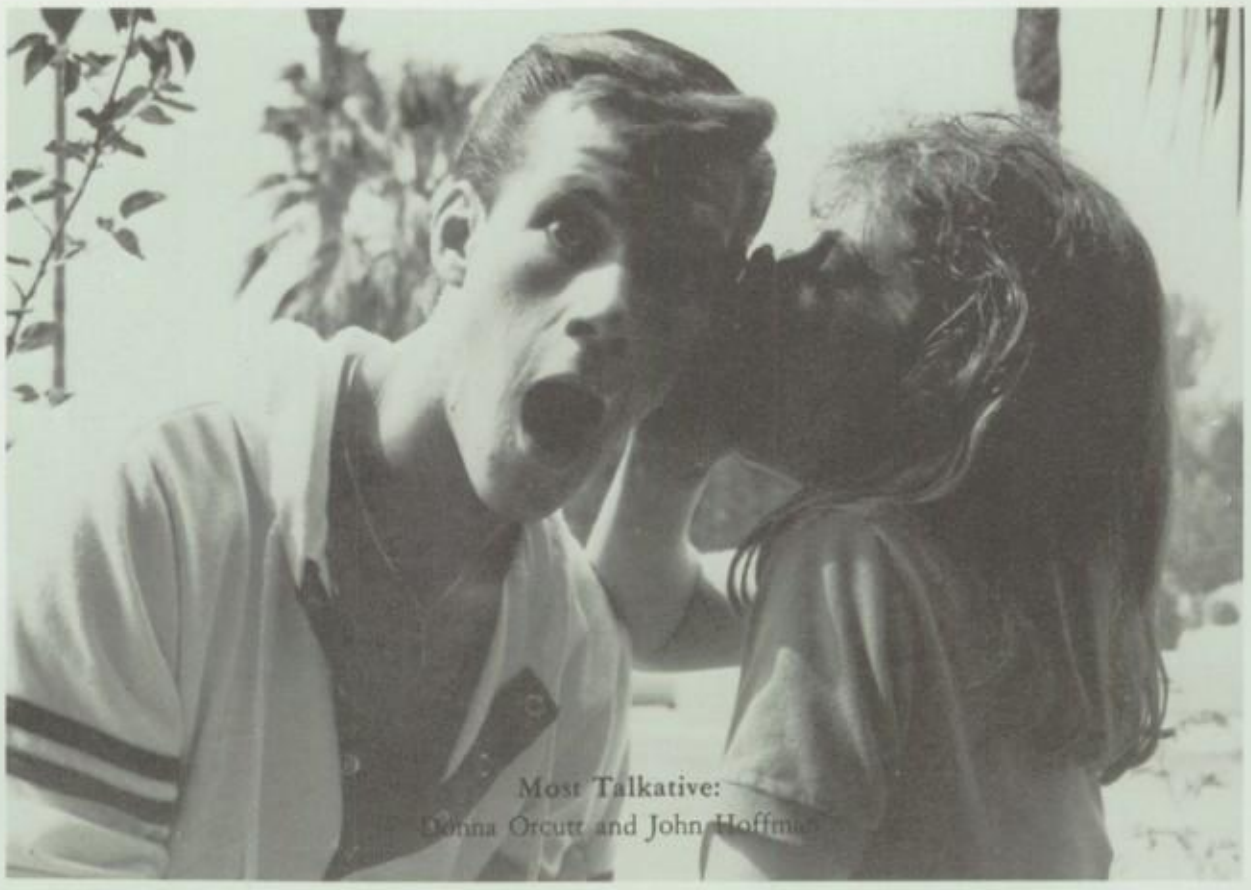
Most Artistic:
Jennifer Hardin, Bill Roberts and Huey Kim

Best Dressed:
Toni Taylor and Scott Barker

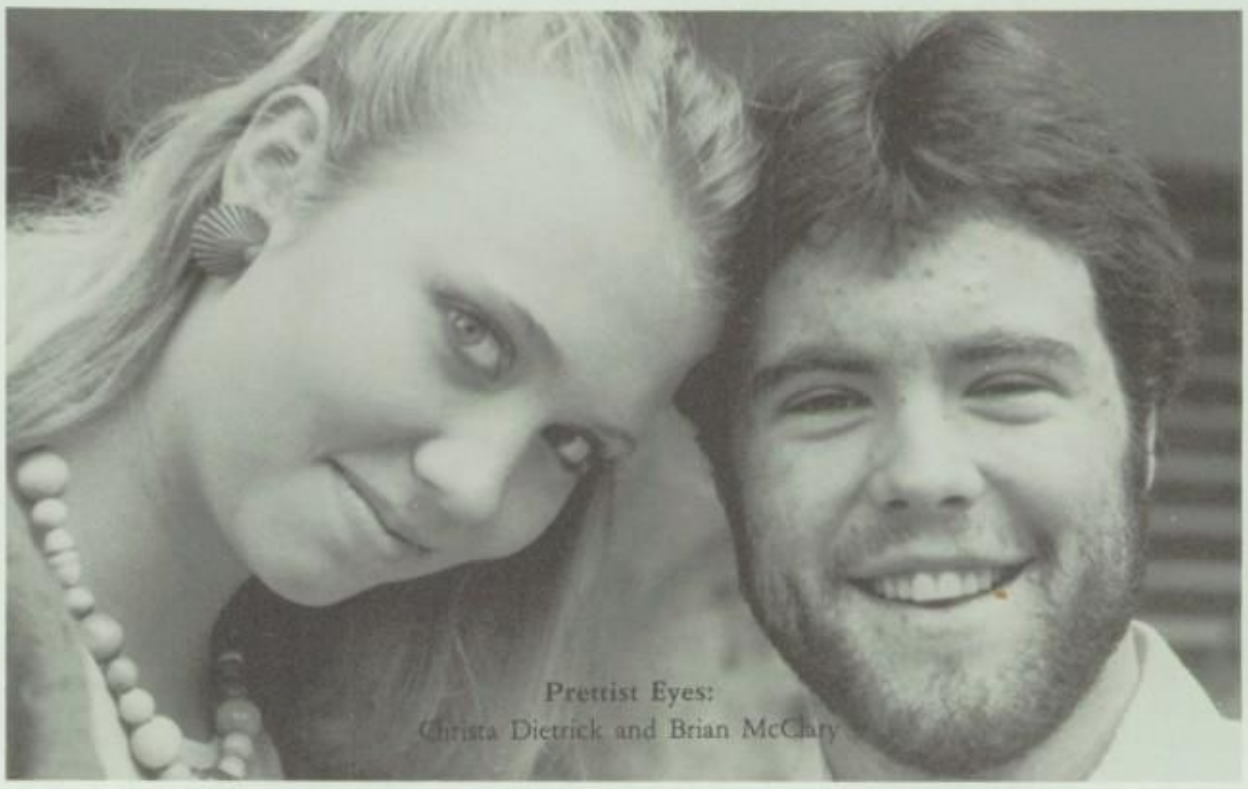
Most Scatter-brained:
Rachel Covington and Steve Jordan



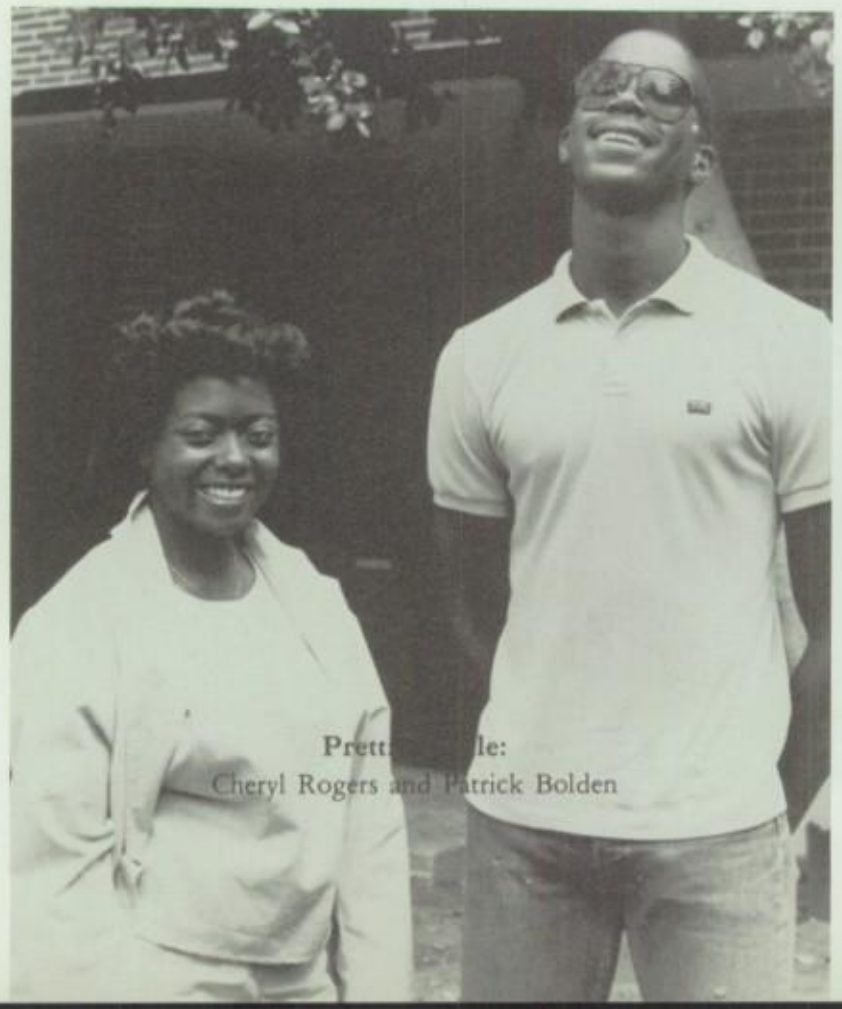
Most Intelligent:
Kurt Ballard and Pam Hentz
(not pictured)



Most Talkative:
Donna Orcutt and John Hoffman



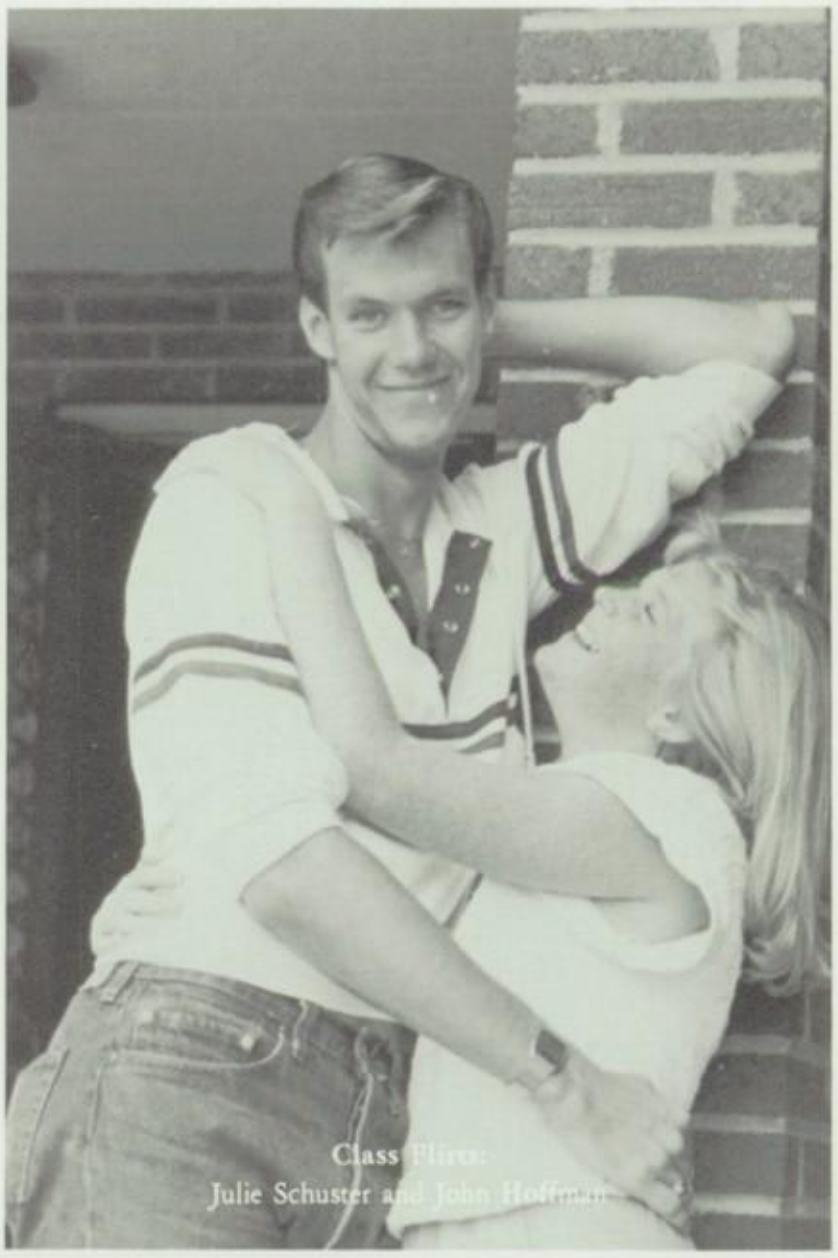
Prettiest Eyes:
Christa Dietrick and Brian McClary



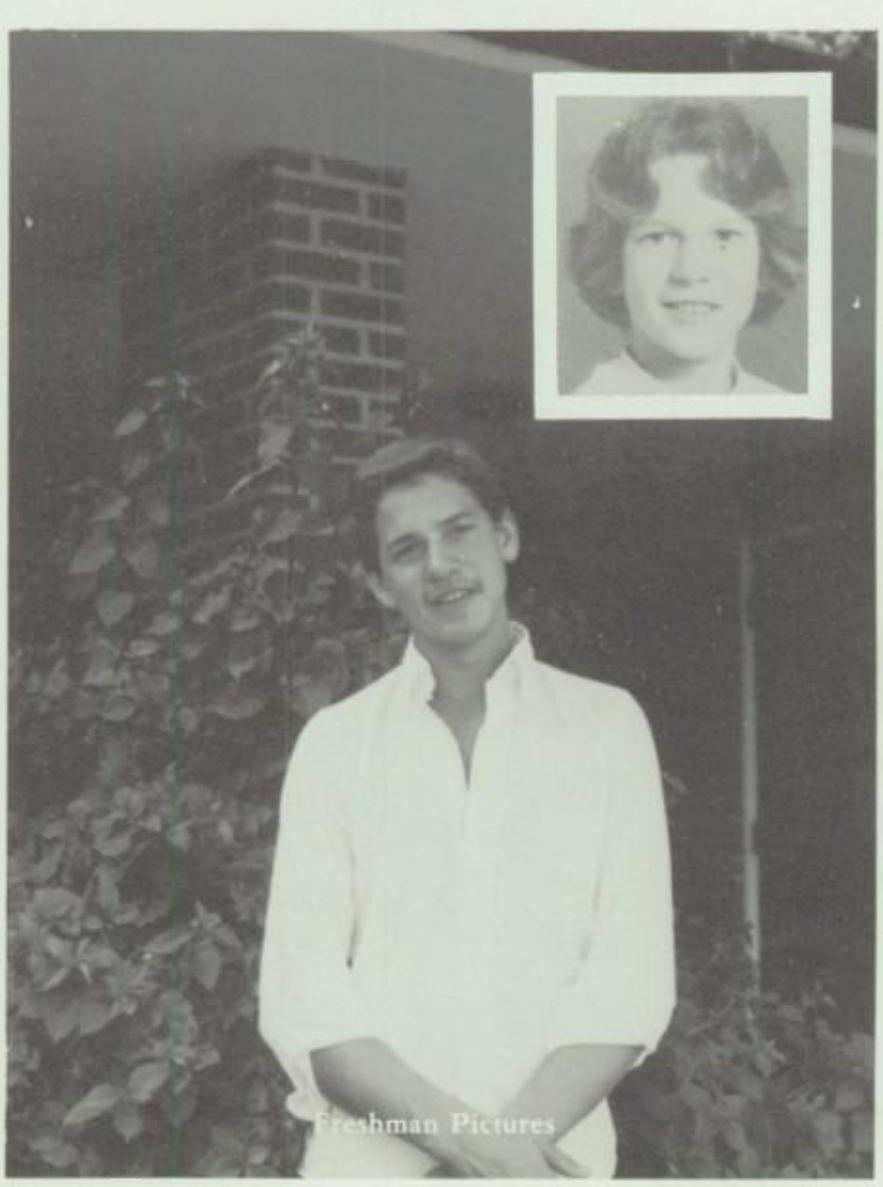
Pretti[illegible]le:
Cheryl Rogers and Patrick Bolden

[illegible]ost Likable:
Kim M[illegible]lis and Erik Dro[illegible]

Most Changed Since Freshman Year:
Donna Orcutt and David Tietjen



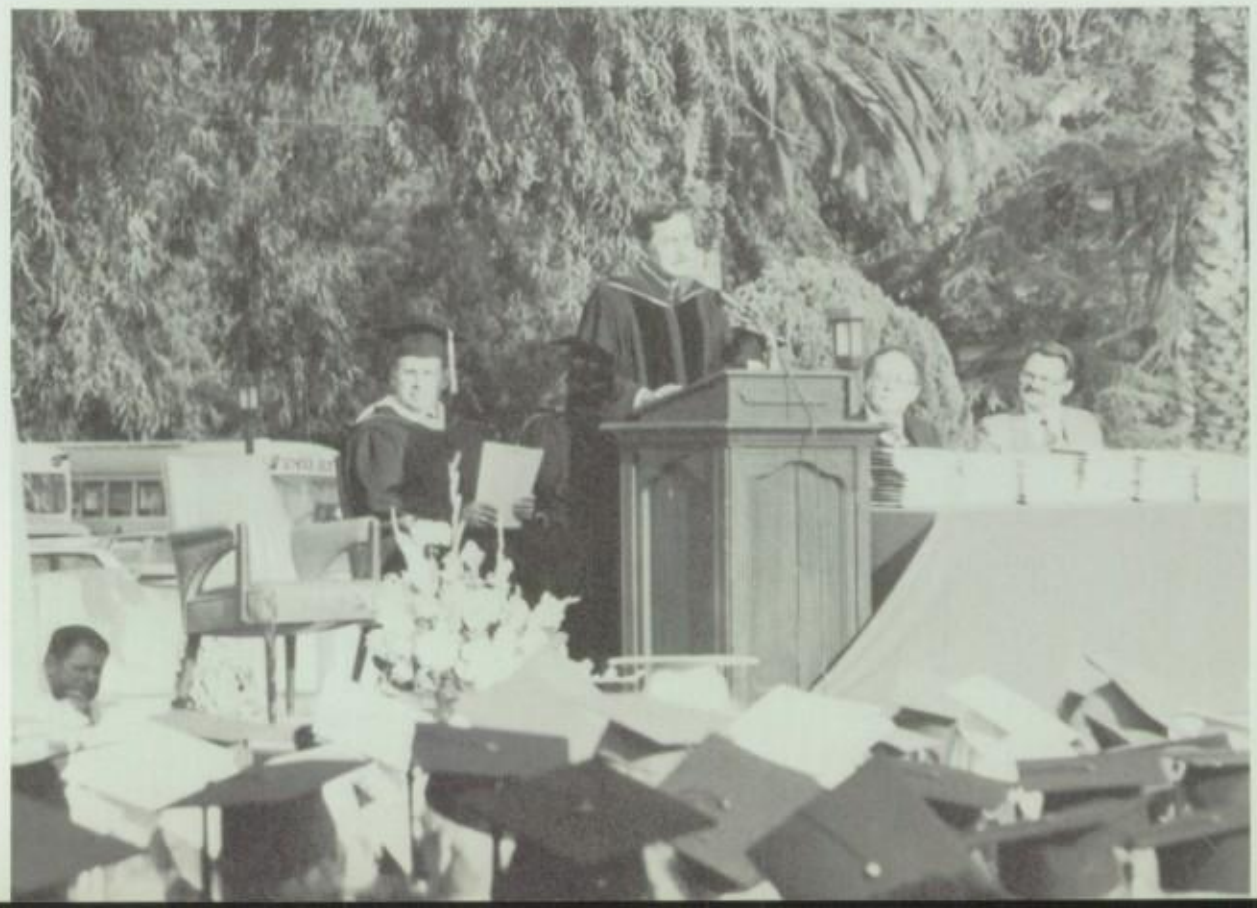
Class Flirts:
Julie Schuster and John Hoffman



Freshman Pictures

Best Body:
Dawn Baca and Jim Jennings

Graduation



Opposite Page: Top: Looks like it's hats off to the Graduating Class of 1984. These seniors are obviously relieved that the year is over.
Middle: "Let us present the Graduating Class of 1984." The class awaits their coveted diplomas.
Bottom: Guest Speaker, Dr. Martin W. Schulz of Christ College Irvine, gives the Graduates a word of advice to carry them through the rest of their lives.

This Page: Above Left: **Erik Drohman,** Valedictorian, thanks those who were so very important to the graduates as **Pam Hentz,** Salutatorian, watches.
Left: **Sean Holmes,** at the request of his classmates sings the blessings. As a result of Sean's talent, he received a standing ovation from his class who enjoyed the gift so much.
Top Right: The receiving of diplomas. **Patrick Bolden** receives his diploma with great enthusiasm.
Above Right: Norman Miller, Principal; Cheryl Rieck, Assistant Principal; Gary Norton, Chairman of the Board of Directors; and Reverend Ed Krueger have the honor of seeing yet another class graduate.

Honors and Awards

Kurt Ballard — Bank of America Award in Social Studies, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, Spanish Honor Society, Dibble Science Scholarship Award, MHS — Lifetime Member.

Scott Barker — Board of Regents Award — Concordia Teachers College at Seward, Nebraska.

Michael Berger — Bank of America Award in Laboratory Science, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, California Scholarship Federation Award at University of Southern California, Clara Schmidt Scholarship Award.

Roslyn Boatwright — Spanish Honor Society.

Patrick Bolden — Spanish Honor Society.

Christa Deitrick — Bank of America Award in Drama.

Erik Drohman — Bank of America Plaque Award in Applied and Fine Arts, Bank of America Award in Liberal Arts, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, LALHS Foreign Language Department Award, French Honor Society, National Honor Society — Lifetime Member, VALEDICTORIAN.

Troy Dueker — Honor Roll Eight Semesters, California Scholarship Federation, Sealbearer, LALHS Physical Education Department Award, Male Athlete of the Year, National Honor Society — Lifetime Member.

Jeffrey Ehrman — Bank of America Award in Computer Studies, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, Spanish Honor Society, National Honor Society — Lifetime Member, California Scholarshi- Federation Award, USC Alumni Scholarship Town and Gown Scholarship, Thomas G. Meyers Scholarship.

Jennifer Hardin — Bank of America Award in Art, Honor Roll Eight Semesters, Spanish Honor Society, National Honor Society — Lifetime Member.

Pamela Hentz — Bank of America Award in Liberal Arts, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, Christ College Irvine President's Scholarship, SALUTATORIAN.

Sean Holmes — Bank of America Award in Music, Spanish Honor Society.

Linda Huffman — Bank of America Award in English, French Honor Society, Dean's Award Mount St. Mary's College, Los Angeles.

Nia Jackson — Female Athlete of the Year.

Matthew Johnson — Bank of America Award in Mathematics, Honor Roll Eight Semesters, California Scholarship Federation Sealbearer.

Erika Kaestle — Honor Roll Eight Semesters, National Honor Society — Lifetime Member, Clara Schmidt Scholarship Award.

Ann Lovell — Spanish Honor Society.

Thomas Marty — Bank of America Award in Business, Honor Roll Eight Semesters.

Kimberly Michaelis — National Honor Society — Lifetime Member.

Perry Miller — National Honor Society — Lifetime Member.

Troy Norton — National Honor Society — Lifetime Member.

Marianita Paras — Honor Roll Eight Semesters.

Cynthia Scott — Spanish Honor Society.

Susan Sinfield — Honor Roll Eight Semesters, National Honor Society — Lifetime Member, Whittier College Scholarship.

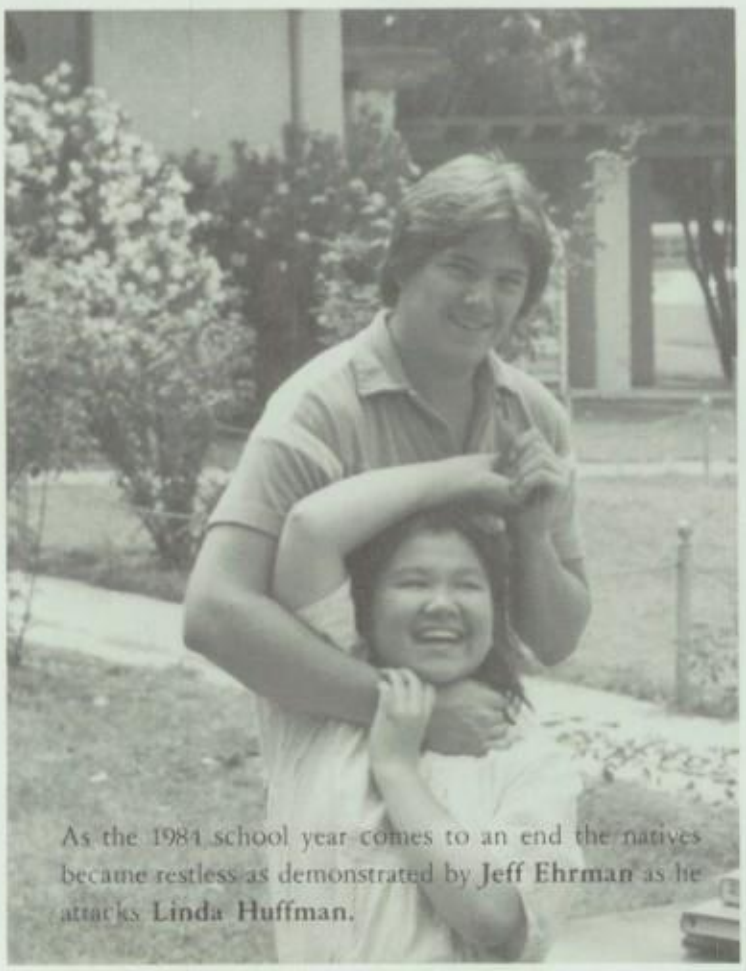
Shelly Smith — LALHS Religion Department Award.

Toni Taylor — Spanish Honor Society.

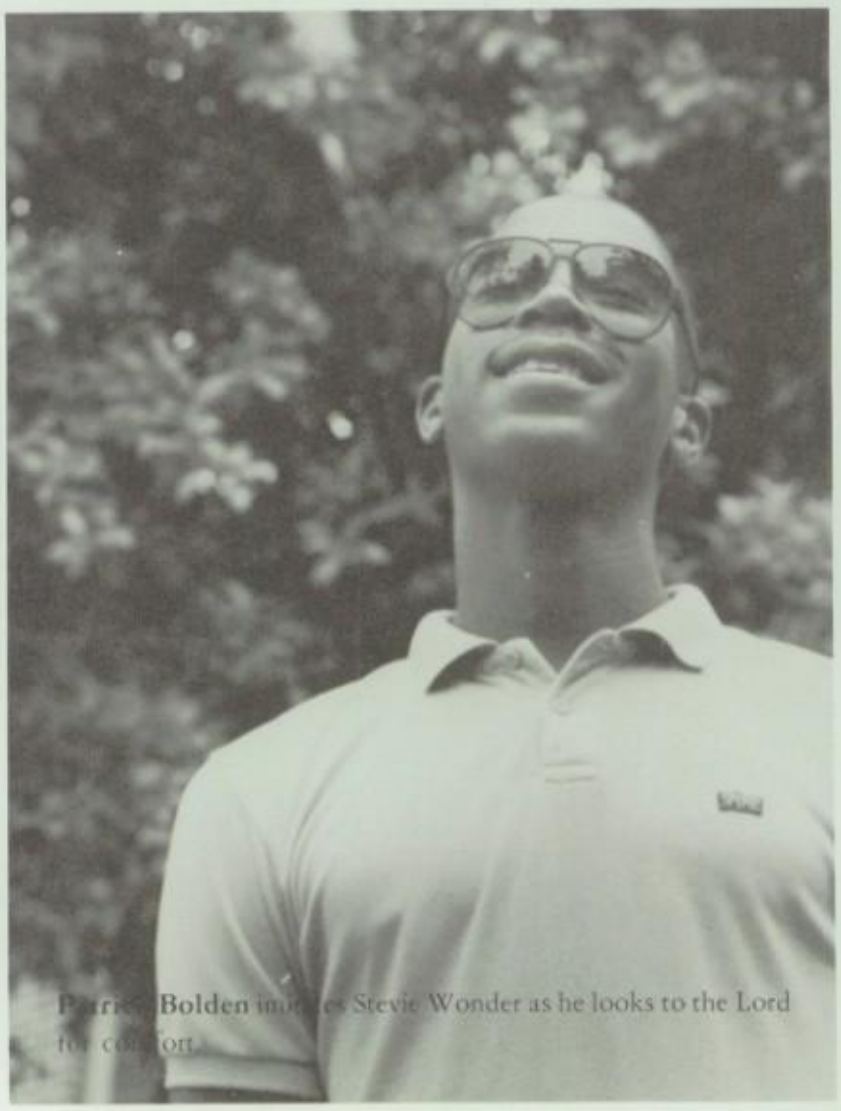
David Tietjen — Honor Roll Eight Semesters, California Scholarship Federation Sealbearer, Spanish Honor Society.

Tracey Tivald — Spanish Honor Society.

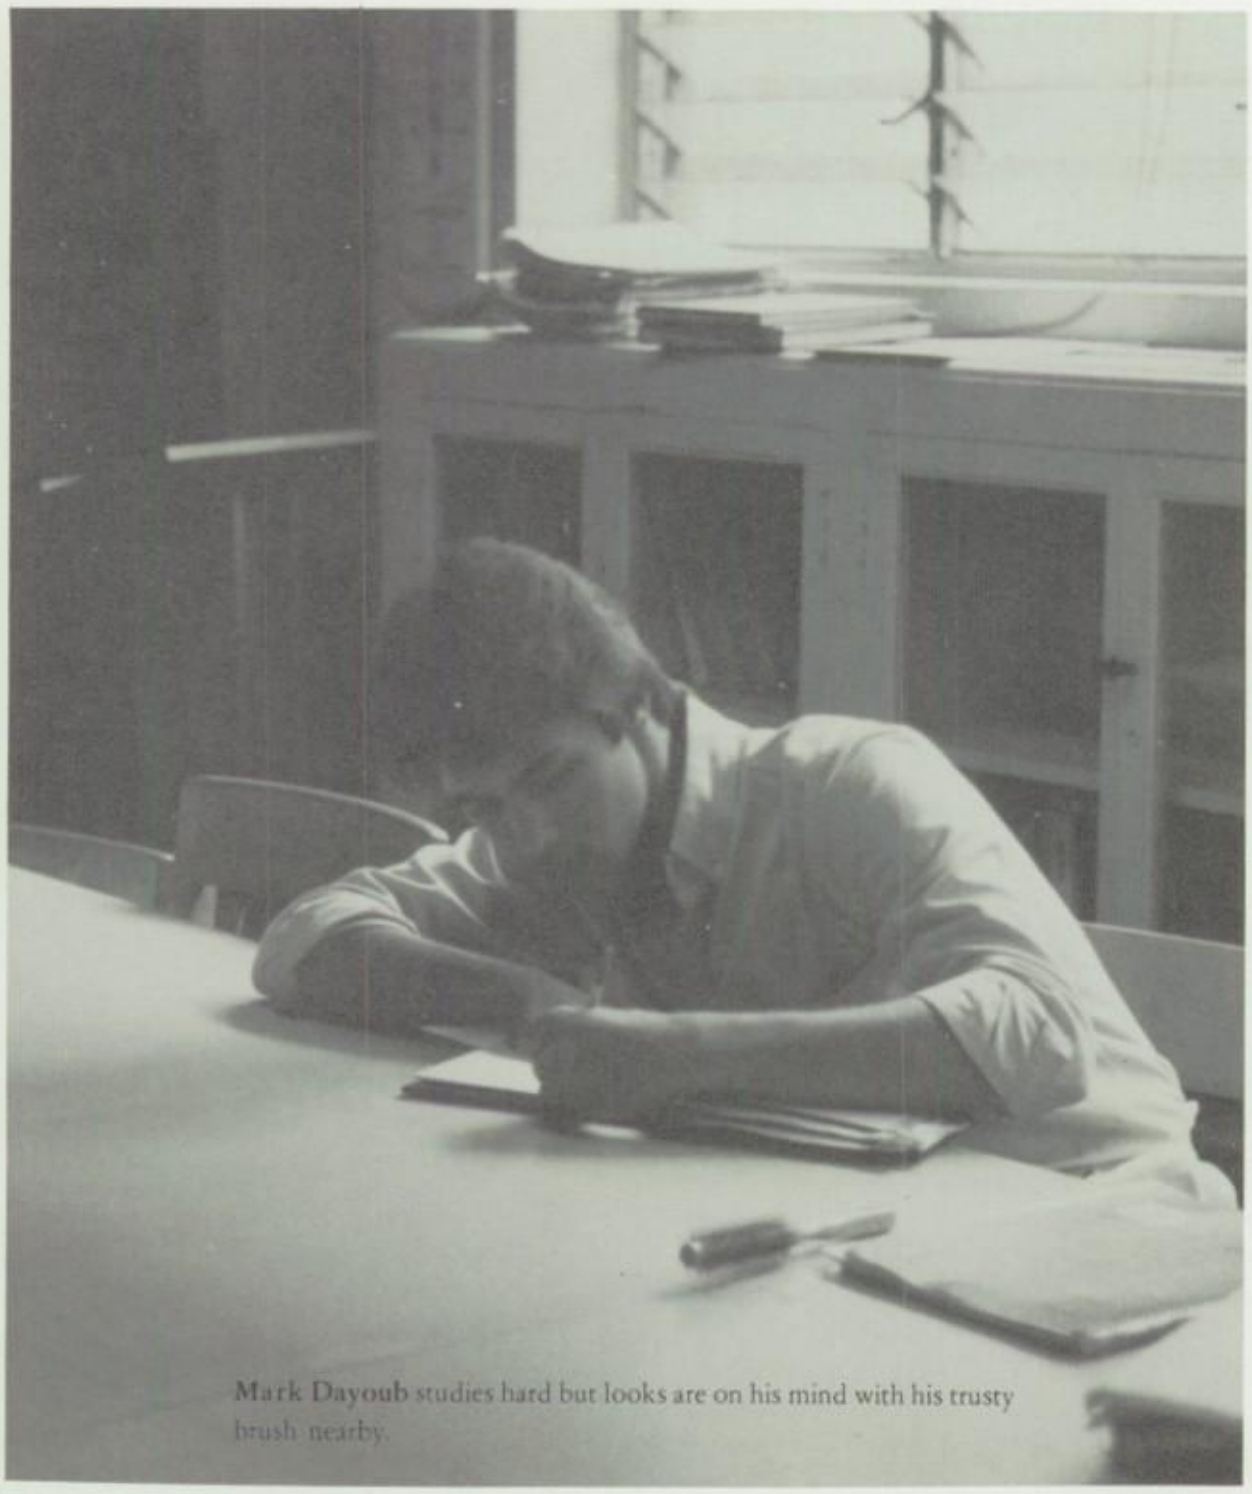
"Hey don't interupt me while I'm talking" exclaims Jim Jennings as he explains to **Donna Orcutt** the reasons why he loves himself so much. Donna is obviously amused.



As the 1984 school year comes to an end the natives became restless as demonstrated by **Jeff Ehrman** as he attacks **Linda Huffman.**



Patrick Bolden imitates Stevie Wonder as he looks to the Lord for comfort.



Mark Dayoub studies hard but looks are on his mind with his trusty brush nearby.

Talented **Steve Young** displays his musical talents.

CLOSING

Remember when you walked into your class, seeing a new teacher for the first time, debating whether you were in the right class? Remember when . . . you were so embarassed when you went to first lunch and found out you actually had second? Remember when . . . you first saw the Junior High kids wandering around, looking totally lost, and wished things did not have to change? Well, a lot of students had these problems during the first weeks of school. But eventually everybody became used to it . . .

Remember when . . . students dressed up for "Foreign Fan Day" during Homecoming? The sheiks and typical tourist with bright, clashing clothes, Mickey Mouse ears, and cameras hanging around their necks. Remember the Homecoming football game, when the Lions crushed Montclair Prep.?

Remember when the Varsity Volleyball team went to the playoffs? And how disappointed everyone was when they did not go on to C.I.F., only losing by one game . . .

Remember when the Varsity Football team went to the C.I.F. playoffs? Everyone was so excited, but the excitement turned to disappointment when we lost.

Remember when . . .

To Our Very Special Daughter
Sheree

You've come a long way in your two years at L.A. Lutheran since your days at North Hollywood High. May your future hold lots of Love, Happiness, and Success, for you deserve it.

WE LOVE YOU!

Dad, Karen, Ming and Miki

Congratulations Shelly Lyn!

If you want badly enough to obtain a thing, you usually do it very well; and a thing well done as society is organized usually works out to the benefit of others as well as yourself. This applies to sport, friendships, business, and art; to foo-ball, chain store management, loyalty, and the sonnet.

CONGRATULATIONS TO OUR DAUGHTER
JENNY HARDIN AND THE CLASS OF 84

A daughter brings sunshine to brighten your days.
With a magic that's found in her warm loving ways.
A daughter brings beauty and grace to a home.
With a wonderful charm that is hers all alone.
Her smile has the magic of flowers in bloom.
Her laughter brings gladness and warmth to a room.
The sweet things she's done and the nice things she's said.
And memories to cherish throughout years ahead.
A daughters a blessing that comes from above —
She's a wonderful magical treasure to love.

Love and God bless
Mom, Dad, Kathy, Bumper and Murphy too!

Congratulations to Scott Barker
and the Class of 1984!!!

Your on your way!
May the Future hold your desire!

We are so very proud of you.

Wordsman, John: 10, 78, 140

Thanks to All

To the Yearbook Staff — Looks like we made it. I bet you never thought you would see this. Well here it is.

There are so many people that without their help, understanding and long hours none of this would have ever been possible. I would first like to thank the Yearbook Staff in general, a job well done! I also want to thank the editors; Donna Orcutt, Kim Michaelis, Shelly Smith, Jennifer Maass, John Wordsman, and Lois Schweigert. Without their hard work and time none of this would have been possible.

I would like to thank our yearbook representative Kammie Krislock who stuck with us through thick and thin, good and bad. Through her help, understanding and firm hand we all managed to make this dream of a yearbook a reality. THANKS!

There is also Steve Dawson and all our friends at Dunlap Turney Photography Studio who were always there to print the pictures we needed. Thank you so much!!

I also wish to thank Mr. Jeff Craig who took over as our advisor in the middle of the year. Thank you for letting us finish what we started and always helping in every way. (GOOD LUCK next year!!)

The people I wish to thank most are first my family for putting up with me, especially around deadline time! I remember many times when I was ready to give up but my mother was there to help push me along. THANKS A LOT!!! Secondly I want to thank Miss Lisa Bednar who was our advisor in the beginning. She allowed us to truly make this OUR yearbook. She encouraged each one of us to use our talents as well as helping us find some hidden talents we had. She was always there to help and was so open to new ideas. Without you Miss Bednar I never would have made it. Thanks for all your help, time, creativity, keeping sanity at deadlines and most of all thank you for your loving support. I hope you like the finished product that you started with us and we finished for you. (We all love you.)

So, as I was saying, thank you everyone who played even the smallest part in the production of this yearbook — every little bit does count — and looks like we made it!!!

Jennifer Hardin
Editor-and-Chief

I LOVE:

CHRIS

SINFIELD
